### Chapter 136

“Bella called in Mr. Charlie from manufacturing, the warehouse manager, **the** team leaders of the fourth and fifth lines, and even the procurement head first thing this morning..”

Louisa gently touched **her** heart and asked, “And then?”

“**Do** you know why the company hasn’t seen any improvement after running for a whole year?”

At this point, Kenneth’s anger flared up again, and he found it hard to breathe.

“Easy, easy, tell me slowly...” Louisa had a hunch that something was off.

Louisa was taken aback upon hearing this revelation. No wonder the company struggled to make any profit for an entire year. It turned out these few individuals were scheming behind the scenes!

Meanwhile, Serena’s thoughts went to Arabella again. She deliberately brought her parents here today to play golf, but now the company has been embroiled in this matter, affecting her parents’ mood. Everything she did today seems futile!

She thought to herself: "Annoying Arabella, always entangling herself in so many things, disrupts my peace of mind from time to time!"

"Where's Oscar then? Before Bella came to the company, he was the main person in charge! With such a thing happening under his management, is he really clueless?" Louisa pursued.

"They claim that everything was due to Oscar's threats and enticements, but I'm not sure if that's the truth..."

If there really is something wrong with Oscar, then the company's losses over the past year are not just as simple as a million dollars...
