Chapter 2029

Chapter 2029

"If I'm not mistaken, this is where the Poisonwielder is hiding!" Loen smiled.

"What?!"

"Seriously?"

"Mister Wolf, how do you know that he is hiding here?"

Scott, Oliver, and the others were stunned and exchanged confused looks.

None of them could understand how Loen managed to pin the location of the Poisonwielder down without doing anything.

'Can he be a prophet or something? But that's just not possible!' They thought to themselves.

"You will find out soon enough!" Leon said mysteriously as he did not wish to inform others about the Soul Searcher.

"A- Alright, then."

Scott, Oliver, and the others agreed along hesitantly.

Linder Leon's lead, they soon arrived outside the temple.

"Scott, I'm going inside to scout the area first! You five will stand guard outside to prevent him from running!" Loen said.

Since the Poisonwielder was poisoned by Deadly Veratrum poison, he should have been rendered completely defenseless. However, he was a poison expert and there was a possibility that he already countered the Deadly Veratrum poison somehow.

If the poison was already expelled, barging in with a team of six would only alert the Poisonwielder and allow him the chance of running again.

Hence, Leon decided that it was best for him to observe the Poisonwielder on his own before taking action.

"What?! No way!"

Scott and the others gasped in shock.

"Mister Wolf, the Poisonwielder is far more powerful than you are! It's too dangerous for you to go inside alone!" Scott said worriedly.

"Yeah, Scott is right!"

"Mister Wolf, we can't just let you risk your life like that!"

Oliver and Abraham agreed along.

"It's fine! I have powerful weapons and the Poisonwielder won't be able to hurt me!" Leon brushed them off.

Though he ran out of strikes in his Cuff of Doom, he still had one Potential Energy Force from Master Haslewood and daggers containing the Deadly Veratrum poison.

The Poisonwielder would not be able to hurt Leon whether or not he succeeded in countering the Deadly Veratrum poison; in the worst-case scenario, Leon could slay the Poisonwielder with the Potential Energy Force.

However, the range of the Potential Energy Force was too vast and the reason he insisted that the others waited outside was to prevent the Poisonwielder from running, but also to prevent injuring his comrades by accident should he need to use the Potential Energy Force.

"Oh!" Scott and the others paused as they recalled Leon's weapons.

They all witnessed how Leon managed to injure the Poisonwielder with an Almighty Weapon despite being inferior in terms of power level.

It seemed unlikely for the Poisonwielder to hurt Leon as long as Loen possessed the weapon.

They were not aware that Leon exhausted the power of the Cuff of Doom, but he had even more powerful weapons in hand and their concern for his safety was unnecessary.

"Alright, it's settled! This is an order!" Leon commanded.

"Um, yes, sir! Be careful, Mister Wolf."

Scott and the others obeyed after reminding Leon to remain safe.

Leon then proceeded to sneak into the temple on his own.
