

Married At First Sight Chapter 2817-Kevin added, "Hugh, if you need me to do anything for you in the future, just ask. I can also help you."

Hugh really wanted to find a hole in the ground and crawl into it.

Kevin spoke with a gun and a stick, and when he hit him, he had to keep a smile on his face.

Hayden said, "You two go over there and sit and flatter each other. Stop disturbing my work here."

Hayden was not going to interfere. After drinking half a cup of coffee, she put down the cup and said to the two grown men.

"Sister, I'm leaving right away. I'm leaving right now. I won't disturb your work."

Hugh quickly walked to the sofa in the reception area and sat down.

Kevin also followed.

The two of them were flattering each other again, but Hugh was extremely embarrassed.

After a while, Hugh hugged Kevin's shoulders with a smile and said to Kevin, "Brother Kevin, I actually admire you very much and recognize you very much. Looking at the world, there is only one person who can be worthy of my sister. What I just said is actually because I am jealous of you.

My sister and I have been siblings for twenty or thirty years, but she has always regarded herself as my elder brother in front of me. He has never put on women's clothes for me, but she has put on women's clothes for you and even told everyone that she is actually a woman and you are not gay.

Everything she does is for you, and I can't help but feel jealous. It's me who is useless. My sister has always been there to protect me. She has protected me for more than 20 years. I have a bit of a sister complex. Thinking that my sister is going to marry you soon, I can't bear it, so I'm talking nonsense."

Kevin said, "You have a lot of money; don't worry about a villain like me. Hugh, I only have you as my brother-in-law. Apart from you, there will be no other man."

“Brother Kevin, I heard from my sister that you just recorded a voice with your mobile phone. What are you recording for such a trivial matter? Delete the recording. Don’t let my parents listen to it. You also know that my parents are looking at me. It’s not pleasing to the eye; I’m guaranteed to blow my head off after listening to your recording.

I’m your only brother-in-law, Brother Kevin; can you bear to see me get my head blown off by your father-in-law?”

Kevin tilted his head and looked at Hugh with a half-smile.

He didn’t speak, nor did he take away Hugh’s hand on his shoulder.

However, he took out his phone, clicked on the recording, and actually recorded those b*stard words Hugh said.

Hugh tried to grab his phone, but Kevin slapped him away.

Hugh said, “Brother Kevin, if you have anything to say, tell me, what do you want me to do before you delete this recording?”

He knew how much his parents admired Kevin. Even if what he said was not sincere and he was just being mean, if his parents heard it, they would still beat him up because he wanted to destroy the relationship between Hayden and Kevin.

Kevin leaned back and looked at Hayden, who really didn’t care about them and was working seriously.

Hugh followed his gaze and looked at Hayden, then leaned into Kevin’s ear and asked in a low voice, “Do you want to sleep with my sister?”

Kevin glared at him but also said in a low voice, “I am a gentleman and respect your sister. I will not go too far before I get a marriage certificate.”

Hugh immediately gave him a thumbs up and praised him: “Brother Kevin, you are a real man, and all the men in your York family are real men!

Brother Kevin, I am slow and stupid. I am not as smart as my sister. If you want me to do something for my sister, please tell me clearly. I will do it if I can do it. If I can’t do it, I will work hard.”

Kevin deliberately touched his head like a puppy and said with a smile, “Hugh, you are actually very smart, not inferior to your sister. You have already been able to stand alone in the company, but only with your sister supporting you can you live so carefree.”
