Chapter 2023

Chapter 2023

"Die, kid! The Poisonwielder narrowed his eyes viciously when he saw that Leon intended on facing him directly.

He could tell that Leon was in the Emperor State at best during the earlier exchange and did not see Leon as a threat at all.

'How dare a man as weak as he is face up to me directly? He must have a death wish!' He thought as he strengthened the energy around his fist to strike Leon in full force.

"It's over! Mister Wolf's going to die!"

Fletcher, Scott, and the others instantly paled in despair.

If none of them could defeat the Poisonwielder, there was no way that Leon could accomplish such an impossible mission and the only possible outcome would be Leon's inevitable demise.

Devastation filled their heart and just as they were about to give up, what happened next shook them to their cores.

"Baam!"

The power of the Cuff of Doom tore through the Poisonwielder's attack and darted toward his arm and chest fiercely.

"Snap!"

The Poisonwielder grunted in pain and before he could register what happened, the bones in his arms shattered.

The strike from the Cuff of Doom hit him on the chest as well and he was instantly sent flying to the distance.

As soon as he landed on the ground, a sharp pain pierced through his chest, and he could not help but spit a mouthful of blood as he lay sprawled across the floor.

"Mister Wolf defeated the Poisonwielder! How is this possible?!"

Fletcher, Scott, and the others were stunned as they all thought that Leon would be destined to die.

To their bewilderment, Leon managed to fend off the Poisonwielder's powerful strike and even broke his arm in return.

It was so surreal that none of them could understand what was happening.

"How could this happen?" The Poisonwielder covered his chest and glared at Leon in disbelief, struggling to register the fact that despite being in the Almighty State, he was defeated by a young man.

He could not figure out how Leon accomplished such a miracle, nor could he bring himself to accept his defeat.

When he spotted the golden cuff in Leon's hand, he instantly realized that Leon might have managed to defeat him because he possessed an Almighty Weapon.

As he predicted, the Cuff of Doom was a second-grade Almighty Weapon and it held the power equivalent to a martial artist in the Intermediate Almighty State.

Since the Poisonwielder was in the Initial Almighty State, he would not have suffered such severe injuries if he handled the attack with care, but he underestimated Leon and let his guard down, which caused him to expose himself completely to the power of the Cuff of Doom.
