An Understated Dominance by Marina Chapter 1980

Chapter 1980

After the bald man entered the water, the rolling water gradually subsided.

Everyone stood by the lake, waiting quietly, each with their own thoughts.

This lake is very quiet, the water is turquoise, the visibility is very low, and there are no fish or shrimps in it, which is obviously not normal.

Time passed little by little, and soon, five minutes passed.

The surface of the lake was still calm, with no fluctuations inside.

The three people who entered the water before disappeared without a trace, like mud cows entering the sea, without making any waves.

“It must have been five minutes, right? Why haven’t they come up yet? Are they in danger?” ”

It’s unlikely. If there were really monsters under the water, the three of them would have struggled to get up, but now there’s no fluctuation at all. , which is enough to prove that the three of them were not in danger.”

“Could it be that they encountered an undercurrent and were drowned?”

“...”

Everyone looked at the calm lake and began to talk and speculate.

The physical fitness of warriors is stronger than that of ordinary people, but generally speaking, the breath-holding time is only five or six minutes.

If it is strenuous exercise, the time will be greatly reduced.

The three people who had just entered the water did not have any diving equipment and only wore a pair of goggles. Now five minutes have passed and no one has shown up, which is really strange.

“Captain Leo, how long can your team members stay underwater?” Margaret suddenly asked.

“Normally speaking, about eight minutes.” Leo Alexander replied.

“It’s been six minutes now. If they don’t come out, they might be in danger.” Margaret looked at the time.

She couldn’t see clearly what was going on under the water, and she didn’t lack the ability to determine whether the members of the Black Scorpion Team were in danger or had found a treasure.

When the eight-minute limit time is up, if the three of them still don’t move, they can only treat it as a sacrifice.

“Miss Margaret, I believe in my team members, they will be fine!” Leo Alexander was still very confident.

In his opinion, there is a high probability that the three bulls have found a treasure and are hiding it.

As long as the treasure is hidden, the three of them will naturally pay it forward.

“Wow~!”

Just as everyone was watching intently, a head suddenly popped out of the water, causing water to splash everywhere.

It’s a bald man, a bull!

“Whoosh~ Whoosh~”

Two more splashes of water rolled, and the other two members of the Black Scorpion team also successfully surfaced.

“It’s out, it’s out!”

Everyone’s eyes lit up and they became energetic.

“Captain! I made a discovery!”

Bull took off his goggles, wiped the water stains on his face, and laughed loudly: “I just saw an underwater palace at the bottom of the lake. It is very luxurious and spectacular. There must be many treasures hidden in it!” ”

Water Going down to the palace?”

As soon as these words came out, the whole place was in an uproar.

The building that can be called a palace is obviously not a mortal thing, maybe it is some ancient ruins.

And often, various rare treasures are hidden in these ancient ruins.

As long as they can share one or two pieces, it will be enough for them to eat and drink for several lifetimes.

“Hahaha... great! There is indeed a treasure at the bottom of this lake!”

“It seems that what Miss Zhang said is true, this is indeed a treasure land!”

“Brothers! What are you doing standing still? Take off your clothes quickly and go into the water to hunt for treasures. !”

“ ... ”

After confirming the situation, everyone on the shore became excited.

Everyone is gearing up and impatient.

“Bulls! You have done a great job. When the work is completed, Senior Billy will reward us heavily!” Xue Feng laughed.

The underwater palace was discovered by the Black Scorpion Team. No matter how you calculate it, it is the first success.

“Thank you, Senior Billy!” Bull clasped his fists in the air.

“Don’t use this trick. I always keep my word. If you dare to take the lead, I will give you more treasures.” Billy Ruso smiled lightly.

People are in high spirits when happy events happen. After struggling for so long, I finally found a treasure.

“All members of the Black Scorpion Team obey the order and enter the water!”

Leo Alexander waved his hand and immediately gave the order.

“Disciples of the Golden Blade Sect, follow me!”

Seeing this, Kevin Snow didn’t hesitate at all and ran directly into the water.

He has the responsibility of being a teacher, so naturally he cannot slack off.

Just when everyone was in high spirits and ready to dive into the water to seize the treasure, something unexpected happened.

They saw a huge fin suddenly appearing in the middle of the lake.

The fin emerged from the water and was three meters high, like a small sailboat, and it was extremely fast. As soon as it appeared, it headed straight for the three bulls.

It was silent and caused no movement.

“Bull! Get ashore quickly!”

Leo Alexander’s sharp eyes quickly noticed the abnormality and immediately issued a warning.

The fins of a fish are three meters high. How big should the fish hidden under the water be?

“Captain, what’s wrong?”

The three Bulls did not notice anything strange behind them, but looked confused.

“Behind you! Be careful behind you!”

Leo Alexander pointed to the center of the lake.

“Behind?”

The three Bulls were slightly startled, and then all turned back.

At the same time, the fins of the gliding fish suddenly sank, as if sensing something, and disappeared without a trace, leaving only circles like rippling ripples.

“Captain, did you see it wrong? Is there anything behind you?” Bull looked left and right, somewhat confused.

“Stop talking nonsense! Look ashore!” Leo Alexander frowned, feeling uneasy.

“Go ashore!”

Seeing Leo Alexander’s solemn expression, the three bulls did not dare to hesitate and immediately swam to the shore.

“Boom~!”

At this moment, a huge creature suddenly burst out of the water from behind the three of them, causing a turbulent wave.

It was a giant, dark, strange fish.

The strange fish is more than ten meters long, with a mouth full of sharp teeth, eyes like lanterns, and fins like steel blades.

As he broke out of the water, he jumped several meters high, and then swallowed a member of the Black Scorpion Team in one gulp under the horrified eyes of everyone.

Then there was another “dong” sound, and it rushed into the lake and disappeared.
