### Chapter 3374

Soon, a cold light flashed across Liu Xueyi's eyes!

He knew that if he didn't come up with a trick, he might really die here!

Liu Xueyi, who was running away, suddenly stopped, turned around and spat out a mouthful of blood towards David!

The blood turned into blood mist and turned into a ferocious blood-colored monster in the void. This blood-colored monster attacked David! As

a demon cultivator of the blood demon lineage, Liu Xueyi has his own use and understanding of blood!

"Hmph, you are not overestimating your abilities. If you are not strong enough, no matter how many spells you use, they will be in vain..."

David snorted coldly and drew the magic whip directly towards the bloody monster, and the magic whip was still burning with fire!

The blazing flames rose up, and the bloody monster disappeared in the blink of an eye under the blazing flames!

At this moment, Liu Xueyi frowned and his face became extremely ugly!

After David destroyed the bloody monster, he did not stop whipping the magic whip in his hand, but whipped it directly towards Liu Xueyi!

But this time, Liu Xueyi didn't dodge and was hit directly by the magic whip!

boom!

With an explosion, Liu Xueyi's body exploded, and the blood mist began to disperse in the sky!

David was stunned. He didn't expect that Liu Xueyi would not dodge or dodge, and was directly blasted by him!

Just when David was stunned, the blood mist all over the sky condensed into a human shape and quickly moved towards the distance!

When David saw this, he knew that he had been fooled. Liu Xueyi actually ran away!

Just when David wanted to chase him, Liu Xueyi was no longer there!

"Damn it, he actually escaped?"

David was a little angry, but he was curious. Liu Xueyi's body had obviously exploded, so how did this guy escape?

"Mr. Chen, this guy is from the blood demon lineage. He uses the blood escape technique, using blood to escape." "

This is the life-saving skill of the blood demon lineage, no. There are also disadvantages to this blood escape technique, that is, after using the blood escape technique, the realm will decline, and it will be more difficult to improve the realm! "

Zhe Yan explained after David!

After hearing this, David understood how Liu Xueyi escaped, but this blood escape technique is really a good thing. Even if it has disadvantages, it can save his life in times of danger. This is The most important thing!

David regretted a little. If he had known that the Blood Demon had such life-saving skills, he would have learned a few tricks from the Blood Demon!

But the Blood Demon has returned to the world of heaven and humanity. David has a feeling that sooner or later, he will be able to Encounter him!

When he encounters the Blood Demon, David must learn two moves!

"It's broken..."

David suddenly remembered that he was a little far away from Luo Xi!

Just after chasing Liu Xueyi, David looked at Luo Xi , so it was a bit too far away. If Luo Xi was in danger, it would be difficult for David to rescue him immediately!

But when David was walking back, Luo Xi's voice suddenly came to his ears!

“Mr. Chen, help me...”

The voice was very urgent, and it was Luo Xi's voice transmission through the jade slip! When

David heard Luo Xi's cry for help, he suddenly became anxious and went straight to Luo Xi's direction!

At this moment, Luo Xi , holding a big stone in his arms, running desperately!

And behind Luo Xi, hundreds of monsters roared and chased Luo Xi!

“You beasts, why are you chasing me? “

Luo Xi looked at the ferocious monsters behind her and was about to cry!

She couldn't figure out why these monsters were chasing her!

There were hundreds of monsters that had crossed the Tribulation Realm, and Luo Xi's soul was If he is scared out, he can only run as fast as he can!

The sound transmission jade slip has been used, but there is no trace of David yet. Luo Xi is very scared!

Among these monsters, the leading one is fifteen or sixteen years old. Meter tall, with two huge feet. Every step he takes leaves a deep footprint on the ground!

## **Chapter 3375**

The long tail dragged on the ground, leaving a ravine!

These monsters are very similar to the previous Tyrannosaurus rex. Fortunately, because of their huge size, they move slowly, so Luo Xi has never been caught up!

The leading monster roared loudly, and then in front of Luo Xi, glass-like barriers appeared, blocking Luo Xi's progress!

Luo Xi's face was full of anxiety, and he turned the sword in his hand, and then suddenly swung it back. Thousands of sword lights appeared, heading towards those monsters! And

she herself struggled to hit those barriers!

When Luo Xi hit those barriers, there were ripples like water patterns on the barriers, which were impossible to break through!

Helpless, Luo Xi could only take a detour. Fortunately, the area of the barrier was not large. Luo Xi could pass by just taking a detour!

But this slowed down Luo Xi!

Behind Luo Xiang, the monster opened its mouth, and all the thousands of sword lights that Luo Xi waved were swallowed by the monster!

Fortunately, Luo Xi didn't see it, otherwise, he would have been so frightened that he couldn't even run away!

I saw the monster swallowing the thousands of sword lights into its mouth, chewing it twice, and then spit it out suddenly!

At this moment, those thousands of sword lights were heading towards Luo Xi!

Luo Xi felt a burst of cold light behind him, then his pupils shrank and he turned around suddenly!

As a result, thousands of sword lights were seen, shining with light!

The sword light was already in front of him, Luo Xi screamed instinctively, and then held the stone in his hand to block it in front of him!

This was Luo Xi's instinctive action. Because it was too tight, Luo Xi had no time to react!

Just when Luo Xi lifted the stone, suddenly a light emitted from the stone, and there were all kinds of wonderful lines on it!

A very strange force caused those sword lights to fall and disappear one after another!

Luo Xi narrowly escaped death and had no time to carefully observe the stone in his hand, so he could only run with all his strength!

And after seeing the light emitting from the stone, those monster beasts became even more crazy, roaring loudly, and chasing Luo Xi desperately!

At this time, David was also rushing over, and he could already see Luo Xi's figure from a distance!

After seeing the monsters behind Luo Xi, David also felt dizzy!

Hundreds of monsters are chasing Luo Xi together, which is a bit difficult to handle!

It is impossible for David himself to stop these hundreds of crazy monsters!

Hundreds of monster beasts roared again, and in front of Luo Xi, a dense barrier appeared!

These barriers are all transparent. In the void, if you don't look carefully, you can't see them at all!

It wasn't until Luo Xi bumped into the barrier that he realized that the road ahead was blocked again!

Luo Xi also used the old method to get around from one side, but this time he couldn't get around.

Because there were too many barriers this time, extending directly for a long distance!

Luo Xi frowned, became even more panicked, and then slashed hard with the long sword in his hand!

She wanted to break the barrier, but when Luo Xi slashed it with his sword, it seemed as if it had been cut into the air. The long sword passed through the barrier, and then the barriers were restored again!

Luo Xi was stunned and then swung his sword again, but it was still the same, the barrier seemed impossible to cut through!

At this time, Luo Xi was shocked. Looking at the monsters behind him, he really wanted to cry without tears!

“Why? Why are you beasts chasing me...”

“Am I going to die here, in the mouths of these monsters?”

Luo Xi began to regret, regret coming to this battlefield of gods and demons!

If he hadn't come, nothing like this would have happened. Although there are many opportunities in the battlefield between gods and demons, the dangers are also great!

We have just arrived at the battlefield between gods and demons, and we are about to lose our lives!

“Miss Luo, don't be afraid...”

Just when Luo Xi was desperate, David's voice suddenly rang out!

## **Chapter 3376**

At this moment, hearing David's voice, Luo Xi seemed to hear the sound of nature!

“Mr. Chen, save me...” Luo Xi shouted excitedly when he saw David!

David put away his magic whip, took out his dragon-slaying sword, and slashed hard with the sword, trying to smash the barrier in front of Luo Xi and create a passage!

Rumble...

After a huge sound, those transparent barriers still existed. David's violent blow just now penetrated the barrier directly and did not cause any damage to the barrier!

"Eh? What a weird technique?"

David was very curious when he saw this. He didn't understand how these monsters could have such methods!

David saw that force could not break through, so flames jumped out of his palms, and a burst of fire struck through!

Since force can't break it, use fire!

It's a pity that Zhihuo has no influence on the barrier at all!

Seeing that the barrier could not be broken, David began to become anxious, because those monsters were so close!

David was helpless, the dragon crystal on his chest began to shine, and then golden light shot out in all directions!

A monstrous dragon power surged out, and then headed towards those barriers!

Those barriers disappeared instantly after coming into contact with the power of the divine dragon!

Not only did the barrier disappear, but even the chasing monsters slowly stopped with fear in their eyes!

Seeing those monsters stop, Luo Xi breathed a long sigh of relief!

David relied on the power of the divine dragon to suppress those monster beasts, and then slowly retreated with Luo Xi, keeping their distance from those monster beasts!

But as soon as David and the others retreat, those monsters will follow!

When David stopped, those monsters also stopped!

This was repeated many times, which made David very confused!

“These monsters are crazy, why are they always chasing us?”

Luo Xi complained very dissatisfied!

“It’s really strange. Why are these monsters chasing after them?”

“Did you provoke these monsters?”

David asked in confusion.

“No, I just picked up a stone, and these monsters chased me desperately...”

Luo Xi said!

“Stone?” David then discovered that Luo Xi was holding a round stone in his arms.

David took the stone from Luo Xi’s arms, looked at the strange ripples on the stone, and then a ray of spiritual consciousness penetrated into it, and then he was stunned!

Because what kind of stone is this? It’s clearly an egg!

Thinking of these monsters chasing Luo Xi like crazy, David could conclude that this egg must belong to these monsters!

What parent would not fight tooth and nail if they saw their child being taken away?

“What kind of stone is this? This is obviously an egg.”

David said speechlessly for a while!

After hearing this, Luo Xi suddenly looked embarrassed. “I saw that there were patterns on the stone. It must be some kind of treasure, so I picked it up. Unexpectedly...”

David took the egg and looked at the leading monster, and then He said, “I’m really sorry. We didn’t steal your eggs, we just misunderstood. I will return the eggs to you now.”

These monsters have already opened their spiritual intelligence, and of course they can understand David’s words!

The most important thing is that David's divine dragon power makes all these monsters fearful!

If David didn't have the power of the divine dragon, these monster beasts would never listen to David's words, and they would have roared and attacked!

The monster nodded, David put the egg on the ground, and then pulled Luo Xi back!

When the monster saw this, he opened his mouth and took the beast pill in his mouth!

Then he looked at David and Luo Xi, and suddenly said, "You entered here, do you want to hunt for treasure? Come with me..." After the

lead monster finished speaking, he turned and left, and the other monsters followed. We left together!

David and Luo Xi looked at each other and immediately followed him!
