An Understated Dominance by Marina Vittori Chapter 2044

When Caroline Thorne sprinkled the Knockout Blow Powder, Reid Gang's Eighteen Styles of the Golden Sword had already reached its peak.

Every sword strike is extremely ferocious and unstoppable.

At this moment, Dustin's body-protecting energy had been broken, and his right arm and sword were still frozen. Coupled with Reid Gang's crazy attack, he could no longer avoid Caroline Thorne's sneak attack and could only hold his breath subconsciously.

"Wow~!"

Knockout Blow Powder turned into white smoke, lingering around Dustin.

Although he held his breath in time, the white smoke penetrated everywhere, directly penetrated the skin and hair, and kept drilling into his body.

"Hmph!"

Dustin stomped his feet, causing the ground to sink three inches.

A powerful wave of energy instantly erupted centered on his body.

For a time, sand and rocks were flying, and the wind howled.

The Knockout Blow Powder was directly evaporated and destroyed, and Reid Gang's continuous offensive was also washed away by the air waves, and the whole person was forced to take several steps back.

Caroline Thorne, on the other hand, was blown away more than ten meters by the air wave. After landing, she "kicked, kicked, kicked" and took several steps back before she could barely stabilize her body.

She felt as if a huge boulder was pressing on her chest, and her blood was surging even more.

Just an explosion of true energy was so powerful that she had to admit that Dustin was much stronger than she expected.

“You are so strong in inner cultivation. It seems that we have underestimated you.”

Caroline Thorne took a deep breath and a sneer appeared on the corner of her mouth: “But it is a pity that it is useless no matter how powerful you are, because you have just been hit by ten Knockout Blow Powder, even if you hold your breath, Knockout Blow Powder can still penetrate into the body through your skin. Now, do you feel that your whole body is weak and the energy of the body is getting weaker and weaker?” “

Hahaha... Well done, Master Caroline!”

Hearing this, Reid Gang couldn't help laughing out loud: “This kid is very weird. The true energy that just burst out is really powerful. Thanks to Master Caroline's wit, she used Knockout Blow Powder, otherwise If we had a head-on confrontation, we might not be able to get a good deal.”

Just now, he had reached the peak of his strength with the Eighteen Golden Sword Styles, but in the end, he failed to capture Dustin and was knocked back by his powerful energy.

If the fight continues, he won't get the slightest advantage.

Things were different now. Dustin had been poisoned by Knockout Blow Powder, and even if he had extraordinary abilities, he could not perform even a ten thousandth of it.

After all, Knockout Blow Powder was specially developed for martial arts masters and was extremely precious and rare.

The critical moment is enough to turn the tide!

“You think you can bring me down with just this little poison? If so, you are too naive!”

Dustin still stood firmly, expressionless.

“Haha... Stop pretending. You are at the end of your strength now. In a few moments, you may not even be able to stand up. If you know what to do, surrender immediately. Otherwise, you will only die!” Caroline Thorne said with a sneer.

“You’re right!”
