Chapter 2335

Amid the Thompsons' despair, Leon stepped forward and applied the Phantom Steps, his figure turning into a blurred shadow.

At the same time, the Grand Apostle's Thundering Strike pierced through the spot where Leon was once standing and caused the dirt on the ground to rise into the air.

As the dirt in the air dispersed, Leon disappeared from everyone's sight.

"Huh? Where's Leon? Where'd he go?"

The Grand Apostle was shocked and confused at first.

“Can it be that, the Grand Apostle’s attack is so powerful that he blasted Leon into pieces?”

“That has to be it!”

The Spears and the Hiltons instantly concluded.

They all saw that the Grand Apostle’s Thundering Strike pierced through Leon’s figure and they realized that Leon was likely blasted by the Grand Apostle’s true energy to the point that his body exploded.

“No! Was Mister Wolf killed by the Grand Apostle?”

Arthur and Angus felt stricken and stood frozen in place.

Just then, the Southern Boss roared, “No! Leon isn’t dead!

Grand Apostle, turn around. That brat’s right behind you!”

Leon first evaded the Grand Apostle's attack with Phantom Steps and went around the Grand Apostle swiftly while everyone's sight was clouded by the dirt.

Since Leon was too swift, no one noticed him except for the Southern Boss.

"What?!" The Grand Apostle was stunned. He thought that he surpassed Leon in speed and Leon would have died from the earlier attack. To his surprise, Leon dodged the attack with ease and managed to sneak behind his back without anyone noticing it.

The Grand Apostle was surprised and turned around instantly, but it was already too late.

"You want to compete in speed, old man? Think again! Take this! Earthly Plunder!" Leon scoffed and

launched an attack toward the Grand Apostle's chest.

“Stop!” The Grand Apostle paled in fear. Since Leon was extremely close to him, there was no time for him to counter.

At the very last moment, he backed away without hesitation in an attempt to draw a distance between him and Leon.
