

The Ex-Husband's Revenge By Dragonsky

Chapter 2127

Chapter 2127

"Leon, there's an Almighty martial artist on their side and Henry is outnumbered! We need to leave before Henry loses! " Snow lowered her voice and warned Leon.

She advised Leon to run directly over the guardians' car earlier, but Leon stubbornly insisted on facing the guardians directly.

Fortunately, Henry was an Almighty martial artist and helped fend off the guardians to buy them time to escape.

"Yeah!"

"Leon, let's go."

Iris, Cynthia, and Ruth agreed as they could also tell that Henry was outnumbered and would eventually be defeated.

If Leon stayed, they would all be doomed once that happen; on the other hand, if they manage to escape in time, Henry should be more than capable of escaping the guardians unscathed and all issues would be resolved.

"Leave? No, we can't leave. We don't need to leave!" Leon shook his head and rejected their suggestion once again.

"But,"

Iris and the others did not expect Leon to insist on staying still and could not understand what Leon was plotting as it almost looked as though Leon was just waiting to be killed.

That's the end of the discussion! Don't worry, Iris, Snow! I told you that they are just puny scum to me. just wait here. I'm going to help Henry out and get rid of them!" Leon said with a smile.

"What?"

Iris, Snow, and the others gasped in disbelief.

They just witnessed what the guardians were capable of and knew that they were all martial artists in the Semi-Almighty State or higher.

Even Henry was struggling to eliminate them, but Leon refused to leave and wanted to join Henry in fighting the guardians.

Thinking that Leon was set on a suicide mission, they were all stunned.

"Leon, have you gone mad?"

"They are far too powerful. You're just going to get killed if you go over there!"

"Yeah. We can't let you do that!"

Iris and the others snapped out of it and tried to talk Leon out of it.

Though Leon mentioned repeatedly that he did not fear the guardians, the women cared too much about him to think sensibly; they would rather get Leon to leave instead of allowing him to take any risk as none of them knew what to do with their lives if something bad happened to Leon.
