The Divorced Billionaire Heiress Boss Chapter 1913 Don't Misunderstand

As Samuel spoke, he raised his hand and tried to tuck Lumi's hair behind her ear.

That kind of intimate gesture was Lumi's favorite. However, Lumi did not accept it this time.

She turned her head sideways and avoided his hand.

Samuel's face stiffened, and his eyes inadvertently swept behind her.

Nicole and Julie looked at him with a smirk.

The two ladies' eyes were cold, and they seemed to see through his act at a glance.

Samuel guiltily lowered his eyes, but he still smiled and said, "Ms. Stanton, you're here too! No wonder my wife is in such a good mood. Thank you for spending time with her."

Nicole thought for a moment before she replied, "Ms. Makinen is here to visit her sister. We just happened to run into each other here."

Kirsi quickly recovered her expression and walked over with a smile.

"I know that you love me the most, Lumi. Are you here to surprise me?"

Kirsi smiled and went up to the director to greet him.

"Director, please postpone my scene for ten minutes. My sister came here to visit me..."

“Sure, no problem!”

Everyone went to do their own thing as if nothing had happened.

Thus, only the remaining few people were still standing there.

From the time they met, Kirsi and Samuel no longer had any eye contact.

That deliberate avoidance of each other was a little strange.

However, those who knew what was going on were not at all surprised.

Lumi stood there with a stiff and glum face. Her eyes were dark and deep. Tears gradually welled up in her eyes, but she forcibly held them back. When she saw Kirsi and Samuel get down from the car together, she already had a gut feeling, but she was still in denial.

Her mind was blank for a moment.

Lumi ignored Kirsi and raised her eyes to look at Samuel. Her voice was trembling as she said, “ Didn’t you say that you’re abroad for a business trip?”

Everyone’s bodies stiffened for a moment when they heard this question.

Nicole and Julie were speechless. They gasped. Lumi’s husband, who was supposedly abroad, appeared in Lumi’s sister’s car.

It would seem like a lie no matter what reason he came up with.

Samuel’s face stiffened. He did not look too good. He subconsciously wanted to brush it off perfunctorily. Instead, Lumi snorted lightly.

“I’ll definitely investigate your whereabouts after this, so don’t you dare lie to me.”

Lumi’s face no longer held a relaxed smile. She warned him C1^qM5TR looked very stern.

She began to suspect them.

It was not only from the scene in front of her, but also from her earlier conversation with Nicole and Julie.

The female lead in this film was replaced with Kirsi when Samuel invested in this film.

Did he invest in this film, especially for Kirsi?

Or was it all a coincidence?

At first, Lumi thought that Samuel might be doing this for her sake.

Now, Lumi no longer thinks so. She even felt that she was a bit self-serving before.

Once this seed of doubt was planted, it was difficult to dispel those doubts.

Lumi became more doubtful and confused as she stared at her sister and husband in front of her.

She could not stay calm.

Lumi looked at Kirsi and threw the snacks she carried on the ground.

Kirsi froze. She looked at the ground and instantly realized something.

Her face was filled with guilt and pain. She was torn for a few seconds and finally opened her mouth.

“Lumi...”

Lumi’s eyes were red. “Tell me!”

Although they did not share the same mother, Lumi still loved her half-sister since they were young.

Kirsi was beautiful and gentle. Thus, when others bullied Kirsi, Lumi would take a brick to fight back.

Lumi grew up protecting her sister, but her sister betrayed her like this?

The pain that rose from the bottom of her heart almost overwhelmed Lumi’s sanity.
