

A Man Like None Other

Novel Chapter 3206

Chapter 3206

"Is that what you just said, are you all the parents of our Juman Palace?"

The young man looked at David coldly and asked!

"That's right. If we don't build the teleportation array and don't pay for this spiritual coin, will you Juman Palace go drink the northwest wind?" "You should treat your

parents as you treat your parents. If you have a good attitude, maybe I can reward you with some money."

David couldn't stand the young man's arrogant and coaxing look, so he said disdainfully!

The young man's eyes narrowed, and there was anger in his eyes!

"You are so brave. You dare to talk to our young palace master like this. I think you don't want to live anymore..."

When a Juman Palace disciple saw this, he was about to attack David!

However, he was directly stopped by the young man, and then sneered: "Since you said so, then I will be nicer to you parents who live and feed you." After the young man finished speaking, he looked at the

many monks around him and said, "Because there are too many people, The transportation capacity of the teleportation array is limited, so I, the Juman

Palace, decided to increase the price of teleportation. No one needs to pay one million spiritual coins." As soon as the

young man said this, there was a commotion!

"It's too arrogant. We've been waiting for three days. Just raise the price if you say it will." "Do you

still treat us as human beings? You Juman Palace have gone too far." "

If you dare to raise the price, then we Just fight..."

Many monks shouted loudly!

But not every monk is particularly rich. Many monks don't have the money to sit in the teleportation array, so they walk to Tianmo Mountain on their legs!

A sudden price increase of one million now will make it impossible for many people to take the teleportation array!

Facing everyone's opposition, the young man didn't seem to be worried at all, but said with a sneer: "If you don't like the high price, you don't have to use this teleportation array, and you can work hard, but without our Giant Barbarian Palace, who Don't even think about activating the teleportation array."

After finishing speaking, the young man looked at David and said, "Look at my attitude towards my parents who eat and drink."

Now, no one dared to shout, if the teleportation array does not activate, they People waste their time in vain!

In the end, many people sighed helplessly and started to pay again!

There is really no way, who allows Juman Palace to activate the teleportation array!

"You are raising prices on the ground, you are so inhumane..."

Huofeng couldn't stand it and shouted at the young man!

"I don't like it, you don't have to sit down, but if you can stay with me for a night, beautiful girl, I can waive the fee for you." The young man had a smirk on his face, and

even reached out to touch Huofeng's face!

Huo Feng was furious and slapped the young man directly, then stepped back!

This young man's strength is obviously not low, Huo Feng is no match at all!

After being slapped by Huofeng, the young man was not angry at all, instead he touched the part that was slapped by Huofeng with his hands, and said intoxicatedly: "Beauty's hands are so fragrant, even my face smells delicious ."

The people in Juman Palace are already practicing physical training, and they have rough skin and thick flesh. Fire Phoenix's slap might not even be considered as tickling the opponent!

Seeing the young man like that, Huo Feng's face turned red with anger, but she was not strong enough and there was nothing she could do!

David looked at the young man coldly, and his eyes began to burst with cold murderous intent.

But facing David's cold eyes, the young man didn't care at all!

Just when David slightly clenched his fists and was about to take action, there was a sudden commotion behind him.

"Get out of the way, get out of the way quickly..."

Dozens of giants more than three meters tall drove many monks to one side and opened up a spacious road!

An old man with a height of more than two meters, accompanied by a middle-aged man of normal height, walked towards this side!

"Jing Yun, I asked you to come here early to rectify the order. Look at the mess, what are you doing?"

the old man shouted dissatisfiedly at the young man!

Chapter 3207

"Dad, I came here to straighten things out, but some people are making trouble. Now I've increased the price by one million, and they're all honest."

The young man hurriedly walked towards the old man!

The old man just glared at the young man, and then said apologetically to the middle-aged man next to him: "Mr. Ji is laughing, my son is too naughty and can't do anything." "Palace

Master Qin is serious, Mr. Qin is young. You are young, you have broken through to the realm of transcending tribulation by relying on magical skills and secret techniques, you are definitely a genius among geniuses."

The middle-aged man praised Qin Jingyun, which made Qin Jingyun very happy!

"Mr. Ji, please stop praising him, otherwise he will drift away." Palace Master Qin smiled faintly, and then continued: "In three days, I will take people there on time, and I hope Mr. Ji will be prepared. "

Definitely, I hope we can have a happy cooperation this time."

The middle-aged man shook hands with Palace Master Qin.

Soon the middle-aged man walked into the teleportation array, and the people in Juman Palace began to prepare to activate the teleportation array!

Obviously, everyone has been waiting for so many days, but the teleportation array has not been activated. They are obviously waiting for this middle-aged man!

"Let's go..." Palace Master Qin saw the middle-aged man entering the teleportation array, so he asked Qin Jingyun to leave!

Qin Jingyun gave David and the others a cold look, and then told the two Juman Palace disciples guarding the passage: "Let them make up the money. If they don't make up the money, they are not allowed to go in..." After that

, Qin Jingyun proudly followed his father and left!

Seeing the teleportation array activated, the monks who had paid for it began to enter the teleportation array one after another. There were also some monks who really couldn't afford the money, pacing back and forth anxiously!

"Mr. Chen, I'm going to make up the money..."

After Ji Yun finished speaking, he went to make up the money. Several million is nothing to Ji Yun!

After making up the money, David and the three of them walked into the teleportation array!

Just after David and the others entered the teleportation array, David always felt a pair of eyes looking at him!

When David turned around to look, he found that the gaze staring at him disappeared again!

"Mr. Chen, what's the matter?"

Ji Yun asked!

"It's okay, I always feel like someone is staring at us!" David said with a slight frown!

"Someone is staring at us, don't I feel it?"

When Huofeng heard this, he immediately looked around and found nothing strange!

Soon, the teleportation array was filled with people, and the passage into the teleportation array was slowly closed!

"Everyone, get ready. The teleportation array will be activated immediately. When the teleportation array is activated, do not emit your spiritual consciousness, otherwise you will be responsible for all the consequences." A disciple from the Juman

Palace said loudly, and everyone felt the pressure under their feet. The teleportation array began to rotate slowly!

Rays of light emanated from the teleportation array, enveloping everyone!

The teleportation array rotated faster and faster, and everyone felt a flash of white light in front of their eyes!

At that moment, everyone's consciousness seemed to freeze, and they all looked like dead people!

But after David's flash of white light, a ray of spiritual consciousness emitted.

David really wanted to understand how this huge teleportation array was deployed!

Although David's current magic skills have not reached the peak level and there is no way to set up such a huge teleportation array, if he understands the layout of the teleportation array, David can definitely set up a small teleportation array by himself!

In that case, it will be much more convenient for David to go where he wants to go!

But just as a ray of David's consciousness left his body, David's whole body seemed to be trapped in a huge whirlpool!

He felt that the soul of his body was being pulled out of his body by a huge suction force!

David was a little panicked at this time, desperately trying to calm down his consciousness!

"Mr. Chen, help, help..."

Zhe Yan desperately called for help in David's sea of consciousness!

Chapter 3208

David's sea of consciousness at this moment seemed to have encountered a hurricane, causing turbulent waves!

Above David's head, a white light continued to emerge!

Immediately afterwards, David felt like he was in a white illusion!

But when David looked around, he found that the surroundings were all motionless monks, including Huofeng and Ji Yun!

David looked to the side and was instantly startled!

Because he saw that his eyes were slightly closed, standing motionless, like a sculpture!

“What’s going on? I...am I a spirit body now?”

David quickly looked at himself and frowned!

It turned out that the soul in his body was pulled out by the huge suction force!

David was a little scared at this moment and desperately wanted to rush back into his body, but no matter how hard he tried, it was of no use!

“Damn, curiosity killed the cat...”

If David knew this, he wouldn’t have sent out that ray of divine consciousness to explore!

Now my whole soul is being pulled out of my body!

If we can’t go back, we’ll be in big trouble!

Just when David was at a loss and didn’t know what to do, a picture slowly appeared in the white illusion!

I saw an old man with a whisk and a white beard, using a broken charred branch to draw something on the ground!

David looked closely and found that what the old man had drawn with tree branches was exactly the teleportation array they were sitting on!

There was a bit of panic on the old man’s face, and he drew the formation very fast!

From time to time, black shadows approached the old man, but they were all knocked away by the old man flicking his fly whisk!

David didn't understand, what was going on with this picture?

Could it be that the teleportation array was set up by the old man in the picture?

It only took the old man a few breaths to finish drawing the huge teleportation array that accommodates hundreds of people!

With a stream of light flashing across the teleportation array, the old man heaved a sigh of relief!

Throwing away the branch in his hand, the old man suddenly looked at David!

This shocked David!

It's as if the old man in the painting can see David!

But at this moment, groups of black shadows came over the screen, instantly enveloping the old man!

The old man seemed to stop resisting, his eyes were exposed from the shadows, and he was still staring at David!

David only felt dizzy, and with a suction force, he fell directly into the endless black vortex!

Suddenly, a golden light pierced the darkness, and David suddenly woke up. Only then did he realize that at some point, Daluo Jindian in his sea of consciousness was standing in front of him!

The Da Luo Jindian exudes a holy golden light, slowly opening a page!

Waves of sacred chanting came into David's mind, followed by screams like hell!

The endless darkness slowly disappeared, David's eyes were full of excitement, and he wanted to see what was recorded in the Da Luo Golden Code!

But before he saw it, he felt his whole body being pushed, and then opened his eyes again!

"Master, what are you doing? Are you asleep? I've been calling you for a long time."

Huofeng pushed David's body hard and said!

At this moment, David's face was still full of bewilderment. Looking around, he found that they were actually in a vast jungle!

Around them, many monks have left, but there are still a dozen monks standing motionless, like wooden stakes!

No one around them paid attention to these motionless monks!

"Mr. Chen, you are awake. Just now we thought that your soul was sent elsewhere like these people!"

Ji Yun said with relief when he saw David open his eyes!

"What on earth is going on?"

David still doesn't understand. Is what he just experienced just a dream?
