An understated Dominance – Dahlia and Dustin Chapter 1521

After calming down Florence, Dahlia turned to Dustin and Abigail, and said calmly: “Sir, Miss, I am sorry for what happened just now, and I promise, it will never happen again. “

After finishing speaking, she bowed slightly, bowed to show her sincerity.

Seeing this scene, the surrounding guests nodded and expressed their praise.

As the righteous daughter of Prince Eugene Montgomery, who is second only to Mark Montgomery in status, it is not easy for her to shamelessly apologize in public.

This awareness of putting the overall situation first is enough to prove that Prince Eugene Montgomery is right.

“Miss Nicolson, you’re being polite. We don’t want to make things big. It’s the best result to turn hostility into friendship.” Dustin nodded slightly.

“Mr. is indeed a reasonable person. I don’t know your surname?” Dahlia asked politely.

“I’m Dustin, this is my sister, Smith Abigail.” Dustin said.

“So it’s Mr. Dustin and Ms. Smith.” Dahlia nodded, “The two visitors are guests, please take a seat.”

With that said, she made a gesture, called the waiter, and arranged a front seat for Dustin and Abigail.

“Thanks.”

Dustin said and without wasting time, and took Abigail to the front row.

Although it attracted a lot of people’s attention just now, fortunately it did not reach the point of fighting, and it should not affect the implementation of the plan.

“Daughter, why are you being so nice to them? If you ask my opinion, just drive them out, they don’t look like big shots.” Florence complained.

“Hmph! You still have the nerve to say such things?!”

Dahlia glanced coldly: “Do you know how big the impact would be if there was a quarrel just now? Once it gets out, others will say that our Montgomery Palace is bullying others, and the reputation accumulated by our adoptive father for more than ten years will be stained!”

“It’s not that serious, is it? It’s just a lesson to two short-sighted guys, why is the prince’s reputation involved?” Florence felt that her daughter was making a fuss out of a molehill.

“Not serious? Look around with your eyes wide open. Who are the people here today?”

Dahlia had a look of hating iron and steel: “In front of these big figures, making such absurd things happen is like slapping my adoptive father in the face. If someone take it to heart, and they spread the word again, what consequences do you think will happen?”

As the saying goes, the bigger the tree attracts the wind, the greater the power of the Montgomery Palace, the higher the attention, so many things have to be cautious and not delegated to others.

Otherwise something will happen sooner or later.

“I... I don’t know what the consequences will be? Besides, it’s not my problem.”
Florence looked guilty.

“enough!”

Dahlia frowned: “No matter what the reason is, you have to remember one thing, today you must put the overall situation aside, and you must not do anything that will damage the face of Montgomery Palace, understand?!”

“understood.”

Florence and Julie nodded repeatedly, finally realizing the seriousness of the problem.

In the past, it was okay to be arrogant and domineering, but today is a special day, so they have to tolerate it a little bit.

“Okay, you guys find a place to sit and don’t cause any more trouble for me.”

After Dahlia gave some instructions, she started busying around again.

Now, she is in charge of more than half of the properties of Montgomery Palace, and has become the great housekeeper of the Prince’s Mansion.

Time passed little by little, and more and more guests began to visit.

One by one, the big shots walked into the living room.

It was approaching noon, and as the birthday boy, Prince Eugene Montgomery finally made his official appearance.

Under the stars, a middle-aged man wearing a Thompson’s suit walked in the door with a smile.

The man is slightly chubby and has kind eyes. He does not look like the majesty of a prince at all, but is very down-to-earth.

At first glance, he looks like an ordinary uncle next door.

However, just as the middle-aged man entered the door, all the guests present stood up, saluted respectfully, and said in unison: “It’s honor to meet Prince Eugene Montgomery!”

“Okay, okay, everyone, don’t be formal, sit down quickly and just treat this place as your home.” Eugene Montgomery said with a smile.

While talking, he waved in all directions without any airs.

“Is this the legendary Prince Eugene Montgomery? Why is it different from what you imagined?”

Looking at the amiable fat uncle in front of her, Abigail couldn't help but feel a little strange.

In her eyes, the prince should be very domineering and majestic, a being that makes people worship him just by looking at him.

However, Mark Montgomery's appearance and temperament made her a little disappointed.

“Do you think he doesn't fit the image of a prince?” Dustin asked with a smile.

“Yes, he looks no different from ordinary people. Compared with Mark Montgomery, he is far different.” Abigail nodded.

“Abigail, if you think so, you are totally wrong.”

Dustin shook his head: “Although Mark Montgomery is powerful now, in the past, one has to stand on the shoulders of giants and build a career. This not only has a higher starting point, but is also easier. On the other hand, Prince Eugene Montgomery himself started from scratch and relied on his own strength. Only those who have the power to become princes and kings can be considered true heroes!”

Much of Mark Montgomery's success today is due to Mark Montgomery's personal connections and various massive resources.

The two are completely different.

“It seems to make sense.” Abigail nodded thoughtfully.

“As for the so-called image, when it reaches the level of Prince Eugene Montgomery, he doesn't care at all.”

Dustin sighed with some emotion: “In fact, fame, money, prestige, and even power are not that important to them.”

“Even money is not important, what else is important?” Abigail asked tentatively.

“What they care more about now is spiritual and emotional satisfaction.” Dustin said.

“Oh~ I understand. No wonder Prince Eugene Montgomery has adopted so many adopted sons and daughters. It turns out to be because of this.” Abigail suddenly understood.

“That’s right.” Dustin smiled.

“By the way, uncle, how do you know so much?” Abigail was a little curious.

“Me? I’m just guessing.” Dustin shrugged.

Some people become more affectionate as they get older.

When you were young, you were all kinds of unsentimental, but when you get older, you value feelings more than anything else.

“It is my honor for you all to come to my humble residence today. If there is any lack of hospitality, please forgive me.”

Eugene Montgomery walked all the way through the door, clasping his fists and giving various gifts in return.

Regardless of the identity of the visitor, regardless of whether he is in a high position or not, everyone is treated with courtesy, without any favoritism.

After the greetings were complete, Eugene Montgomery finally sat down.

At this time, Mark Montgomery, who had changed into casual clothes, strode into the door with his head held high.

As soon as he appeared on the stage, he attracted everyone’s attention.

“Father, today is your birthday. Your son wishes you a dragon-horse spirit, good fortune, longevity and good health!” Mark Montgomery saluted with cupped hands.

“Mark, you hold an important position and should be guarding the Eastern Territory. Why do you need to go there personally for such a trivial matter?” Mark Montgomery said seriously.

“My adoptive father’s birthday is a big deal to me. Besides, the Eastern Territory is now stable and there won’t be any problems. Please rest assured, my adoptive father.” Mark Montgomery said respectfully.

“That’s good.” Eugene Montgomery nodded.

“Father, this time I brought a special gift from the East to celebrate your birthday. I hope you will like it.”

Mark Montgomery said, reaching out and clapped his hands.

Soon, an iron cage covered with black cloth was carried in by a group of big men.

When the iron cage fell to the ground, it made a loud “boom” sound, which made the wine on the table tremble.

“Father, please look!”

Mark Montgomery grabbed the black cloth and pulled it off with force, clearly displaying the contents of the iron cage in front of everyone.

When the black cloth fell, there was a commotion in the whole scene. Because everyone was surprised to find that what was locked in the iron cage turned out to be a ferocious beast!

The beast looks like a tiger, but its body is bigger. Its fur is as black as ink, exuding a metallic luster. Two long teeth protruded, a full foot long, looking like sharp swords. The nails protruding from the soles of the feet are like steel claws, with some fragments of flesh and blood on them. Its appearance is very fierce, and it makes people’s scalp tingle.

Fortunately, the beast was still in a coma and did not show any ferocity.

“Father, this is a mutated black tiger that I captured from the primitive forests of the Eastern Territory.”

“This is the king of beasts. It is very ferocious. Not only is it extremely powerful, but its fur is hard and hard to be hurt by swords and guns. Very rare.”

“I spent a lot of effort to catch this guy, but I finally succeeded in arresting him. I wonder if my adoptive father likes it?” Mark Montgomery said loudly, and at the same time he reached out and touched Nameless creatures head.

“Okay! My son is really brave, and he was able to catch such a rare beast. I am very pleased as a father.” Eugene Montgomery laughed loudly.

“As expected of the War God stone, he captured a black tiger alive as a pet. He is truly a god!”

“Looking at the whole Stonia, who can have such ability?”

At this moment, the guests in the banquet hall began to praise him one after another. The general birthday gifts are all gold, silver and jade objects, antique calligraphy and paintings, etc. However, Mark Montgomery used a rare beast as a birthday gift, which is really surprising.

Of course, this also shows the extraordinariness of the God of war stone.

“Father, it is rumored that this black tiger has a spirit and can distinguish between good and evil, loyalty and evil. If you keep it by your side, it will also protect your safety in the future.” Mark Montgomery introduced.

“Oh? There is such a thing?” Eugene Montgomery was quite surprised.

“If foster father doesn’t believe it, can you give it a try?” Mark Montgomery smiled.

“How to try?” Eugene Montgomery was a little curious. “It’s very simple. I will open the iron cage later and release the black tiger. If there are criminals hiding here, it will be able to sniff them out immediately.” Mark Montgomery replied.

“Release the black tiger?” Mark Montgomery raised his eyebrows slightly and said with some concern.

“Isn’t it too risky? If this strange beast goes crazy and hurts people, it would not be good.”

“Father, please don’t worry, the black tiger has been under my command. Unless he encounter some treacherous and evil person, he will not hurt anyone easily. Besides, with me here to take charge, Black Tiger will never dare to mess around.” Mark Montgomery is very confident.

“What do you guys think?” Mark Montgomery didn’t answer directly, but looked at the guests present.

“It’s rare to see such a strange beast, so there’s no harm in giving it a try.”

“I agree, with the War God stone here, there will definitely be no danger.”

“Prince Eugene Montgomery, strange beasts have spirits, maybe we can still find one or two Let’s have a good night.”

The guests expressed their support one after another. They usually see a lot of treasures, but like this kind of strange beast , but it is unheard of. If you have the opportunity to try something new today, you naturally don’t want to miss it. What’s more, there are many guards present, and they are the strongest God of War protection in the Dragonmarsh Kingdom. No matter how fierce the black tiger is, it is believed that there will be no big waves.

“Okay, since you are so interested, let’s give it a try.” Eugene Montgomery smiled and nodded.

“Mark, open the iron cage and let the guests observe up close, but be careful, safety must be ensured, and no Hurt the innocent.”

“Understood.” Mark Montgomery responded, and immediately beckoned someone to open the lock.

When the cage was opened, he took out a medicine bottle and shook it in front of Nameless beast nose. Soon, a faint blue smoke overflowed from the mouth of the bottle and drifted into Nameless beast nose slowly.

After a while, the sleeping Black Tiger finally slowly opened his eyes. At the same time, a group of fully armed guards immediately surrounded him, alert to Black Tiger’s reaction. Whenever the black tiger behaves in any strange or crazy manner, he will be subdued on the spot.

The black tiger seemed to have a spirit. Seeing the battle around him, he didn’t dare to make the slightest move and just lay down.

“Come out!” Mark Montgomery shouted.

Black Tiger snorted and slowly walked out of the cage. Its body is as huge as a hill and feels extremely oppressive.

Mark Montgomery is tall, but standing in front of Black Tiger, he looks like a miniature man. It seemed as if the black tiger could swallow him in one gulp just by opening its mouth.

“I heard that you can distinguish between good and evil, loyalty and treachery. Now show it to everyone. Of course, if you dare to mess around, I will kill you and make soup!” Mark Montgomery said coldly.

Hearing this, Black Tiger’s fur stood up slightly, and his body subconsciously moved away from Mark Montgomery, obviously a little afraid.

“Go.” Mark Montgomery patted Nameless beast body.

Black Tiger did not dare to resist, and began to wander around under the supervision of a team of guards. He sniffs his nose from time to time, as if he is sniffing something.

Looking at the huge body of the black tiger, many dignitaries were excited and nervous. After all, rare beasts like this are too rare. If you could adopt it as a pet, I don't know how majestic it would be.

"This thing looks really scary. Fortunately, it has been tamed by the God of War, otherwise I would not dare to get so close."

"Looking at the size of this black tiger, it is estimated to be two or three times the size of an ordinary tiger. If it wants to kill someone, It's just one mouthful."

"Oh my god! It's so exciting!"

Everyone whispered with different expressions, some were scared, some were happy, and some were surprised. There were also a few brave young people who reached out to stroke the black tiger's fur regardless.

Although Black Tiger was displeased, he did not have any extreme reaction. On the contrary, the young people who touched the black tiger were all excited and full of pride.

"Uncle, can this black tiger really distinguish between good and evil, loyalty and treachery, as Mark Montgomery said?" Abigail said in a low voice.

"It's true that the black tiger has a spirit, but its IQ is about the level of a ten-year-old child. Even we humans can't accurately distinguish between loyal and traitors. How can a wild beast have such ability?" Dustin shook his head slightly.

"If that doesn't work, what on earth is Mark Montgomery going to do now that he's doing this?" Abigail was a little surprised.

"You'll know in a minute." Dustin smiled lightly.

In the past, some strange beasts were kept in captivity in the West Lucozia Prince's Mansion. They have very high IQs. Although they cannot speak, they can understand human speech with a little training. Those who are a little more docile can still become

combat partners, but that's about it. The distinction between good and evil, loyalty and treachery is nothing more than rumors. Some exotic beast dealers use such rumors to raise the prices of exotic beasts.

much-anticipated The black tiger continued to shuttle among the crowd without stopping at all.

It wasn't until he reached Dustin and Abigail that he suddenly stopped. The dark beast eyes exuded a strange gaze, staring directly at the two of them. Such a strange behavior attracted everyone's attention. Even Dustin was a little worried. No way? Is this thing really that evil?

Looking at the black tiger that suddenly stopped, Abigail had a strange look on her face and felt anxious. She was not afraid, but worried about revealing her identity.

"Uncle, don't you think this bastard is incapable of defending loyalty? Why did it stop in front of us? Did it find something?" Abigail's voice squeezed through her teeth.

"It should be just an accident, don't worry, relax, it will be gone soon." Dustin comforted softly.

As soon as he finished speaking, Black Tiger suddenly lowered his head, and his long canine teeth almost touched Dustin's head. With a heavy snort, he sprayed Dustin all over his face. It's hot and fishy smell. Dustin held his breath and said to himself.

"Brother, you better not mess around, or I will kill you." As if feeling the threat from Dustin, Nameless beast snorted, moved his huge face, and turned to Abigail.

Abigail clenched her fists tightly and couldn't help but take action.

The size of the black tiger is close to that of an elephant. The two sides are so close that as long as the black tiger opens its mouth, it can bite off her head. This beast is a bit too much.

“What’s the situation? Why did Nameless beast stop in front of the two of them? They can’t be treacherous people, right?”

Arousing suspicion. The guests pointed and whispered. After passing so many people before, Black Tiger didn’t look strange at all, but it stopped in front of Dustin and Abigail the two of them, which was naturally a little strange.

“Hmph! I’ve known for a long time that they are not good things. The performance of the alien beast and black tiger has just verified my guess!”

In the VIP seat, Florence folded her arms, her face full of arrogance, as if she was a master.

“If the black tiger bites off their heads, it would be a bit exciting.” Julie murmured to herself, with expectant eyes.

Dahlia sat expressionless, without any reaction. She always felt that Mark Montgomery was playing tricks. It’s just a beast, how can it spy on people’s hearts? Just when the atmosphere at the scene was a little tense, Black Tiger moved again. It didn’t give any signal, just sniffed at Dustin and Abigail, then turned and left.

Seeing this scene, Dustin and Abigail looked at each other and couldn’t help but secretly breathed a sigh of relief. What a risk, almost exposed. If Black Tiger really did something harmful, they would have to fight back. At that point, the situation is complicated.

“Eh? Why didn’t Black Tiger eat them?” Florence frowned, looking very unhappy. She had always been brooding over the incident of being hit before, wishing that Dustin and Abigail the two of them would be bitten to death by a black tiger.

“Here, come, the black tiger is here, do you want to touch it?”

Julie was nervous but also a little excited at the same time. If you could touch such a ferocious beast with your own hands, you would be able to brag about it in the future.

“You can try it, since someone has touched it just now, it should be fine.” Florence nodded.

“Very good, then let me be the hero of a girls’ middle school today!” Looking at the Nameless beast who walked in, Julie took a deep breath and mustered up the courage to touch it. However, at this moment, Nameless beast seemed to be stimulated by something, and suddenly let out a low growl, and his expression suddenly became fierce.

Follow Nameless beast The tiger suddenly opened its mouth and bit Julie’s outstretched arm.

“Huh?”

“Julie was stunned, and didn’t react for a while. She didn’t let out a scream until the severe pain hit. As a result, in the middle of the scream, Nameless beast shook his head violently, tearing off Julie’s arm on the spot.

The huge inertia caused her to fly several meters away and hit the ground heavily. In an instant, blood spurted out from the broken arm.

“Ah——! my hand! my hand!”
