I am a quadrillionaire chapter 2570-“Hehe! A mere Heavenly Overlord? Then, a mere Heavenly Overlord like me will kill you right now. I’d like to see what your master will do to me!”

After Lufian finished speaking, he accelerated and moved in front of the tentacle monster in an instant.

Mother was shocked.

The tentacles that were trying to pull apart the void to escape began to attack Lufian in panic.

Even if it knew it would not work, it would still try.

What if the other party was bluffing?

One could imagine the result.

Snap! Snap! Snap!

A series of sounds could be heard.

Mother’s remaining tentacles disappeared one by one.

In less than a moment, Lufian had ripped all of them apart.

Now, Mother was left with only a chubby body. It was at a loss as to what to do.

Without its tentacles, it was like a human being without limbs. Of course, it would not be used to it at that moment.

After ripping out all the tentacles, Lufian did not hurry.

Looking at the ball in front of him, he said contemptuously,”

Your disgusting tentacles are gone. Next, I will tear open your body to see what is inside that can create countless Robotias. Where is the treasure that you claim can perish with a Heavenly Overlord? Where is your mighty master?”

“Lufian, don’t force me! I don’t want both sides to suffer, let alone die with you. I still have to wait for my master to come and take me away, so stop now! The Robotias hurt Elora, but you pulled out all of my tentacles. I will need a lot of effort to grow them again. So it can be said that you’ve avenged Elora. From now on, we don’t owe each other anything, and the Robotias will not join hands with the Soul Devourers to invade Leila again,” Mother’s voice came from the remains of its body.

“No, no, no! It’s not enough! This is nothing! Only when you die can this grievance be wiped away,” Lufian sneered again.

He did not take the monster’s words to heart at all.

What master? What treasure would perish with a Heavenly Overlord?

He did not believe any of it.

If a great Almighty handed a powerful treasure to this tentacle monster, why would he abandon it here?

“Lufian, what should I do for you to spare me?”

Mother relented.

Because it did not want to die.

“Don’t you have a powerful master? Ask him to save you! He is a rare great Almighty in the universe, right? He can kill me with a single slap, right?” Lufian sneered.

“My master has important matters to deal with and he was afraid that I’ll be implicated so he temporarily left me here. After he finishes, he will come back for me.”

“What a good story! Go on, continue! I’d like to see what else you can come up with. Listen, you can’t escape from me today even if the Gods are here.”

As Lufian said that, he stretched out a big golden hand, spread his five fingers, and grabbed the chubby body.

“Lufian!

“Stop!

“Don’t force me!”
