I am a quadrillionaire chapter 2369-Although David's heartfelt words were not directed at Celeste alone, they moved her.

Celeste, who grew up in Star Kingdom, was more open-minded.

While they were in the Milky Way, she accidentally entered into a fantasy with David and damaged her alluring body.

At that time, she could not accept it and wanted to kill David.

Later, to suppress the alluring body, the number of times she entered into fantasy with David gradually increased, and her soul power also increased rapidly, so she gradually accepted this reality.

After returning to Star Kingdom and the Iridescent Sect, she was sent to the ice cavern as punishment by her teacher.

In the end, she was rescued by David.

After her understanding, the alluring body was not like what her teacher said.

Eira said that was only because she was afraid that Celeste would damage her alluring body.

After following David the entire way, it was impossible for Celeste to have no feelings for him.

After the two joined in the fantasy, she could no longer hold another man in her heart.

However, Celeste never thought of having David to herself.

Wasn't it normal for someone like David, who could suppress an era, to have a few confidantes?

If not, there must be something wrong with David.

Many powerful heads of families married and remarried to have more offspring for the family.

When the women of the Iridescent Sect got married, most would not be the first wife.

Celeste had already accepted the situation.

Therefore, David's speech might have made him sound like a scumbag on Earth but it was very touching to Celeste.

"David, thank you! When I inexplicably did that thing with you in fantasy while we were in the Milky Way, I thought about killing you. Later, because I wanted to control the alluring body, I went into the fantasy with you again and again. Gradually, I accepted it. I accepted my fate when I went back to the Iridescent Sect and was sent to the ice cavern by Master. However, you saved me and now, for our safety, you worked so hard. David, thank you so much! It is a blessing for all of us to be by your side."

After Celeste finished speaking, her eyes were filled with tears. She was touched.

David did not expect Celeste to say this all of a sudden.

For a while, he did not know how to respond.

"Celeste, I..."

David wanted to say something but Celeste interrupted him.

"David, don't say anything, just give me a hug, okay?"

David could not refuse this request.

He could only walk forward slowly, open his arms, and take Celeste into his arms.

The two held each other quietly and neither of them spoke.

This was actually their first real hug.

A few minutes later, David gently pushed Celeste away.

Looking at this slightly red face, his heart was moved.

Celeste was the head of the seven high priestesses of the Iridescent Sect last year, so she was impeccable in every way.

With the increase of age, her body gradually matured.

Coupled with her alluring body, she was fatally attractive to men.

However, David quickly suppressed this impulse.

David's current growth was certainly due to the system, but his own strong willpower also played a big role.

Aside from anything else, ordinary people would not be able to endure the pain that he had to go through during a Body and Mind upgrade.

"Celeste, we..."

David was about to say 'Let's go'!

However, something pressed against his lips before he could finish speaking.

He opened his eyes widely to look at Celeste who suddenly kissed him. As he inhaled the fragrance of her body, a sweetness flowed into his mouth.

Celeste was a little over 1.7 meters tall, so she was not much shorter than David.

She only needed to tiptoe to reach David.

Slowly, David put his arms together and pulled Celeste against him.

The two were in an embrace once again.
