Chapter 2161

Chapter 2161

"T-that, I don't know." The man answered when faced with all those questions.

"You don't know?"

The Southern King frowned. After that, he thought about it for a moment before he looked at an old man and a middle-aged man next to the Head Guardian, ordering, "Second Guardian, Fourth Guardian, the two of you go look into it right now. Find out what happened! Report back to me the moment you get any news!"

"Yes, Southern Boss!"

The two of them accepted the order, and they left the hall in a hurry.

The man who reported the situation left with them as well.

After the Second and Fourth Guardians left.

"Despicable! Who's behind all this?! Could Leon have managed to capture the three of them alone?!" The Southern Boss slammed his hand on the desk. His expression was incredibly sour.

He knew how strong the Third, Fifth, and Sixth Guardians were. The Third Guardian in particular was already at the Almighty State!

With the Third Guardian's abilities, even if he was not able to kill Leon, he should not have had a hard time running!

Even facing if he was facing two initial Almighty State martial artists, the Third Guardian should have still been able to flee!

Unless Leon was already at the intermediate Almighty State!

However, that was just not possible considering Leon's age!

There was no way he would believe that Leon was already at the intermediate Almighty State!

It did not sound possible at all!

"Sir, Leon's quite close to the Thompsons and the Hughes! I think that the Thompsons must have secretly sent out a few experts to keep Leon safe. After that, they managed to help Leon deal with the three of them," The Head Guardian said thoughtfully.

Just like the Southern Boss, he refused to believe that Leon would be able to capture the three of them while being so young!

He felt like this had something to do with the Thompsons!

"Yes, it's possible!" the Southern Boss had a sudden look of realization on his face.

He knew of Leon's relationship with the Thompsons. If the Thompsons sent people in secret to protect Leon and the three Guardians were careless, they could have fallen to the experts from the Thompsons!

That was not outside of the realm of possibility!

"Those despicable Thompsons! If this was their doing, I won't let them off easily!" The Southern Boss had an angry look on his face as he slammed his palm on the chair. The chair immediately broke to pieces.

"Dad, what do we do now? If the Thompsons did send a few Almighty State experts to protect Leon in secret, it's going to be much harder to deal with Leon!" Rodney said viciously.

He already hated Leon to the bone, and he found out that the three guardians failing to kill Leon could have something to do with the Thompsons!

He started to hate the Thompsons as well, but there was nothing he could do about it.

"Let's wait for news from the Second and Fourth Guardians. We'll see what information they can find. Then, we'll make plans," the Southern King said with a dark look on his face.

Since this matter was just speculation from him and the Head Guardian, he could not be sure that the Thompsons were involved in the capture of the Third Guardian's Group!

So, he could not rush into a judgment!
