The Divorced Billionaire Heiress chapter 2544-Harvey had experienced rock bottom and had also won the “Best Actor1’ award.

Now, the tables turned, and he could have whatever he wanted. He had enough experience to play such a role.

The whole cast seemed very friendly.

Selena had no intention of entering the entertainment circle, and she came here for the sake of her idol.

During the chat, everyone also talked about the set.

Selena had not read the complete script, so she could not join in on the conversation and looked around.

This golf course was vast, and the air quality was great. The waiters drove golf carts to deliver food and water to the guests for fear of mistreating the big customers who came here.

When Selena raised her head, she suddenly saw a group of people walking toward her.

Selena narrowed her eyes.

The person walking in the front, who had everyone’s attention, was Eric, right?

Eric looked quite decent. What a pity...

Before Selena finished complaining in her heart, the director behind her stood up excitedly and accidentally bumped into Selena’s arm when he ran toward Eric.

“Mr. Ferguson, it’s really you! I’m planning to start a TV show. If you’re interested, I can explain to you in detail.”

The director quickly went up to shake hands with Eric.

The people behind Eric could not help but laugh.

“Mr. Griffin, you really know how to coincide with us. We finally managed to get Mr. Ferguson out today, but you want to poach him from us?”

Mr. Griffin smiled embarrassedly. “I can’t help it. I can’t see him at all normally!”

This was the truth.

Although Eric invested a small amount in the entertainment industry, he had always disliked the entertainment circle.

Therefore, compared with other bigshots, Eric did not invest much in this industry.

However, the little bit of capital he invested was enough for the directors to do wonders.

Thus, everyone yearned for Eric's investment.

If they could gain Eric's favor, they would not have to worry about the popularity of their show.

Eric smiled perfunctorily and did not show much enthusiasm.

At a glance, he saw one of the people over there. His eyes flickered slightly.

"Is this your cast, Mr. Griffin?"

"Yes! Harvey has great acting skills and personality. Lara can capture audiences of different age groups, and the other supporting roles are very exciting. The cast I selected this time all have great acting skills and a clean background!"

Mr. Griffin strongly recommended his cast.

Eric pondered for a few seconds, then said in a gentle voice, "In that case, why don't we play together?"

He glanced back. Of course, the others agreed and had no objections.

One of them could not help but laugh and said, "Mr. Griffin, Mr. Ferguson is in a good mood today. Why don't you introduce your actors to us?"

"Certainly!"

Mr. Griffin followed Eric's group to the center of the crowd.

More than 20 people were actors who played relatively important roles in the show, except for Selena.

Other cameos and extras were absent.

"Come on, Mr. Ferguson. Let me introduce you. This is Lara. She debuted at the age of sixteen and became popular all over the country. I have always wanted to work with her."

Although Lara was in her forties, she looked like she was in her early thirties.

She was no longer in her prime. Her ex-husband was rich and powerful, so he was able to provide for her.

She had delicate facial features, and she looked charming. Her skin was well maintained without a trace of wrinkles, which was enviable.

Eric nodded politely.

Lara had quit the entertainment circle before. However, the netizens picked up the scandal that her ex-husband had a mistress, so everyone sympathized with her and hoped that she could stand up on her own again.

Her ex-husband's career was not as good as before. Now that he cheated, Lara did not want to put up with him any longer, so she divorced him without hesitation.

After the divorce, everyone paid more attention to her.

Mr. Griffin said it nicely.

He only wanted to work with Lara to take advantage of her recent popularity in hopes of making this show a hit.

After a brief introduction, it was Selena's turn. She was the most unremarkable of them all.

Fortunately, the director still respected Selena and introduced her as an important guest actress. He even praised her.

Everyone did not know about the relationship between Selena and Eric, but the director respected Harvey's recommendation.

Harvey recommended Selena, so she was not to be taken lightly.

Eric nodded and looked at Selena with a half-smile.

"Ms. Nelson, are you planning to change careers now and enter showbiz?"

The director paused.

After introducing so many people, Eric only nodded to Lara.

Thus, it was a surprise that Eric talked to Selena.

Selena pursed her lips and did not want others to notice that she had a special relationship with Eric. Thus, she smiled politely.

“No, this is just for fun.”

“Is it fun?” Eric’s eyes darkened, and his voice was deep.

Selena had a slight change in expression. She glanced at Eric and regained her composure.

“Mr. Ferguson, you don’t seem to be busy.”

Her retort obviously showed her dislike for Eric’s meddling.

Eric was wasting his energy on her.

Everyone was slightly surprised.

Unexpectedly, Eric did not get angry. He looked at her like she was a mischievous child who lost her temper.

He was tolerant and calm with her.

Eric raised his eyebrows. “I’m indeed not busy. Mr. Griffin, why don’t we play together?”

Mr. Griffin could not ask for more.

He immediately changed his tune. “Ms. Nelson, let’s go together. Harvey, why don’t you guide the newbies?”

Mr. Griffin did not mind that Selena had a temper. It was cute for a woman to have an attitude.

It seemed that Eric was also aware of this.

That was why he did not care about Selena’s retort.

Harvey nodded and walked over with a smile.

“Ms. Nelson, shall we go play golf?”

Selena smiled. “I don’t know how. You guys can play. I’ll watch.”

She did not know how to play this rich people’s sport.

Harvey did not look down on her and said with a smile.

“That’s alright. I’m not good at it, but I can teach you how to get started. That’s if you don’t mind...”

“Sure!”

Selena smiled.

Harvey was not arrogant and was more approachable than other movie stars.

The two of them went to a route not far away.

Everyone saw that Mr. Griffin had followed Eric, so everyone was free to do their own thing.

Harvey was a good teacher. He was very polite and professional in the way he taught her and looked at her.

Selena missed several shots. Instead of getting angry and anxious, Harvey smiled and comforted her.

“It’s okay. It’s a good shot. At least, you can feel the wind speed.”

Selena also gradually relaxed from her nervous mood.

She talked and laughed with Harvey and almost forgot about the other man nearby.
