

The Secret Heir Return To Wealth And Love Chapter 1821

Chapter 1821

Cory, looking down in the dumps, asked Rosalynn, “Why are you feeling sad?”

“You know that saying, right? That growing up is a process of kids gradually moving away from their parents. I know that you and your sister are gonna grow up and have your own lives, and it makes me really happy. But thinking about you guys drifting further from me, it gets me down. Still, I hope you and your sister can grow up in your own ways. You might fly high and far, but I’ll always be here waiting for your return.”

Cory didn’t respond.

He opened his arms, hugged Rosalynn tightly and buried his head in her chest.

“I don’t wanna leave you guys, he mumbled.

“Sweetheart, it’s too early to say such things, Rosalynn comforted with a smile. “Let’s not be sad prematurely, okay?”

Rosalynn stuck around in Cory’s room for a while.

Not until he drifted off to sleep did she tiptoe out of the room.

She glanced at her daughter’s room, the lights were dimmed, she must be asleep.

She stretched out her arms and legs.

Then she headed to the master bedroom.

“What are you still doing with these?” Rosalynn walked in, noticing Wayne still going through the key project documents of Bane Corporation. It’s late. you should call it a night.”

Wayne took off his glasses.

He looked up at Rosalynn, who quickly walked over, gently stroking his chin.

“Are Cory and Ivy asleep?” Wayne leaned his cheek into Rosalynn’s palm, rubbing against it slightly before asking gently

“Mhm,” Rosalynn replied, then they discussed Cory’s sudden troubles.

“Are Molly and Max in Ivy’s room?” Wayne asked.

“Yep. Rosalynn nodded.

Wayne gave a bitter smile, They’re on high alert around me these days”

“They’ll get over it in a few days,” Rosalynn comforted.

Wayne looked at Rosalynn and softly agreed.

The next morning.

Before heading to the monastery, Larkin and Erica dropped by to check on Rosalynn.

Ivy was sleeping soundly.

Rosalynn woke her up and had Larkin check her arm.

After confirming that Ivy was okay, Erica dragged Rosalynn to the nursing center.

After having breakfast with Paige, Larkin and Erica took off.

Paige, leaning against the window, watched the SUV drive out of the parking lot, mumbling to herself, “I hope they can convince Larkin’s teacher this time”

Rosalynn was holding Trista.

This little girl seemed healthier and cuter day by day.

Her eyes were also getting more beautiful.

“Our Trista is get her daddy’s curls, Rosalynn’s nose gently touched Trista’s.

Trista immediately burst into laughter.

“Trista is laughing Rosalynn quickly told Paige.

Paige walked over, hands behind her back

“My girl is so smart, she knows I’m gonna be her rock in the future, so she always smiles at me, right, Trista?”

Chapter 1822

It seemed as though Trista understood, she clenched her tiny fists, laughing even more heartily

“Never mind, you can stop being her godmother for now, Paige seemed to suddenly remember something and waved her hand.

“Are you having second thoughts about this?” Rosalynn gave her a side glance, “No way”

“I’m not backing out! Paige laughed, “if you can’t be her godmother, you can still be a mother in law?”

Rosalynn was speechless

OMG, she actually forgot about this!

“I heard about it, Cory helped solve a big problem at Larkin’s!” Paige said, full of pride, “You know what they say, don’t let outsiders reap the benefits. Cory is an awesome kid, of course it should be someone from our family who benefits! Plus, having our own kids get hitched, knowing each other’s character and habits, we don’t have to worry about them bringing back strangers when they grow up!”

She paused for a moment, then looked at her daughter with a loving gaze

These days, every time I think about my daughter possibly meeting a bad guy, I get so anxious! So, only Cory, only Cory is the best! Nobody can beat our Cory!

Cory has always been emotionally stable, inheriting the best of both his parents, he's a perfect blend!

Not only is he good-looking, but he's also super smart! At a young age, he's accumulated wealth that many people can't earn in a lifetime without relying on his parents.

Of course, besides these external conditions, Cory has always been polite since he was a kid. Even though he was born into a wealthy family, he's always been very polite to the staff at home.

He's also very kind.

Every year, he donates to charity, helping everything from small animals to poor children, doing what he can to help others.

Many adults can't compare to him.

Most importantly, his mom is Rosalynn, so they don't have to worry at all about their daughter being bullied by her mother-in-law after she gets married! Paige's thoughts became more and more resolute.

She decided that she would no longer be Cory's godmother, but his mother-in-law.

"Isn't it a bit early for this? Trista was just born a few days ago!" Rosalynn looked at the little baby in her arms and smiled, "And we don't know if Trista will like someone so mature in the future, right?"

Trista chomped on her hand and smiled at Rosalynn again.

Her adorable look made Rosalynn's heart melt.

"I don't care, I've decided now. Whether they want to be together when they grow up is their business!" Paige was very determined.

"Ok, ok, you're the boss, I'll listen to you. Just as Rosalynn finished speaking, she saw Trista yawn widely

Rosalynn then handed Trista to the nanny to put her to sleep

Although Paige suffered a lot when she gave birth, but these past few days, not only has she recovered, she even looks better than before.

Of course, this couldn't have been accomplished without the help of the doctors.

And Baillie Scott has been taking care of Paige all along.

In Paige's own words, no matter if it's three or four in the morning, as long as she wakes up and wants to eat something, Baillie can immediately bring food to her.

"Now, every now and then, I think that if all the past hardships were for meeting Baillie then if I had to do it again, I would still be willing to endure those hardships" Paige's eyes reddened, and she sincerely said to Rosalynn.

Rosalynn gently patted her head: "Silly girl, if life could start over, don't go through that pain again, just wait for Baillie to grow up."

Paige laughed in response, "That's right..."

Rosalynn gently shook her head: "By the way, I may not be able to stay with you here all the time"

"What's wrong? Problems at the company?"

"It's Wayne." Rosalynn slightly frowned.

"What's wrong with him?" Paige had just seen Wayne the day before yesterday and he seemed fine. He even gained some weight compared to when he first came back and looked good.

"He's extremely anxious. Rosalynn replied, "And some other things, I can't really explain. Did you notice anything wrong with him?"

The night before, before going to bed, she had been thinking about what her grandma said on the phone

Wasn't he getting better?

"In that case." Paige slightly pouted, looking at Rosalynn sideways, "Sometimes I feel he's a stranger"
