

The Ex-Husband's Revenge By Dragonsky

Chapter 2192

Chapter 2192

Leon's Earthly Plunder and the Scarlet Thief's attack clashed with a loud bang.

Since it was a hasty move, the Scarlet Thiefs attack was not at full power, and Leon's Earthly Plunder instantly tore through his true energy. The aftermath of Leon's attack slammed hard against the Scarlet Thief's shoulder, leaving an extremely deep wound behind.

The Scarlet Thief grunted in pain and backed away before collapsing onto the ground.

"Mister Wolf defeated the Scarlet Thief again!"

"Are... are we dreaming?"

Henry and Chandler were stunned.

Like the Scarlet Thief, they had thought that Leon was far too weak to rival the Scarlet Thief even with his defensive tool because he would fall short in terms of speed and explosive power.

Much to their surprise, Leon managed to defeat the Scarlet Thief in terms of speed without relying on his defensive tool.

It would be considered a coincidence if Leon managed to pull it off once, but managing to do it twice would mean that Leon truly had the capability to defeat the Scarlet Thief.

The two instantly realized that Leon was far more formidable than they originally believed, and they had simply been underestimating him.

"How can this be..." The Scarlet Thief held his shoulder and scrambled up from the ground with a dark expression.

He thought that he could take advantage of his superior speed to break down Leon's defense and kill Leon, Henry, and Chandler with ease. However, reality had proved him wrong. He could not understand how Leon managed to increase his speed in such a short period of time to surpass him, who was in the Intermediate Almighty State.

'Can it be that Leon is in the Advanced Almighty State? But... that's impossible!' The Scarlet Thief thought.

Leon was only in his mid-twenties, and it was already inconceivable for him to reach the Semi-Almighty State. The Scarlet Thief refused to believe that Leon might be in the Advanced Almighty State as it was just unimaginable.

"Scarlet Thief, you've committed unspeakable crimes and deserve to die a thousand times for what you've done! I shall rid the world of you today! Prepare to die!" Leon scoffed.

Leon darted forward and launched another attack at the Scarlet Thief with lightning speed.

"Don't get all smug just yet, you brat! If one of us has to die today, it'll be you! Take this! Fiery Serpent!" The Scarlet Thief roared viciously.

Leon's speed could not be rivaled, so the Scarlet Thief stopped dodging and launched his martial technique, Fiery Serpent. His true energy transformed into the form of a fire dragon that charged toward Leon.

Leon had used his defensive tool twice. The Scarlet Thief was certain that Leon only had one last chance to use it!

Though he was clueless as to how Leon managed to move so swiftly, he knew that it was impossible for someone of Leon's age to reach the Advanced Almighty State.

He believed that he would be able to defeat Leon with ease once he exhausted the power of Leon's defensive tool.
