

Read Married At First Sight Chapter 2838

Married At First Sight Chapter 2838-If Julian didn't answer, his father and mother would fly over on a private plane right away and propose marriage to the Caron family. The problem was that he hadn't confessed his love to Kiera yet, and Kiera would be frightened if his parents came over to propose marriage.

After getting along with his destined girl for a while, he fell deeply in love with her. Because of his deep love, he was afraid of scaring her.

He was not afraid of anything, but he was definitely a weakling in front of Kiera. He was afraid of this and that.

"When can your mom and I go meet your in-laws, Julian? We've prepared nice gifts more than once for the marriage proposal. As soon as your mom and I realize something is missing, we will make a kind and generous gift and promise to make the marriage proposal."

Mr. Bucham was really anxious.

Julian's age is forty if rounded up. Like Duncan, he was an older, leftover man in Wiltspoon. Can he not be anxious?

Julian said, "Dad, I haven't confessed my love to Kiera yet; why are you proposing a marriage?"

Mr. Bucham scolded: "How long has it been and you haven't confessed to her yet? What's going on? Does she like someone? Or do you dare not confess?"

Julian: "Dad, you think it's been a long time, but actually it's not that long. It's been less than a month since I came to Yonsburg. Kiera considers me a friend, but I am unable and unwilling to declare my affection for her. We need to spend more time together before we can confess our feelings."

Mr. Bucham on the other end of the phone said, "Where is your courage? It's been raining red today, and you, Julian, are sometimes scared. Others dare to confess their love at first sight. You and my future daughter-in-law know each other. It's been two or three months, and you still don't dare to confess your love. Julian, you don't want to hold your wife, but your dad and I still want to hold our grandson."

Julian: "Dad, I think so too. I'm just afraid that Kiera won't be able to accept it after knowing my feelings for her. She has a rather masculine personality and likes to treat men as buddies. Besides, I'm so many years older than her."

Mr. Bucham: "Age is not a problem. If you don't confess to her, she won't know your feelings for her, so she will treat you as a buddy. If you confess, she will know how you feel about her, and she will no longer treat you as a dude. Our future daughter-in-law is so kind. If you don't act quickly, someone else will take her away, and you'll then go home and cry."

Arrange a place for me and your mother to live. We will go to Yonsburg in two days. We wanted to go last time, but you persuaded us. Your mother and I could only resist disturbing you, but it's useless. If your mother and I don't add fuel to the flames, the New Year will be coming soon, and when the New Year is over, you will be one year older. You are not in a hurry; we are."

The main reason was that Julian had such a disease. Apart from Kiera, who could make Julian a normal man, Kiera was the only one who could save Julian. If Kiera is not married into the Bucham family for one day, Mr. Bucham and his wife will not be able to rest at ease.

If Kiera fell in love with someone else and married someone else, Julian would have to be a bachelor for the rest of his life.

Alas, Mr. Bucham and his wife were also ordinary parents who had to worry about their children.

Julian: "There is still more than a month before the New Year.

More than a month has gone by in the blink of an eye. Do you think more than a month is very long? Once the new year is over, you are waiting for the new year again. The days are passing by like this. If you don't hurry up, in the blink of an eye, you will become an old man with gray hair. Look, who still likes you, old man?"

Julian: "..."

His dad was going too far with his talk.

Julian was not yet forty years old and was in the prime of life. According to his father, he has already become an old man.

"Husband, give me your phone, and I'll talk to Julian." Mrs. Bucham on the side also wanted to scold Julian.

Julian quickly said to his father, "Dad, I'm still busy. The branch has just been established, and I have to deal with many things. Tell my mom that I will talk to her on the phone another day when I am free."

After saying that, Julian hung up the phone.

Married At First Sight Chapter 2839-Mr. Bucham over there just handed the phone to Mrs. Bucham.

Mrs. Bucham took a look at the phone and said, "That br@t has hung up the phone."

"That kid actually hung up on me."

When Mr. Bucham saw that the call was actually hung up, he cursed angrily. Then he sighed again, “I’m really worried about this br@t. I arranged so many blind dates for him in the past, but he didn’t like them. Only then did I realize that there was something wrong with him. Finally, someone was able to save him. He does things neatly, but his mother-in-law is procrastinating.

How difficult is it to confess, propose, get married, and have a baby?”

It’s true that the emperor was not in a hurry, and the eunuch was in a hurry.

Mrs. Bucham said, “Julian has never been in love and has no experience. He is also exploring now. He is different from others. Anyway, he is guarding Yonsburg. There will be no other men around Kiera. Don’t worry.

Marriage is a lifelong event, and I really can’t rush it. They have to be willing to do it, and then they can be happy after marriage. Our family can’t use force to get married; otherwise, it will be either a marriage or an enmity.”

The Caron family was not as good as the Bucham family, but the Caron family martial arts gym had been in Yonsburg for so many years and had taught many students and disciples. Naturally, there were also people who were very good at it. If the two families become enemies, no one will benefit.

What’s more, they couldn’t afford to offend their in-laws.

Kiera could remarry without Julian, but Julian couldn’t remarry without Kiera.

Mrs. Bucham: “Husband, do we want to go there?”

Mr. Bucham glanced at his wife and said, “That br@t hasn’t confessed his feelings yet. We could only pretend to travel in the past, but we couldn’t do anything. There’s no point in going there.

We can pretend to go on a trip and then show up in front of our in-laws to let them know that our family is kind, and we can add some points to Julian in the future. After all, our son is an old man, and Kiera is still a little girl.”

If their daughter was only twenty-four years old and wanted to marry a 35-year-old uncle, they would also hesitate.

Mrs. Bucham said, “You’re right. Let’s go over there and bring the gifts we prepared. Isn’t that br@t shameless enough to live in someone else’s house? As parents, we should always thank them more. I guess the br@t won’t give them rent money, so it’s normal for us to give them some gifts, and they won’t be too eye-catching. I’ll pick some ordinary, not very expensive gifts, and let’s go there.”

If the gift is too expensive, they’re afraid the Caron family won’t accept it.

But after Julian hung up the phone with his father, he leaned back on the black swivel chair and turned the chair back and forth. He wanted to confess to Kiera that he actually liked her and didn't want to be her buddy.

He just wanted to be her husband.

He didn't know if Kiera would accept his confession?

If she didn't accept it, he might be kicked out of the Caron family and could no longer live in the Caron family.

He quite liked the atmosphere of the Caron family; it was very lively, and the whole family loved each other.

“Ring ring ring...”

Julian's cell phone rang again.

He thought it was his father calling, so he quickly sat up straight. When he saw clearly that the caller ID was Kiera, a smile appeared on his face, even if Kiera couldn't see him smiling.

“Kiera.”

When Julian called Kiera, he was in a happy mood. Kiera didn't even need to look to know that he was smiling.

“I'm in such a good mood; I signed a big deal. We just concluded a big business deal, which can bring tens of millions in profits. I'll invite everyone out for dinner tonight to celebrate.”
