

An Understated Dominance by Marina Vittori Chapter 2039

Without Knockout Blow Powder, Reid Gang would not dare to act rashly. But now, with this bottle of treasure, together with the masters from the Golden Blade Sect and the Twisted Sisters Sect, it is enough to catch Dustin and others in one fell swoop.

“After everything is done, how about you and I share the proceeds equally?” Caroline Thorne asked with a smile.

“No problem!” Reid Gang agreed.

Naturally, he would not refuse such a good thing to gain the maximum benefit with the minimum risk.

“Wait!”

At this time, Kevin Snow, who was standing behind, suddenly said: “Master, Brother Dustin and Miss Margaret were once our partners, and they were also kind to us. It is inappropriate for us to plot against them now. Right?”

He has always been clear about grievances. If Dustin and Margaret hadn't protected them during this trip to the desert of death, they might have died, let alone get so many treasures.

Now he started repaying kindness with hatred as soon as he came out. His behavior is really despicable.

“What's inappropriate? We're not close friends with them, and we can't do anything too much.”

Reid Gang said righteously: “Besides, the jungle is the law of the jungle. They have stolen so many treasures, and they can't control them at all. Even if we don't take action, there will be other forces secretly coveting it, which may lead to death. But we only seek wealth, not life, which is already a gift to them.” “

But Master, you have taught us since childhood. We must be upright, with no shame in our hearts and no shame in heaven and earth, but look at what we are doing now, what

is the difference between us and those despicable villains?” Kevin Snow argued with reason.

“Presumptuous!”

Reid Gang got a little angry and slapped Kevin Snow on the face, shouting: “You have become more and more bold after a few days of wandering around. You dare to talk back to my master. Have you let me, my master, go?” In your eyes?!”

“Master, I’m just telling the truth.” Kevin Snow was a little dissatisfied.

“You——!”

Reid Gang got angry and raised his hand to hit him, but Caroline Thorne stopped him and advised him: “Master Rong, calm down. Kevin Snow is just a child and not sensible. He should be educated more in the future.”

“Huh! I haven’t seen this kid for a while, and his wings are getting harder and harder!” Reid Gang said with a stern face.

“Master Reid, let me persuade him.”

Caroline Thorne winked and then smiled at Kevin Snow: “Kevin, this world is not as simple as you think. Not everything is right or wrong. The reason why your master is doing this is to strengthen the Golden Blade Sect and protect you disciples.

It is not easy for the Golden Sword Sect to develop to this point. Your master has shouldered too much. As the chief disciple, in the future, the Golden Sword Sect will Heir to the Sword Sect, you should understand your master.

No matter what your master does, he is always paving the way for you and considering the development of the Golden Sword Sect. I hope you can understand your master’s painstaking efforts.

In addition, I also express my gratitude here. Personally, after this event is completed, we will make every effort to prepare for the wedding of you and Lily, so that you two lovers can finally get married.

I will use part of the treasure obtained this time to give Lily as a dowry. You should not Will you refuse?"

At the end of the sentence, Caroline Thorne patted Kevin Snow on the shoulder with a meaningful smile.

"This..."

Kevin Snow was speechless for a moment and didn't know how to respond.

Because he really likes Lily Zhang and hopes to get married soon.

Now that he heard Caroline Thorne's statement, his firm belief could not help but be shaken.

"Senior Kevin, for me and for the sake of our two sects, will you agree?" Lily Zhang grabbed Kevin Snow's arm and shook it gently, with a bit of coquettishness.

Kevin Snow opened his mouth, wanting to say something, but finally chose to remain silent.

"Senior Kevin, if you don't say anything, I will take it as your promise!" Lily Zhang climbed up the pole.

"Kevin Snow, if you don't like it, you don't have to participate in this operation and go back to rest." Reid Gang said coldly.

"Farewell, disciple!"

Kevin Snow bowed deeply and turned to leave.

After all, he still couldn't go against his true intention and do something to repay kindness with hatred.

"Master Reid, you are a great disciple, you are too upright, I'm afraid you will suffer a loss in the future."

Looking at Kevin Snow's leaving figure, Caroline Thorne couldn't help but sigh.

“This child has been like this since he was a child. Unless he has experienced some bloody lessons, he will not know the dangers of the world.” Reid Gang shook his head, looking a little helpless.

“Lily, if you have time, communicate more with your senior brother Kevin. From now on, we will be a family.” Caroline Thorne said.

“Disciple understands.” Lily Zhang nodded slightly.

Unable to seduce a genius like Dustin, she had no choice but to settle for Kevin Snow.

No matter what, Kevin Snow is considered a leader among the younger generation.

The most important thing is that the other party is easy to handle and she can control it better.

“Master Waylon, please tell me the specific plan. When will we start?” Reid Gang once again introduced the topic.

“There’s no rush now. It won’t be too late for us to take action when it’s late at night and they all fall asleep.” Caroline Thorne said with a smile.

She sailed the ten thousand year ship carefully, even if there were ten fragrant cartilages scattered in her hands, she would not dare to hold it in order to avoid any mistakes.

...

The night is getting darker.

The lights in every room in the hotel have basically been turned off.

Dustin sat on the bed, hiding in the darkness and closing his eyes to rest.

After being reminded by Margaret, he was already on guard.

Of course, he didn’t take ordinary thieves seriously.

“Phew!”

At this moment, a slight sound broke through the air suddenly from outside the window.

Dustin suddenly opened his eyes!

Immediately afterwards, there was only a “pop” sound, and a hidden arrow shot through the glass and was nailed to the wall of the room.

And at the end of the hidden arrow, there was a rolled up note hanging.

Dustin stepped forward, took off the note and looked at it. There were four big words written on it: “Be careful of ambush!”

Dustin turned around and glanced out the window, and a familiar figure flashed past.

“Kevin Snow?”

Dustin raised his eyebrows slightly, a little surprised.

He didn’t know the origins of the people who were sneaking around outside before.

Now it seems that it should be related to the Golden Knife Sect and the Twisted Sisters Sect.

Otherwise, Kevin Snow does not need to secretly send a signal to remind him.

No matter what, tonight is destined to be a sleepless night.
