

The Ex-Husband's Revenge By Dragonsky

Chapter 1984

Chapter 1984

"Fine! This ends here. We Hiltons and Golans will retreat now! Let's go, troops!" after a brief moment of contemplation, Devon finally decided to take the high road.

After all, Leon could run, but he could not hide!

Although Leon got lucky this time and managed to get away with three parties on his side, the Hiltons were certain that his luck would eventually run out!

They would wait patiently until that day arrived, and then get rid of him once and for all!

There was no need to act rashly at all —the perfect time would eventually come!

"You want to run? Not so fast!" all of a sudden, Leon sneered. "Sirs, Seth, and Gordon acted under Joel's orders throughout all this, and so he's the mastermind behind all this! Please arrest him and give him the punishment he deserves!" he said solemnly.

Since Joel remained impartial throughout all this, Leon previously mistakenly thought that he was not involved in Iris and Snow's kidnapping at all, but now, after Gordon's betrayal, he discovered that Joel was the mastermind behind all this!

Not only was he the one who instructed Gordon to capture Iris and Snow, but he even summoned the rest of the Hiltons to kill him!

There was no way he could allow the Hiltons to leave just like that, without any retribution for the crimes they committed at all!

"Um," Oliver and Abraham froze when they heard this, then exchanged nervous glances.

The Hiltons were one of the most powerful families in the Southern region, and the Dragon Corps could not possibly capture any member of them without a valid reason!

Therefore, it was not at all appropriate of them to arrest Joel just based on Leon's orders!

However, Leon was their superior, and there was no way they could go against his orders!

With these two considerations in mind, they could not help wondering what was the best course of action.

"Hey, don't overstep your boundaries, you twat!" Devon and Joel were both outraged by this. The Hiltons had the upper hand, and if the Dragon Corps did not show up just in time, Leon probably would have been dead by now!

Not only was Leon ungrateful for his narrow escape, but he even dared to retaliate!

None of them could understand just how naive this man was!

"Mister Wolf, let's just leave this for another day!"

"Yes, it's better to count our blessings. Please let the Hiltons and the Golans leave!" Angus and Alan quickly piped up.

They all knew that with the Hiltons' influence, the Dragon Corps could not arrest them without reason at all.

Thus, it was utterly bogus of Leon to demand them to capture Joel just like that!

Because of this encounter, the Thompsons and the Hughes already became enemies of the Hiltons, and as long as Leon could stomach this one incident, he would have plenty of opportunities to seek revenge on them again in the future!

There was no need for him to demand retribution right now at all!
