Chapter 2118

Chapter 2118

"You'll find out if I'm lying once you take the Sun Pill!" Leon smiled.

"Sure," Excited, Henry accepted the Sun Pill with trembling hands in anticipation, before swallowing it without hesitation.

The Sun Pill dissolved in his mouth within an instant and transformed into waves of energy that surged through his body.

Not daring to delay, he immediately sat on the ground to internalize the energy.

Sometime later, his power skyrocketed with the Sun Pill's help and the bottleneck of his training began to loosen.

Henry relentlessly attempted to break past it and eventually, he jolted as his strength increased and he reached the Initial Almighty State.

"Thank the gods! I've reached the Almighty State!" Henry stood and burst into laughter.

Though Leon already handed him an Ultimate Power method, training required time and hard work and it would have taken a while for him to reach the Almighty State.

However, with the Sun Pill Leon offered, his power level instantly rose to the Initial Almighty State.

Since the Sun Pill could greatly enhance martial artists' power, Henry was even more powerful than others who just reached the same power level.

Combined with the Thousand Gods Method he just obtained, he should be able to reach the Intermediate Almighty State within a year and would stand a chance in seeking revenge against the Scarlet Thief.

The Sun Pill saved him a lot of time and shortened the distance between him and the Scarlet Thief, making the idea of avenging his family far more possible and Henry was thrilled.

"Congratulations, Henry!" Leon said.

With Henry's success in reaching the Almighty State, Leon finally obtained an Almighty martial artist as his subordinate and he was overjoyed.

Henry snapped out of it and dropped to his knees again without hesitation.

"Thank you, Mister Wolf. I'll never forget what you've done for me," He said gratefully, before turning to look at Sherlyn Yates.

"Sherlyn, come over and thank Mister Wolf with me! He's our savior and I finally see hope in avenging your parents."

The sight of his children and a grandson dying at the hands of the Scarlet Thief replayed in his head and tears welled in his eyes as he mourn his family; his resentment for the Scarlet Thief deepened with each day that passed and he desperately wished to tear the Scarlet Thief apart to avenge his family.
