

An Understated Dominance By Marina Vittori

Chapter 1857

Dustin slowly raised the Sky Sword, pointing the tip of the sword directly at Dustin Kate in front of him: "Second sword, break the army!"

As soon as he finished speaking, Dustin suddenly disappeared on the spot.

The man and his sword turned into a black light and slammed into Dustin Kate.

This sword has no aura that shakes the world, nor does it have a soul-stirring chill. There is only one thing, and that is speed.

Extremely fast!

In the blink of an eye, the black light had crossed a distance of tens of meters and appeared directly on Dustin Kate's chest.

"Huh?"

Dustin Kate's pupils shrank, and he had no time to react. He could only rely on his instinct to activate the protective aura.

"Bang!!"

There was an explosion, and the black light hit Dustin Kate's protective shield hard, and the terrifying energy contained in it exploded instantly.

The originally indestructible protective shield was now like glass, bursting on the spot and completely defenseless.

After the protective shield was shattered, the black light remained powerful and suddenly hit Dustin Kate's golden armor.

The armor made of Xuanjin was dented by the blast.

The powerful impact made Dustin Kate's whole body fly like a cannonball a hundred meters away and hit the stone lion at the entrance of the palace.

The stone lion, which weighed several tons, fell apart on the spot.

As for Dustin Kate, blood was spurting from his mouth and nose, his face was pale, his whole body seemed to be falling apart, and he lay paralyzed on the ground, unable to move.

Seeing this scene, the whole place was in an uproar.

No one expected that Dustin would be so powerful when he got serious.

Even Dustin Kate, who activated the secret technique, didn't do it, and was blown away with just two moves.

The gap in strength between the two sides is obviously not a small one.

"Oh my God! Is His Highness the Crown Prince so powerful? He is not even a match for the General of the Hussars?"

"The Kirin son of the Rhys Family is indeed worthy of his reputation. Such a genius is truly the best in the world."

1 "The general is really unlucky. When he encounters such a monster, he cannot be judged by his sense at all."

Seeing Dustin Kate who was beaten and vomiting blood, everyone couldn't help but talk about it.

Dustin Kate's previous invincibility in the Black Dragon Army has now been completely shattered by Dustin.

They finally realized the terrifying talent of this West Lucozia prince.

"Well done!"

Seeing Dustin win, Cornelius Ao couldn't help laughing, looking particularly excited.

Although Wen Wen had said before that His Highness the Crown Prince had a higher winning rate, he had never seen it with his own eyes, so he was somewhat uneasy.

Now that he has seen the true strength of His Royal Highness, he can be said to be in a state of admiration.

"Hmph! If you dare to fight against my brother, you are really humiliating yourself!" Thorian Rhys looked proud.

"This boy's strength has really improved by leaps and bounds." Rufus Rhys squinted his eyes and showed a satisfied smile.

"It's over, we are completely defeated now."

Nangong Popo's expression changed and he said solemnly: "Two generals, you'd better make a decision early."

Harmon Liang and Gao Yuan looked at each other, their brows furrowed, and neither of them spoke.

"Third Uncle, I still have one sword left. Do you want to try again?"

Dustin stretched out his sword finger and suddenly raised it.

With just a "swish" sound, the Sky Sword instantly flew to a height of 100 meters, with the tip of the sword facing down, staring at Dustin Kate on the ground.

The black light on the pitch-black sword was erratic, like a wild beast seeking to devour others.

"My third sword, called Greedy Wolf, is twice as lethal as the second sword. If you are interested, then I will let you try it."

Dustin said, and the sword finger suddenly pressed down.

The Sky Sword, which was a hundred meters above the ground, instantly turned into a black light and slashed down at Dustin Kate.

Wherever the black light passed, you could hear the sound of dragons roaring and tigers roaring, and the power was extremely terrifying!

"Stop!"

"I give up! I give up!"

Seeing that he was about to die, Dustin Kate was so frightened that he howled repeatedly and finally lowered his head.
