

After Prison 1081

[Chapter 1081](#)

Yidel laughed and sat on the garden chair.

After some thinking, Severin asked, "How many people have followed you here?"

Yidel nodded. "Basically all the members decide to come. Only just a few stay back in Wymouth City to take care of their parents which means they decide to leave the hall. I told the members to wait outside."

Severin nodded and introduced Diane, Megan, and the other family members to Yidel and the rest of the Canis Hall members. After that, Diane went into the villa to prepare some snacks and beverages for them. While Severin went to give Larry, Rachel, and the others a call to ask them to come over.

Once that was done, he went back to sit with Yidel. He flipped his hand to take out a porcelain bottle to pass it to Yidel. "Alesha's and your attainment are too low. There are thirties second-grade low-rank alchemical pills in here. They are exactly what you need to make the breakthrough. Take them."

"That's a lot of alchemical pills!"

Yidel got a shock after he accepted the pills Severin gave him. He was able to increase his attainment with those alchemical pills. Currently, his attainment was stable at level one warrior king. If he took two more alchemical pills, he bet it would not be a problem for him to become a level three warrior king.

"That's great, Dad! You can have another breakthrough with those alchemical pills. It won't be a problem for you to reach level three or even level four warrior king soon!"

Alesha too was happy for her father.

What Severin was going to say next gave them a surprise that they did not expect. He said cheerfully, "You guys have to train harder. Yidel, you're the weakest among the other hall masters."

"What?"

Yidel felt speechless. Back in the past, he could only dream about being a warrior king. A stage that he never thought he could reach. He was thrilled when he finally became a level one warrior king. Yet, the happy moment got ruined when Severin told him even after being a level one warrior king, he was the weakest.

"Don't worry. I will do my best to improve."

Yidel nodded and carefully put the porcelain bottle in a safe place. Shortly, Larry and the other hall masters came.

"Supreme Leader, we're here. Did you find Canis Hall? They asked eagerly when they reached the villa. Severin smiled faintly and went on to introduce Yidel to everyone. "I did. This is Yidel, the hall master of Canis Hall. This is his daughter, Alesha. This is their Great Elder..."

After that, he smiled and said, "Larry, you guys go ahead and introduce yourself."

Yidel approached them and said, "Hi. Nice to meet all of you. We're on the same ship now. I think my hall is the weakest and has the least member at only eight hundred. I hope we can help each other out in the future. I'm Yidel and this is my daughter, Alesha."

Larry chuckled. "Nice to meet you. We're on the same team now. I'm Larry of Draco Hall. This is Blade, my wingman. When Supreme Leader found us, we were very weak too. After we got help from him, our ability improved."

"That's right. We owe it to the Supreme Leader."

[Chapter 1082](#)

It was Mick's turn to introduce himself. He smiled. "I'm Mick from Mus Hall and I should be the eldest here. This is my daughter, Candy."

Gracie approached and said, "I'm Gracie from Equus Hall. This is Tylo, my Great Elder. And they are..."

"I'm Rachel from Serpent Hall. You don't have to be so humble. We're a team now and like you said, let's help each other out in the future. We're staying close to each other. Let's exchange contact numbers later,

Rachel said with a smile.

"Yes. Let's do that. Where are you guys staying? Can I go visit when I'm free?"

Yidel was really happy to meet the other hall masters. They were so friendly and caring. He thought to himself that he was no longer alone anymore. Meanwhile, Severin flipped his hand and took out ten pieces of second-grade high-rank alchemical pills to give to Larry and the others.

"Take these pills and train hard so you guys can become level nine warrior kings soon. At least, that means I have accomplished part of my mission," Severin said smilingly.

Larry, Mick, and the rest were now level six warrior kings. They were not too far away from becoming a level nine warrior king.

Whereas Rachel was already a level seven warrior king. Obviously, it was easier for her to become a level nine warrior king because her attainment was the highest among the others.

Meanwhile, back in Stormy Moon Sect, Meldrick was frowning.

It had been over ten days since Ronnie left to kill Severin. Theoretically speaking, he should have been back by now but he was missing now. Meldrick did not even receive any news from him. Thus, he was starting to get worried.

Draven was chatting with him in the garden now. Suddenly, he felt there was something wrong with Meldrick. He frowned and asked, "Meldrick, is there anything on your mind? Why do I have a feeling that you're not happy?"

Meldrick looked at Draven and said, "If I'm not wrong, Ronnie actually went to South Link City to kill Severin because Severin killed his son, Brandon."

“Ronnie? He’s the sect protector so he must have a high attainment. Maybe Severin is already dead now.”

Draven was happy to know Ronnie actually went to kill Severin. However, Meldrick shook his head. “I’m a little worried now. Ronnie has been gone for more than ten days and I didn’t receive any news from him since he left. I’m worried something bad has happened to him.”

“No way!” Draven had a hard time accepting that. “What’s Ronnie’s attainment?”

“He’s a level seven warrior emperor,” Meldrick answered.

“Severin is more or less a level three or four warrior emperor. If Ronnie is really a level seven warrior emperor, then Severin doesn’t have any chance of winning.”

After some thinking, Draven said, “Maybe you’re overthinking it. Perhaps Ronnie had traveled somewhere else after he killed Severin. Don’t worry. I’m sure he’s going to come back a few days later.”

[Chapter 1083](#)

In the end, Meldrick forced a smile and thought what Draven said could be true. He nodded with approval. “Maybe I really did think too much. It shouldn’t be a difficult task when a level seven warrior emperor wants to kill Severin. Even if we had underestimated Severin, there’s no way Ronnie can be easily defeated by Severin or killed by Severin, right?”

He looked at Draven and continued to speak. “Since Severin saved Sofia before, the sect leader did not have the intention to seek revenge after Severin killed the sect members. So Ronnie is doing this behind the sect leader’s back. Just keep this secret between us, alright?”

Draven nodded. “Hey, if you are really worried, I can call my father and ask him to check. Severin is South County’s governor. If he’s dead, it’s going to create a big commotion. So it shouldn’t be difficult to check if he’s still alive or not.”

Meldrick nodded. “Okay. Thank you for your help.”

At that time, Severin told Yidel to go look for a place to stay. After that, he asked Megan to make a dinner reservation so all of them could have dinner together to welcome Yidel and the others. During the evening, Sheila came to look for Severin and told him a piece of good news.

“Severin! Severin! I can see the spiritual energy around us! Does that mean I’m actually gifted with the requirement to train?” she asked while grabbing Severin’s hand excitedly.

“Are you sure?”

Severin gasped. This was the first time he encountered this sort of situation so he did not know how to react.

“Yes. I wasn’t sure of it in the morning. But the feeling becomes more and more obvious during the evening.”

Severin frowned and thought about it. After a while, he found his answer and said surprisingly. “I understand now. That must be it! Haha.”

Sheila had no idea what was Severin talking about. She asked curiously, "What are you talking about? I don't understand anything."

Severin grabbed Sheila's hand and talked excitedly. "My master used to tell me a thing. Some people in this world have a special constitution that could allow them to train faster and more effectively than the rest. In fact, I have a Nine Yang Body Constitution. You must have a special constitution too. After we slept together last night, your constitution is awakened and now you possess attainment."

"I see. So does that mean I can train to increase my attainment now? And I'm more gifted?"

Sheila jumped up excitedly after knowing that. "Yes! I finally can train too! And I'm gifted with talent!"

Immediately after that, her face blushed. "But I never thought this is the way that will allow me to possess attainment."

Severin smiled. "Me too. I didn't know sleeping with you will awaken your constitution and unlock your attainment."

Suddenly, Diane saw Severin and Sheila together. Thus, she came over and asked, "Hey, what are you two talking about? You two looked happy."

[Chapter 1084](#)

Sheila heard Diane's voice and quickly ran over to grab Diane's hand excitedly. "Diane, I have attainment! I can see the spiritual energy around us. Hahaha! This is great. I bet I can become a profound master very soon!"

"Really?" Diane was happy for her but at the same time, she was surprised. "But didn't you say you don't have any attainment? Why do you have it now? Did Severin find a treasure to change your constitution?" At that time, Sheila felt shy and embarrassed. She decided to whisper the answer into Diane's ear instead of saying it out.

Diane chuckled once she knew the truth. "I never thought that work. If I did, I would have told Severin to sleep with you when he accepted you. Then probably you already be a level one profound master now." "Don't say that. I want it to happen naturally not because of some special arrangement."

Sheila was so shy that her face blushed. Nevertheless, Severin did not expect to see Gracie coming back again after leaving just now.

"Gracie, why did you come back?" Severin frowned and asked curiously.

Gracie answered, "I just received some good news so I come straight here to tell you."

"Oh? Have you gotten news about the other halls?" Severin smiled. That was the news that he hoped to get the most.

Gracie nodded. "Yes. My man told me they found the location of Taurus Hall. It's in a city called Skycean City in Orto County, situated right below Skydra Province."

"It's situated in Skycean City of Orto County?" Severin repeated.

A smile appeared on his face. "You did well. Please reward those men who find this news."

Gracie smiled faintly. "Don't worry. I will do that. It's our job to work for you. We also hope we can help you find the rest of the halls as soon as possible."

Severin nodded. He could tell Gracie was a good helper and she tried to finish the task Severin assigned to her.

He smiled. "Train hard so you can reach level nine warrior king as soon as possible. When all of you are at level nine warrior king, you need some time to strengthen to move to the next stage. When the time comes, I will give you the alchemical pill you need to become warrior emperor."

"Thank you, Supreme Leader. We will train hard!"

Gracie was happy. If they could become warrior emperors, they would be part of the strongest people in this mundane world.

[Chapter 1085](#)

"Supreme Leader, I'll be on my way."

After Gracie finished reporting, she bid goodbye to Severin while feeling envious of Sheila.

"Alright. It's getting late too. Go back and take some rest." Severin nodded.

Gracie left the villa. When she was outside, she sighed deeply. "I'm so envious of Sheila now that Severin has accepted her. Too bad, the chances of us spending time together are too limited. I wonder if I'll have the chance if we both see each other more often."

There were not many talented and handsome men like Severin in this world. Although there were many men who pursued her because of her looks, she never liked any of them. Her heart started falling for Severin when she met him. Time passed so quickly when she was with Severin. Every time she was with him, she felt safe.

"This is good news! You'll find Taurus Hall very soon! Congratulations!" Sheila congratulated happily after Gracie left.

Severin nodded. "I bet Taurus Hall is quite a strong hall since they are able to survive in Skycean City. That's going to save me a lot of trouble."

Diane asked, "When do you plan to go there? Do you plan to go alone this time?"

Before Severin could answer, Sheila intercepted excitedly. "Severin, please bring us along this time. We want to go too!"

Severin could not bring to reject her. He asked, "Diane, what do you think? If you girls really want to go with me, I don't mind it."

Diane smiled. "No, I don't want to go. It's parent's day at Selene's kindergarten two days later. Besides, I'm planning to level up to level two profound master soon."

She paused for a while before continuing to speak. "If Sheila wants to go, let her go with you. At least, you have someone accompanying you."

Severin nodded. "Alright. I'll bring Sheila with me then."

"Oh, yes! I can finally travel with you!"

Sheila got so excited that she nearly jumped up and down.

Yet, Severin took the chance to remind her. "I'm not going there for a holiday so don't get your hopes up. Remember that I'm there to locate Taurus Hall."

"Yes, I know," Sheila replied with a pursed lip.

"It's getting late. Let's head back to the room and take our rest," said Diane. Thus, all of them returned to their own room.

When Severin returned to his room, he went on to make more second-grade low-rank alchemical pills so he could give the bodyguards that were protecting the province mansion tomorrow. With the help of those alchemical pills, those bodyguards could increase their attainment.

[Chapter 1086](#)

Since Severin had just given Lillie, Larry, and the others the alchemical pills they needed, he did not need to make their share of alchemical pills for now. The following day, Severin booked the air ticket to fly to Skycean City in the evening together with Sheila. Skycean City was a busy city and it was a lot bigger than South Link City.

"Wow! So this is Skycean City? This is my first time here," Sheila said excitedly when they left the airport and saw the city.

"This is the first time I'm here. Since it's already evening, let's go find a hotel to stay. Once that's settled, we can come out for a walk and to have dinner. Then we'll go ask around about Taurus Hall tomorrow morning." Severin made the arrangement after giving it some thought.

After hearing the plan, Sheila blushed. She asked Severin shyly, "Then are we staying together in a room or separately?"

Severin wrapped his hand around Sheila's waist while looking at Sheila's rosy cheeks. "Of course, I want to sleep with you. Besides, that's going to save us some money."

"You're so annoying!" Sheila felt even more shy. She rolled her eyes and asked, "Do we need to save money when you're so rich?"

Severin chuckled, "But I can protect you if we sleep together. Look at how pretty you are. I'm scared it's going to be dangerous for you if you stay by yourself."

Sheila was so happy to hear that. She smiled, "That reason sounds much better. I allow you to sleep with me then!"

"Haha. You silly girl!" Severin laughed out loud.

A while later, they arrived at a luxury hotel situated in the city center. Severin frowned and asked, "Sheila, how many days do you think we need to stay here? I mean I don't know how long it will take for me to find Taurus Hall."

Sheila also frowned. "It's up to you. I mean we can stay a day or two longer after you find Taurus Hall. You're not busy with anything else, right?"

Severin nodded. "That's a good idea. Then I book the room for one week. If it's not enough, we can extend it. If I find Taurus Hall, that means that's seven out of the twelve halls. I would have more time left."

"Don't worry. I believe you can do it. You're a second-grade high-rank alchemist now. With your alchemical pills, it's easier for them to level up." Sheila said

They were walking on the street just like a loving couple. It was something Sheila had been looking forward to this day and it finally came true.

Severin smiled. "But I'm not a second-grade high-rank alchemist. I'm a third-grade low-rank alchemist now I'd successfully made the third-grade low-rank alchemical pill just two days ago but I forgot to tell you and the others

"What? You're a third grade low-rank alchemist now? That means you can make third-grade low-rank alchemical pills now! Oh, my god! The alchemical pills that every warrior emperor desires. Those alchemical pills must be very effective for warrior emperors at lower levels, right? You actually did it in such a short time"

Sheila was so shocked that she forgot to close her mouth

[Chapter 1087](#)

Severin smiled and scratched Sheila's nose bridge as he saw how excited Sheila reacted.

"Do you just get to know me? You're a smart girl that only falls for the best and most talented man."

This was the first time Severin acted so intimately to Sheila out in public. Sheila felt loved and looked proud. "That's right. I only like outstanding and excellent men. I'll never consider a man if he is just average."

After that, she grabbed Severin's arm and rested her head on Severin's shoulder. Shyly, she said, "It's just that I didn't expect you to be so outstanding. I mean what you are capable of has totally exceeded my expectation."

"Haha!" Severin laughed out loud.

Shortly, they found a hotel and paid to stay for one week.

"Wow. This room looks so stunning. Look at how big the bed is. And the fridge is full of beverages. Wine, coffee, and so many more..."

Sheila started to look around the room when they entered the room. Severin sat on the bed and planned to rest for a while. It was sure less boring having Sheila accompany him. Both of them rested for

a while and only went down when it was a little past seven at night. Their plan was to walk around the city and also found a restaurant to have their dinner.

“Wow! Look! There’s a street market over there. There’re so many people selling stuff here. It’s so lively and busy!”

After walking for a while, Sheila discovered a busy street market. Although the sky was slowly turning dark, many people were walking around and many stalls were opened.

Severin glanced around and felt surprised. “People are selling all sorts of stuff here. I see spiritual herbs and weapons too! No wonder it’s so crowded.”

“Wow! This bracelet is so pretty! What’s it made of?”

As they walked around, Sheila was attracted by a bracelet from one of the stalls. Her eyes lit up when she saw how beautiful the bracelet was.

“You have good taste. This bracelet may look like a normal bracelet but it’s actually not just any normal bracelet.”

The stall owner was an old man. He laughed and started to explain how special the bracelet was. “Did you see this core here? It belongs to a fruit called cleapo. Not only does it help with your training, but it also helps you to fall asleep easier. It’s definitely a treasure to keep.”

“Really?” Sheila liked the bracelet even more after knowing how special it was. Her eyes lit up immediately after hearing. Yet, a thought came into her mind and she frowned. “Then this bracelet must be very expensive. I don’t have any spiritual stones.”

Originally, the stall owner looked kind and friendly. The moment he knew Sheila did not have any spiritual stones, his face changed. He said rudely, “Then why are you wasting my time here if you don’t have any spiritual stones? Even after a discount, this bracelet costs one hundred high-grade spiritual stones!”

“A hundred high-grade spiritual stones? Isn’t that equivalent to one million low-grade spiritual stones? That’s so expensive!”

Sheila gasped vehemently and was shocked by the price of the bracelet.

Nevertheless, Severin remained calm and smiled. He picked up the bracelet to take a closer look and said, “Indeed, this bracelet is very beautiful. I’ll buy it and give it to you.”

[Chapter 1088](#)

“What? You don’t have to do that. It’s too expensive.”

Sheila frowned and still thought the bracelet was overpriced.

However, Severin did not care. He smiled and said, “Sheila, I have never bought any presents for you. Can you give me this chance to buy you something? Besides, you hear what the stall owner said. This bracelet can help speed up your training so I don’t think it’s that expensive.”

The stall owner immediately changed his attitude and chuckled. "Young man, you know your stuff. The price is not expensive at all because of the special effect it has."

"Owen! I want this bracelet. It's so beautiful and exquisite!"

Right at that moment, a teenage girl suddenly walked past and saw the bracelet Severin was holding. Her name was Sami Hatcher. She came running over and pointed at the bracelet.

Behind her was a tall young man with the name, Owen Lott. He was Sami's cousin. He smiled and said, "Sure. I'll buy you anything that you want."

After that, he said to the stall owner, "Hey, old man. How much is the bracelet?"

"A hundred high-grade spiritual stones!" The stall owner smiled awkwardly. "But this handsome man here. Wants it. so..."

Sami glanced at Severin. She acted like a spoiled baby. "So what? I like it and I want it. Anything that I want, I must have it."

Severin sneered. "Young lady, you're so overbearing. No matter what it is, it's always first come first serve! We're the ones who saw this bracelet first and we're about to pay for it. How can you run out from nowhere and take it away from us?"

Sami clenched her fist tightly and said, "But you haven't paid so it's not yours yet. So I'm going to take it away from you. What are you going to do about that?"

After that, she pulled Owen who was behind her. "Owen, look! He's bullying me. I don't come out often. together with you and this stupid person is bullying me! Argh! I'm so angry!"

Owen walked forward and said, "Let me give you a piece of advice. Don't even think about buying the things my cousin wants. You guys can't afford to offend either of us."

Looking at the situation, Sheila did not want to cause any trouble because of her. She told Severin, "Let's forget about it. Just let them have it."

Severin sneered, "Sheila, they're acting like a bully. I can't allow them to do that. Why should I let this rude and ignorant girl have her way?"

After that, he swung his hand and two hundred high-grade spiritual stones came flying out hovering in front of the stall owner. He then said, "I'll give you two hundred high-grade spiritual stones for the bracelet. Now it belongs to us."

"Thank you! Thank you!"

The stall owner's eyes lit up and extended his hand out to take the spiritual stones.

"Hey, you stupid old man! Do you really want to go against me? We're taking this bracelet and I can also give you two hundred high-grade spiritual stones for it. Don't you dare take his money!"

Owen's face sulked as he stared at the stall owner fiercely. In the meantime, he unleashed a powerful vibe.

[Chapter 1089](#)

“...”

The stall owner got scared by the man's powerful vibe. It was so strong that he nearly knelt down. It turned out the young man possessed the attainment of a level six warrior king. Obviously, the stall owner was scared and he did not dare to take the spiritual stones Severin gave him..

Sami sneered. “Hey, old man. Do you know who my cousin is? My cousin's father is the governor of Orto County. Even the mayor of Skycean City needs to treat him with respect. Are you sure you still dare to take that guy's spiritual stones? Are you sure you want to sell the bracelet to them?”

She paused for a while before continuing. “And I don't mind telling you this but you're going to be so shocked if I tell you my identity.”

Despite being threatened by those two, Severin sneered and took one step forward to release an even more powerful vibe. The vibe was so strong that it totally overshadowed Owen's vibe. Instantly, the old man felt relieved. Whereas, Owen took two steps back and his face looked terrible.

“Damn you! Your attainment is actually higher than mine! You're bullying me because you're stronger!”

Owen glared at Severin with evil eyes. Once again, he threatened, “Didn't you hear what my cousin said? You're dead if you dare to do anything to me!”

Severin smiled faintly. “I don't care who the hell you are. But you're dead if you dare to offend me!”

After that, Severin nodded his head at the stall owner. “Sir, please take those spiritual stones. You don't have to worry if his father is the governor of Orto County. I'll protect you if anything happened. I don't care who his father is or if he's the governor of Orto County, he's not allowed to bully anyone!”

“O-okay! Then I'll get going.”

The stall owner could tell both parties were not anyone that he could afford to offend. He quickly accepted the spiritual stones from Severin, packed up his things, and left quickly.

“Hey, you! How dare you talk to me like that? Do you know no one dares to go against me in Orto County? You're so dead!”

Owen balled up his hand. Spiritual energy came rushing out and slightly overshadowed Severin's invisible. vibe.

“I think your parent has failed to give teach you manner. I'm going to do them a favor and teach you some lessons today.”

Severin chuckled. He moved in a flash, appeared in front of the young man, and gave him a backhand slap on the face. His speed was so fast that Owen who was a level six warrior king failed to react. The slap blasted him far away from them.

After he managed to stand steadily, he splurged a mouthful of blood. He covered his face and glared at Severin angrily. “How dare you hit me? I dare you to tell me your name!”

“Severin Feuillet,” Severin answered without feeling afraid.

[Chapter 1090](#)

“You *sshole! How dare you slap my cousin? Do you know who I am?”

Sami stomped her feet angrily after witnessing what just happened. Severin looked at her. “I’ve no interest in knowing who you are. You should know that you’re the reason I slap your cousin. So you better stay away now. I’m not going to do anything to you because you’re a girl and you’re still young. But if you continue to act this way, I can’t guarantee I can stop myself from slapping you!”

“How dare you?” Sami stomped her feet again..

“Severin, right? I’ll remember you!” Owen glared at Severin angrily for one last time and forced Sami to leave that place with him.

“But Owen, you haven’t used your technique yet. You’re a level six warrior king. Maybe he’s weaker than you!” Sami said angrily.

Nonetheless, Owen smiled helplessly. “I know I can’t beat him. His vibe was so strong. That means he has a very powerful telekinesis. Normally people with powerful telekinesis are very strong. And I failed to keep up with his speed. He’s probably a level seven or eight warrior king. That’s why he dares to be so arrogant.”

“What? Are you sure his attainment is that high?”

Sami was shocked to hear that. Even so, she quickly folded her arms and sneered. “I don’t care who he is. He’s dead for making me angry today. How dare he bully me?”

“Come on, let’s go. We need to find more people that are stronger than him in order to kill him. Let’s head. back to the province mansion. Don’t worry, Sami. I promise I will seek revenge for you.”

Owen sneered. “Severin, you better watch out. I’m going to let you know that you have messed with the wrong person!”

Meanwhile, Severin helped Sheila to put the bracelet on. He smiled. “It’s so beautiful. This bracelet suits you a lot.”

Sheila forced herself to smile. “Yes, it’s very beautiful. But I’m afraid those two are going to come back for us. Didn’t he say his father is the governor?”

Severin thought for a moment. “But don’t you feel good after I teach them a lesson for bullying us?”

Sheila smiled. “Of course, it feels good. Did you see the look on that girl’s face after you slapped her cousin? She looked exactly like a spoilt brat. But I’m just worried that this is going to affect you from finding Taurus Hall.”

Severin laughed out loud. “Don’t worry. They deserved this. Besides, do you think they are going to let us go even after we gave them the bracelet? There’s already a conflict between us. People like them aren’t friendly people who will let you go once you make them unhappy. They will try to find all sorts of ways to make your life difficult.”

“Okay. Then let’s go grab dinner.”

Sheila did not want to think further about that. She looked at the bracelet in her hand and felt very happy. In order to buy the bracelet for her, Severin chose to fight against the governor's son.

"What? Someone had the nerve to bully you and Owen? And a guy slapped him?"

Terrence got to know what happened and stood up angrily with his clenched fist.

"Yes! Uncle Terrence, I saw a bracelet that I like. Those people took it away from me and slapped Owen. You must do something about that. I never feel so insulted and humiliated like this before!" Sami spiced up and twisted the story.
