

The Ex-Husband's Revenge By Dragonsky

Chapter 2315

Chapter 2315

"Angus, out of consideration for the Thompsons, I'll give you one final chance! If you know what's best for yourself, you will get out of the way and I will spare you. However, if you insist on getting involved and siding with Leon, I won't show you any mercy! If you somehow get injured by accident, I won't be held responsible for that!" The Southern Boss narrowed his eyes maliciously.

Though he planned to kill Angus all along, Angus was still an important figure of the Thompsons and the nephew of Arthur. Knowing that the Thompsons might retaliate if he harmed Angus, the Southern Boss made a point to warn Angus ahead of time.

If Angus still chose to interfere, Arthur and the Thompsons would not have any reasons to seek revenge.

"Don't bother trying to scare me off! I repeat, you'll have to step over my dead body to harm Leon!" Angus said as he stubbornly refused to leave.

He raised his hand and decisively gave the order to the Spears members, "Listen up, members of the Spears, prepare to attack! If anyone can capture or kill Leon, there'll be a hefty reward! Anyone who dares to obstruct us will be dealt with mercilessly!"

"Yes!"

As the Southern Boss issued his command, the skilled members of the Spears formed a semicircular formation to surround Leon, Angus, and the others.

Tension rose in the air and the battle was about to erupt!

"Damn it!" Angus's heart sank.

The Southern Boss had at least forty to fifty martial artists on his side, whereas he only had two elders and a dozen martial artists from the Thompsons at his command.

It was obvious who would win, but considering how much Leon did for him, Angus refused to leave him behind; the only option left for him was to buy time until Yuri returned.

If Yuri managed to convince Arthur into coming to their rescue, Angus and Leon would survive, but if Yuri failed or arrived too late, Leon, Angus and all the Thompsons' martial artists involved would perish.

Just as war was about to break out, Leon stood forward and raised his voice, shouting, "Hang on! Southern Boss, there's something I'd like to say!"

"You have something to say? What is it? Have you finally come through and decided to hand over Cynthion Group along with all the recipes for the alchemical pills you sell?" The Southern Boss asked mockingly.

Assuming that Leon was terrified by the intimidating presence of the Spears' martial artists and was about to compromise, the Southern Boss raised his arm to stop his men from attacking.
