Chapter 33

"You should stop watching dramas." Stefan scoffed. "I've been living in the opposite unit for four whole years. If anyone's a stalker here, it's you."

"What did you say? You... live in the other unit?" Only then did Renee notice that the door to the opposite unit was ajar. She awkwardly scratched her head, wishing she could dig a hole in the ground and hide.

'So he wasn't stalking me... He actually lives here! Oh no, I called him all sorts of names earlier... It feels like I'm the narcissistic one here, assuming that he was stalking me like that!'"

Stefan's sharp gaze scanned her room nonchalantly, and finally landed on her bedroom door.

"Your bedroom looks pretty different from mine." Stefan walked towards it, intending to head inside.

Suddenly, Renee remembered that she had a pile of books about parenting still lying on her bed. She thought, 'If Hunt sees them, he'll find out about my pregnancy!'

"No!" She screamed as she stopped him, right before he got to the door.

"Let me through," Stefan demanded. As someone with power and status, no one had ever been able to stop him when he put his mind to something. 1

"No! Absolutely not!" Renee spread her arms out, refusing to give in. She was so annoyed that she felt like punching him. "Do we look like best friends to you? What makes you think you have the right to enter my bedroom whenever you please?"

"I am your husband!" The man glared down at the woman, who was a foot shorter than him. His eyes darkened as he asked slowly, "Could you be... hiding another man in there?"

"Stefan Hunt! Mind your words!" Renee hissed furiously. 'If he refuses to listen, I'll have no choice but to use force. With my combat skills, I wouldn't even need to use much strength to take him down. Hah, just imagine the confusion on his face!'

"Stop moving, you're flashing me again," Stefan pointed out, giving her a reminder out of 'kindness' again.

"Ugh! You jerk!" Renee instinctively covered her chest with her hands, and fell right into Stefan's trap.

Stefan's tall figure instantly moved past the woman into the bedroom. The entire area consisted of french windows, a closet, a desk, and a pink bed.

"I didn't think you'd have such a girly side. That Hello Kitty bedsheet is most unexpected from a woman in her twenties." Stefan smirked, slowly approaching the large bed.

He was learning so much about Renee right now.

The woman realized that the man was about to notice the books next to her pillows, and hollered at the top of her lungs: "Don't go there!"

She instinctively lunged at him and pinned him onto the bed.

Stefan stared at her, dumbfounded. His eyes narrowed as he stared at the woman on top of him and asked, "What are you doing?"

At the same time, he was wondering how this little woman possessed the strength to pin him down. Embarrassingly, he couldn't even sit up no matter how much he tried.

"Well, I... Uhm... you're just so handsome, you know?" Renee stammered as she subtly stuffed the books under her pillow.

She had placed her knee on a pressure point on Stefan's stomach, which was why he couldn't muster up

any strength to fight back. It was equivalent to tranquilizing him, so Stefan was naturally unable to move at all.

Seeing his beautiful face turn red from exertion, Renee finally understood why he enjoyed being so dominant. The man looked like an adorable, helpless little lamb in her eyes.

"Be good and don't move, alright?" She murmured as she caressed his defined facial features, wondering just how far she could push him.

You'd better get up, woman... or else!" Stefan warned her.

"And what if I don't?"

"You...!"

'How heavy is this woman? Why can't I push her off me?' He wondered incredulously. 'I've never been so humiliated in all my life!'

After a while, Renee decided that she had her fun, and finally took her knee off of him.

The moment Stefan could move again, he quickly rolled her under him, trapping her under his muscular body.

"Are you done?" His eyes were dark with desire, and looking at Renee's lips reminded him of the kiss from last night. He knew he wanted more than just a kiss this time...

Ring ring ring!

Suddenly, Stefan's phone started ringing.

Stefan furrowed his eyebrows, picking up the call with a scowl.

"Mr. Hunt, the infamous hacker, Haze, has arrived at the H Group main offices. He said he can find out who Phoenix is, and he would like to see you now."

Oh?" Stefan instantly got to his feet upon hearing this.

He wondered. "So... that hacker who made a fool out of H Group is finally going to be unmasked?"

Interesting!"

"Tell him to wait for a while, I'll head over right now." Stefan hung up, and started straightening his clothes. The sudden coldness and hostility on his face was such a stark contrast to the passionate expression he had on earlier.

Having been so close to the man while he was on the phone, Renee had naturally overheard the

conversation as well.

She had actually intended to meet with Haze for quite some time, but never had the opportunity to. Now that the opportunity had presented itself, she couldn't possibly allow herself to miss it.

"Leaving already, Mr. Hunt?" Renee asked softly as she looked at him.

"Mhm, I have to settle some matters at the main offices."

"I'll go with you." 1

Stefan quickly turned around, squinting at the woman suspiciously. "What are you scheming this time?"

He was genuinely worried that his future ex-wife had something up her sleeve. She might look innocent, but he had no idea what was going through her head right now.

"What are you saying? You're the mighty CEO of H Group who rules over everyone in Beach City! Why would I dare to plot against you?" Renee grinned, looking at him innocently.

Stefan, however, was expressionless. He knew she was lying, but he also wanted to see how long she'd keep up the act.

Renee hopped off her bed, picking up a shawl to cover herself up. "I thought about it last night, and I agree. to your deal. I will continue pretending to be your wife."

"Really?" Stefan was rather surprised, and his eyes visibly lit up.

Just as he was about to say something, Renee lifted her hand and stopped him. "There's no need to thank me. I'm not doing this for you or the Hunt family... I'm only doing this for old Mr. Hunt."

This time, Renee was telling the truth. She had already done quite a lot for the Hunts, which was more than enough to repay

them for their kindness. However, old Mr. Hunt was someone she loved dearly, as he was like a grandfather to her. She simply didn't wish to see the old man's health deteriorate because of their failed relationship.

Hearing this, Stefan didn't pursue the topic any further. His voice was monotonous as he murmured, "I'll wait for you outside."

Soon after the man exited her room, Renee opened up her closet and changed into a nice sheath dress. She stood before her mirror and gazed at her stomach. She didn't know if she was imagining it, but it looked like her stomach had grown a bit bigger.

'I don't have much time left. I need to get things done quickly!'

The Rolls-Royce Phantom parked in front of the H Group building, and many employees nearly cheered when they saw Renee walking inside, her arm linked with Stefan's.

"Oh my god! I knew I was right to ship them!"

"That mistress is nothing! Our boss has only ever loved Mrs. Hunt! It's true love!"

Elijah walked up to welcome the two, but was extremely confused to see Stefan and Renee acting so 'lovey-dovey'. However, with something more important at hand, he wasn't in the mood to pry.

"Mr. Hunt, you're finally here. Haze is currently waiting at the technical department. That guy is so arrogant! He said he would only talk to you, and that he wouldn't wait for long!" Elijah initially thought that he himself was odd, but meeting Haze made him think otherwise.

"Mhm. Stefan didn't say anything else, but his expression darkened as he walked towards the elevator. Naturally, Renee followed him.

"Mrs. Hunt, you don't have to join this meeting, right?" Elijah asked hesitantly. "There's this new dessert shop that's opened on the lower ground floor. Would you like to go there?"

Not only would the conversation with Haze involve confidential information, the assistant simply didn't want to bore her, especially since he was under the impression that she wouldn't understand a thing.

"It's alright." Stefan didn't seem to mind, as he also figured that she wouldn't understand anything.

The three then got into the private elevator for the CEO, and headed straight towards the technical department, which was on the 16th floor.

"Ten, nine, eight, seven..."

In the distance, a cocky and carefree voice echoed from the technical department. 1

"Last three seconds. If he doesn't arrive by then, I'm leaving."
