

The Ex-Husband's Revenge By Dragonsky

Chapter 2155

Chapter 2155

"The Nine Suns Pill can greatly increase the power of a martial artist who uses Light Methods! If anyone below the Semi Almighty State consumes it, they'll at least be able to break through their current level. They might even level up multiple times."

"However, if it's someone at the Almighty State and above, it will only improve your strength, whether or not you reach a new level would be down to your luck," Leon explained the Nine Suns Pill briefly.

"What? It's that amazing?!"

Hearing Leon's explanation, Oliver, Abraham, and Alfred were all shocked!

Even though they heard of Cynthion Group and how the Energy Nurturing Pills could help with a martial artist's training before, it did not cause much of a scene within the Dragon Corps since Energy Nurturing Pill and Pure Energy Pills were not useful for those at the Almighty State!

Yet, the Nine Suns Pills were able to help those at the Semi Almighty State and below make a breakthrough, and could even drastically improve those at the Almighty State!

Its effects were unbelievable!

It was obvious how shocked they were!

"That's amazing! Leon, thank you so much! This pill will be very useful for me. I'll accept it," Alfred laughed happily after he recovered from his shock.

He kept the Nine Suns Flower hidden for so long precisely because he wanted to use it at an important moment to help him make a breakthrough!

The Nine Suns Pill was made with the Nine Suns Flower and other valuable ingredients, its effects were no worse than the Nine Suns Flower!

Even though it pained him to give the Nine Suns Flower to Leon, Leon gave him the Nine Suns Pill, which was even better!

He benefited from that!

"It would be amazing if the two of us could get one too!"

Looking at Alfred accept the Nine Suns Pill, Oliver, and Abraham had looks of admiration on their faces.

Oliver in particular was just a Second-level Gold Dragon Guard, but he was a bit stronger than Abraham. He was already at the Semi Almighty State!

The Nine Suns Pill could help those at the level make a breakthrough!

It meant that he would probably be able to get to the Almighty State if he had one!

It would save him several years of hard work!

However, he was just thinking about it.

The effects of the Nine Suns Pills were so amazing. It had to be very valuable!

The two of them were just Gold Dragon Guards, not even at the level of a Platinum Dragon Guard. There was no way they could get something so valuable!

However, before he could even finish the thought, something that shocked both him and Abraham happened!

"Oliver, Abraham, I have two more over here that I prepared for you!" Leon said with a smile, giving it to Abraham and Oliver.

Even though the two of them were not privately under him like Mason and the others, they helped him with a lot of things.

He felt like giving those pills to them was a way to repay that.
