

Read Married at First Sight Chapter 2643

Married at First Sight Chapter 2643-Erika said, "Okay, Mom."

Erika had an opportunity to take revenge on Shiloh, the fake sister-in-law, openly.

The second and third young mistresses said in unison, "Mom, we also want to help Shiloh and let her have a long memory."

Shiloh glared at them hatefully.

Did they think that when Matriarch Farrell came back, she could support them?

They must know that Matriarch Farrell was just a mother-in-law of them, and Shiloh was a daughter of her. Generally, women who are mothers-in-law are biased toward their daughters.

Matriarch Farrell glanced at the two daughters-in-law and said calmly, "Just let Erika do it for you. You two can watch."

The second and third young mistresses could only respond, "Okay."

Erika walked up to Shiloh. Shiloh looked up at Erika and said, "Sister-in-law, please be gentle; I'm so afraid of the pain."

Erika said, "If you don't want me to help you, just do your best."

Shiloh: "..."

If she asked Erika to whip her, her face would definitely be swollen.

"Mom, I'll do it myself. I don't want to bother my sister-in-law anymore." Shiloh said quickly.

Matriarch Farrell remained silent.

Shiloh was afraid that if she didn't use any strength, Erika would take action, and she would not get any benefits, so she didn't dare to pretend anymore, so she followed the example of her three brothers and used all her strength to slap her cheek.

Snapped!

It hurts!

Snapped!

The other cheek received another slap; it was Erika.

After Erika slapped Shiloh hard, she felt that half of the anger accumulated in her heart had been vented, and her whole body felt extremely light. She didn't wait for Shiloh to react, and she slapped her again.

Shiloh was slapped twice in succession, and Shiloh's face became red and swollen at a speed visible to the naked eye.

"Sister-in-law, I've already done it myself; why do you still hit me? Are you taking the opportunity to retaliate against me?" Shiloh asked Erika angrily.

There was burning pain on both sides of her face. She knew her face was swollen without looking in the mirror; she felt it.

"You usually do nothing and have no strength. If you act like that, Mom will not calm down. Since Mom has asked me to help you, if I don't help you, I mean I don't take Mom's words to heart.

What should I retaliate against you for? What have you done to offend me? Are you worried that I will take the opportunity to retaliate against you?"

When Erika retorted like this, Shiloh opened her mouth but couldn't speak.

Shiloh looked at Matriarch Farrell pitifully, but Matriarch Farrell didn't look at her.

Knowing that Matriarch Farrell was furious, Shiloh had no choice but to hold back.

Matriarch Farrell did not tell her children to stop, and none of the three brothers and Shiloh dared to stop.

Each one of them had their faces swollen, and then Matriarch Farrell said coldly, "Stop."

The four siblings stopped.

Matriarch Farrell stood up; her eyes were unusually cold. After giving Holden a long look, she turned to face her children and said, "Your mother gave you everything you have right now. If you continue to help Dad, you will not get benefits from the Farrell family; resign from your position in the company, leave the Farrell Group, and move out of the Farrell family."

Married at First Sight Chapter 2644-Matriarch Farrell added: "From now on, you will be self-reliant outside. Whether you live or die depends on your ability. Don't think that because you are my children, I will be soft-hearted. Those who betray me will never end well."

"Mom, we know we were wrong, and we will never give money to dad again."

Marco quickly admitted his mistake and stated that he would never give money to Holden again.

Others echoed.

According to Matriarch Farrell, she gave them everything. If they lose their identity as the young master of the Farrell family, leave the Farrell family group, and move out of the Farrell family, they would be nothing.

Even if the love is deep and money, status, and interests are involved, they will still choose the latter.

Who told Holden to be dissatisfied? They gave him a little money, but he actually used it to pick up girls. Didn't he know that his wife was a tigress?

"I'll cut off all the flowers and plants that the three of you are causing trouble outside! If you let me know that you are still keeping mistresses outside, I will expel you all from the house."

In the past, when Matriarch Farrell knew that her sons had a mistress outside, she would not react too harshly. That is, the last time she asked Kathryn to open her warehouse and pick out jewelry for each of the three daughters-in-law. Give it to them to appease them.

This time, after experiencing the rage of Holden's betrayal, she understood her daughters-in-law and sternly warned her sons.

The three brothers lowered their heads and did not dare to say anything.

"Go away; don't stay here anymore; it makes me furious just looking at you."

Matriarch Farrell scolded her children.

The four siblings hurried back to their rooms.

Kathryn quietly said to Erika, "Sister-in-law, take some ice cubes back to the room and apply them on my eldest brother's face."

Erika stole a glance at her mother-in-law and then left quietly.

She wanted to do what Kathryn said.

At this moment, she felt that her sister-in-law should be kissed.

Unlike Shiloh, she was just a white-eyed wolf. No matter how nice Erika was to her, it was useless.

Seeing this, the second and third young mistresses also went upstairs to get ice cubes and put them on their husband's faces.

Now that their mother-in-law was back and someone was supporting them, their husband would not dare go out to find the mistress again, and their lives would be restored to peace.

Of course, their relationship with Shiloh, the fake sister-in-law, was completely strained.

Anyway, the Farrell family would be handed over to Kathryn from then on, and Kathryn was their biological sister-in-law.

Shiloh had no one to give her ice cubes to apply on her face.

Kathryn looked at Holden, who was still kneeling, brought him ice cubes, and said to Matriarch Farrell, “Mom, you have beaten him, scolded him, and punished him. My father is still young, so let him Get up and go back to his room to apply some medicine on his face.”

Matriarch Farrell said to her husband, “Holden, let me tell you again; you have already betrayed me twice. If we get divorced a third time, you can find as many young women as you want.”

Holden was shocked. He felt that his dignity had been ruined by being beaten and punished, and he hated this tigress in his heart, but he was unwilling to divorce her.

Firstly, Holden was already over seventy, and secondly, his relatives in the Janzen family all depend on the Farrell family for their lives. If he divorced Matriarch Farrell, his family members would lose all the benefits, and they would be forced to pay back the benefits they received before.

Holden knew very well how ruthless Matriarch Farrell was, having been married to her for decades.

“Honey, I know I was wrong. I really know I was wrong. I promise, there won’t be another time. Please forgive me. For the sake of your children, forgive me this time. I will never do anything wrong to you again.”

Holden swore a poisonous oath.

“Go away; I don’t want to see you now!” Matriarch Farrell was cursed.

“Yes, yes, I’m leaving now.” Holden quickly got up. Because he had been kneeling on the keyboard for too long, he almost fell down when he stood up. Kathryn quickly helped him.
