I am a quadrillionaire chapter 2299-“I don't want to waste my time. I'll give you ten seconds to consider. You submit to the Feather family and tell the truth, or you follow your Master David and continue to resist.”

Blue suddenly paused his words.

He glanced at the six Sacred Saints, who were in fear, and chuckled mockingly.

'How pathetic.'

'I suppose the Master David they mentioned won't be too strong given the fact that they were already in fear upon knowing my identity.'

'He probably managed to enter the partial Divine Realm purely by luck.'

Although it was above the Saint Realm and a small step into the Divine Realm, it was still not an actual upgrade.

His divine power would still be less than an actual Divine Realm master.

Some of the powerful level 7 civilizations in the universe would produce certain numbers of partial Divine Realm masters.

Yet, there would never be an actual Divine Realm master.

If there was a Divine Realm master, it would not be a level 7 civilization, but a level 8.

Hence, Blue was not worried about the Star Kingdom having someone who was almost as capable as him. A few seconds later, he continued, “You guys have to think carefully, if you take one wrong step, the entire Star

Kingdom will suffer. If I predict correctly, your Master David should be in the partial Divine Realm level. This kind of strength is no different from that of an ant in front of our Feather family and I can easily crush him with one hand. You only have one chance to choose. If you continue to be stubborn, don't blame me for being cruel.”

That said, Blue stayed silent.

He believed that these guys would make the right choice given that he had power over them.

Everyone was afraid of death.

Plus, they were already at the Saint Realm so they would cherish their lives more.

Of course, Blue had his own concerns before actually making a move.

He wanted to give them the hope of survival so that he could get the information he needed.

The effect of suppression might not necessarily be good.

Time was ticking.

Those who regained their composure looked at each other but could not make up their minds.

When the ten seconds were about to be up, they finally lost it.

Zenon was the first person to speak.

As a peak Sacred Saint master, he would be able to break through the Saint Realm very soon and enter the partial Divine Realm like David. His future was brightly waiting for him.

Who could say that he would not become an actual Divine Realm master in the future and be on equal footing with Master Blue in front of him?

By that time, who would be daring enough to disrespect him?

“Master Blue, I, Zenon Palmore, am willing to lead the Palmore family to submit to the Feather family and serve your orders. I humbly request you to show mercy to our Palmore family.”

With the first person stepping up to take the lead, the burden was off for everyone else.

” I, York Ginger, am willing to lead the Ginger family to submit to the Feather family...”

" I, Vaughn Bamford, am willing to lead the Bamford family to submit to the Feather family..."

" I, Steel Pendragon, am willing to lead the Pendragon family to submit to the Feather family..."

" I, Primrose Cristobal, am willing to lead the Cristobal family to submit to the Feather family..."

Five out of the six Sacred Saint masters submitted to Blue.

They had no choice as they were facing a Divine Realm master.

To put it mildly, it was to submit and be a slave to the Feather family.

'But what can we do?*

'Being a slave is better than dying!'

There was only Sid left at this moment.

Looking at the rest submitting to Blue, Sid felt helpless as well.

Yet he also understood the thoughts behind it.

After all, the opposite party was a true Divine Realm master.

Although David was already in the partial Divine Realm, he would not stand a chance against Blue.

He would not even pose a threat to Blue.

Just like what Blue mentioned, he could simply crush David with one hand.

He was not boasting because what he said was true.
