Married at First Sight Chapter 2312Kevin: "Uncomfortable, but I won, you have to bet with me."

Hayden looked at him with a bit of distress.

Hayden: "Okay, I promise what I say, and if I can do it, I will bet my whole life with you."

Having received her promise, Kevin immediately stood up and said to her, "I'll go to the bathroom."

He clutched his stomach and hurried to the bathroom.

...

...

...

Hayden couldn't stop laughing.

But she also saw that Kevin was sincere to her.

After a while, Kevin came out of the bathroom.

"Need to go to the hospital?" Hayden asked him concerned.

Kevin straightened his waist and said, "No, I'm fine. Let's go for a walk, digest food, and then go out."

He grew up so big and never ate so much.

It's really exhausting.

Fortunately, he won and also won her life.

Hayden bet her whole life with him, and he also bet his life with her.

Hayden stood up from the sofa and said meekly, "Let's go, I'll go for a walk with you."

The two walked out of the main house.

Hayden took him for a stroll in her yard. Fortunately, her yard was big enough, and he felt much more comfortable after walking around twice.

Hayden: "Even if you want to win, don't be overwhelmed. Look at you, you broke out in a cold sweat just before you went to the bathroom."

"For the happiness of our life, I will definitely fight." Kevin said, took her hand.

Hayden didn't shake off his hand and let him hold her.

The scene of two people holding hands and walking in the yard fell into the eyes of the butler, and the butler was heartbroken again. The wise and powerful young master of his family was captured by Kevin.

But both the Mrs. and Mr. Queen like the third young master York, and treat the third young master York as their son-in-law.

It may also be treated as a daughter-in-law, a man's daughter-in-law!

The butler just felt sorry for his young master being bent by Kevin, and he didn't dare to say anything.

He was just a butler. No matter how nice the Queen family was to him, he couldn't talk too much.

Hayden: "Are you still suffering now?"

Kevin: "It's not uncomfortable, it's much better to come out of the bathroom. After a few more laps, I may be hungry again."

Hayden laughed, "I thought you forgot all the supper at night."

"No, tonight is our first date, so how can we skip the midnight snack. Let's go, I'll take you to swim, just my swimming pool in Fortress Hotel, it's absolutely safe."

Hayden let go of his guard and let him attack.

She was still used to being dressed up by men, and Kevin didn't want to drag her back to the right path, as long as she felt comfortable and at ease.

How happy, how comfortable, how to come.

No matter what others say.

Hayden hummed without objecting.

So, ten minutes later, Kevin drove Hayden out, and Hayden's bodyguards naturally couldn't accompany him.

The butler personally opened the door for the two of them, and stood at the door of the villa to watch Kevin's Maybach go away.

After a long time, he sighed.

Since the young master liked him, as long as the young master was happy, that's fine.

Mr. and Mrs. Queen could accept it.

"Hayden, does the butler have any opinion on me?" Kevin said to Hayden while driving the car.

He had a very good attitude towards the butler, and every time he came over, he would give the butler some small gifts.

Whatever attitude the Queen family had towards the butler, that was his attitude.

After Hayden pursed her lips, she said, "The butler thinks that you have ruined my reputation and bent me, so I must have something against you."

Kevin chuckled, "Fang Bohu's poem, the classic line in King's movie 'Others laugh at me as crazy, but I laugh at others and can't see through.'"
