The Ex-Husband's Revenge chapter 2471

"Oh, Mister Feaks, allow me to introduce my friend, Hugh Wolf. Hugh, this is Mister Jaxon Feaks," Renee briefly introduced the two.

"Mister Wolf, nice to meet you. I'm sorry for asking this, but I don't think I've heard of your name in the past. May I know which family you come from?"

Jaxon asked.

The western region was vast and he could not possibly know the names of all families. Hence, it seemed normal for him not to know Leon and he did not think too much of it.

Since Leon was Renee's friend, he assumed that Leon was someone whose status rivaled Renee's, which meant he would be far more powerful than Jaxon himself. Hence, he asked about Leon's background to create a bond in the hope of benefiting his own family.

"I'm not from the western region. I'm the vice president of Cynthion Group from the southern region," Leon said, an idea crossing his mind.

He came to the western region to establish a branch here in the western region.

All the guests here in this bouquet were of great influence, so he voiced the name of his company in the hope of leaving an impression.

This would indirectly market for Cynthion Group and ensure a smoother operation in the future in the western region.

"Are you from the southern region? And you are just a vice president?" Jaxon's smile froze.

He did not expect Leon to be a mere vice president.

This completely caught him off guard.

Naturally, he was not the only one. The others exchanged shocked looks and were all surprised by Leon's humble background.

After all, this was a business bouquet meant for elites, and all guests invited were either wealthy or powerful.

Cynthion Group, however, was just a small business and Leon was just a vice president, which meant he could not compare to the status of the guests here.

Instantly, they all looked down on Leon and cast looks of contempt at him.

However, something even more shocking followed.

“Mister Feaks, don’t underestimate Mister Wolf just because he is a vice president. He’s Miss Morrison’s boyfriend.” Just then, Joshua saw the contemptuous look in everyone’s eyes and exposed Leon’s relationship with Renee, acting as though he was seeking justice for Leon.

Instantly, the crowd erupted into chaos.

“What?”

“He’s Miss Morrison’s boyfriend?” “How’s that possible?”

Everyone was shocked and they turned to look at Leon in disbelief.

None of them expected Leon, with mediocre looks and lowly status, to be Renee’s boyfriend.

This was beyond their imagination and they were all blown away.
