Chapter 2175

## Chapter 2175

"Um," Henry did not know what to do when he saw that Chandler was still unwilling to change his mind. He was worried about Leon discriminating against Chandler on account of his disability, but he never once imagined that Chandler, on the other hand, would turn out to be the one unwilling to join Leon's forces!

This was beyond any of his wildest dreams!

"Don't be so cocky, old man! President Wolf, here's an outstanding man with great potential for his future, and you should be honored that he's willing to take you in!" Mason piped up, unable to stomach this any longer. He was more than familiar with Leon's capabilities, not to mention Leon's generosity toward his subordinates. Leon would never hesitate to share any precious alchemical pills or good stuff with his subordinates, and he was certain that Chandler would benefit greatly should he choose to join Leon's side!

However, he could not believe that even after extending such kindness to him, Chandler would continue to act so arrogantly and even threaten to kick him out of his home!

As Leon's first-in-command, he could not bear to see Leon being treated so disrespectfully!

"Honor? I don't need any of this honor! Just because you're willing to take pity on other people doesn't mean I should be obliged to accept it!" Chandler scoffed at this.

He already attained the Ultimate Power class two years ago, and after two years of training, he was now not too far off from attaining the Intermediate Almighty State, which was the same power level as the Scarlet Thief!

All Chandler wanted to do now was continue his training so that he could attain the Intermediate Almighty State as soon as possible and surpass the Scarlet Thief!

When that happened, he could finally defeat the Scarlet Thief and avenge his family's deaths!

This was his dying wish!

If he were to join Leon's side, however, he would no longer have the time or space to practice his martial arts!

Besides, he got used to being on his own and greatly enjoyed this life of freedom. He was not willing to throw all that away to become someone's subordinate!

"You!" Mason was outraged to hear the contempt in Chandler's tone. Just as he was about to rattle off a few insults. However, Leon stopped him. "Don't be rude, Mason!"

"Um, okay!" seeing that Leon put his foot down, Mason did not dare to say anything further. Instead, he swallowed his pride and anger as best as he could and remained quiet.

"Mister Wolf, Chandler has always been a very blunt person, and he didn't mean to offend you. Please don't hold this against him," Henry said rather hastily. He was still hoping that Chandler would change his mind and join Leon's forces so that they could bring down the Scarlet Thief together!

Besides, knowing the true extent of Leon's power, he was worried that Chandler's rudeness would offend him and make him think twice about recruiting Chandler!

"It's okay! I'll handle this, Elder Yates!" Leon smiled nonchalantly. He desperately needed to recruit a few martial artists to reinforce the Elegante Group and Cynthion Group's security; not only was Chandler an Almighty Warrior, but his determination was so strong that he managed to develop new powerful methods of the Ultimate Power class by himself!

He admired Chandler's determination greatly and grew even more certain that he wanted a man like this on his team!

It was reasonable of Chandler to look down on him and refuse to accept his offer on account of his young age, and he did not take this to heart at all!
