**Married at First Sight Chapter 2382**-“Kathryn, I hope that you can carry forward our Farrell family and return to the peak moment, so that when you go out, others will respect you. Unlike now, when we walk outside, everyone is just polite on the surface, but we don’t know what’s going on behind the scenes. It’s the slander that arranges us.”

After Kathryn was silent, she said: “Mom, you have worked hard all your life and you can’t bring the Farrell family back to its peak. I can’t guarantee that I can do it. Our Farrell Group also has many things that need to be corrected, but those departments, the people who are in charge of those things are the sons and grandchildren of my elder brothers and some old people in the clan.”

Her foundation was not stable now, and she couldn’t move them for the time being.

Kathryn added: “With them here, it will be difficult for our Farrell Group to restore its former glory. They only think about how to grow their own wallets, not for the company.”

It was brought up by the mother.

Although the mother obeyed the rules of the ancestors and would hand over the position of head of the family to her daughter, but for her own sons, the mother also gave them a lot of rights.

Kathryn had a hard time in the company.

Fortunately, before she returned to Farrell family, she had been in the business world for several years and had seen great storms, otherwise she would have been cheated to death by her brothers.

Matriarch Farrell was silent, and then said: “They know that they have no hope of being superior, so naturally they only consider their personal interests.”

“Kathryn, those are left for you to deal with. After I step down, you can use them to show your prestige when you take over the position. When everyone sees that you dare to operate on your own brother and show no affection, you will be able to shock them and let them go. They don’t dare to have second thoughts easily.

However, superiors should treat their subordinates with kindness and majesty. They cannot always be tough. Under high-pressure means, it is easy to force talents away.”

Kathryn nodded in agreement.

“So, you just stay at home and take good care of our family’s business. I can go to Wiltspoon to attend the wedding of Young Master York by myself. Over the years, I’m also tired and want to relax. This time I’ll go to Wiltspoon, stay there for a while, and come back. There are also some interesting places in Wiltspoon, so I will take it as a way to travel.”

As Matriarch Farrell, she did have the supreme power in the family, but she was also very busy and didn’t have much time to play.

Matriarch Farrell didn’t even remember when was the last time she traveled.

Every day, there were endless meetings and endless documents to deal with. If there was any matter within the family, she was required to hold a family meeting to discuss it with everyone, and then she would make up her mind to discuss the matter.

In a word, if she wanted to wear a crown, she must first bear its weight.

Being a family was not so easy.

Kathryn said: “Mom, since you trust me so much and believe that I can manage the company well, then I will stay and watch at home. Mom, you can just play for a few more days. I heard that Wildridge Manor is a famous tourist resort in Wiltspoon, but unfortunately it is not open to the public.

We won’t be holding a wedding this time. Wildridge Manor should be temporarily open for a day or two to entertain distinguished guests.”

Matriarch Farrell smiled and said: “It’s okay to go there. I’m afraid it’s impossible to live there. The Wiltspoon Hotel can accommodate all the distinguished guests who have attempted weddings from other places. With the York family eligible to live, let’s go to Wildridge Manor.”
