

Super Rich Dad Chapter 364-366

Chapter 364 - Invitation to the Auction

After saying that, You Yun hurriedly smiled at Jiang Hao again, 'Oh, this little gentleman, I'm really sorry just now, I might have a bit of an attitude'

Jiang Hao raised his eyebrows and looked at You Yun, smiling coldly, 'What's wrong with your attitude?'

You Yun was a little embarrassed by the question, he had wanted to put off the previous incident with a sentence or two so that he could talk to Jiang Hao about something else, but apparently he was a little naive, Jiang Hao seemed to be a little more serious when he spoke to him.

'I,' You Yun hesitated for a moment, simply gave a laugh and sighed, 'I'm sorry for my poor attitude just now, perhaps I underestimated your strength and treated you with some arrogance and contempt, please don't take it to heart, here, I sincerely apologize to you!'

This time, You Yun was obviously much more sincere, and his face had a much more serious expression.

Since Jiang Hao didn't want to be perfunctory, he naturally had to be sincere, otherwise how would Jiang Hao be able to feel his sincerity?

Only when he heard what You Yun said afterwards did Jiang Hao sort of drop his inhibitions, his whole body leaned against the bar in a comfortable position, sized You Yun up and said, 'What, is it a bit out of the blue?'

You Yun smiled frankly and nodded, 'Indeed, in my opinion, you are nothing more than a student who has just started university, originally I thought that you were barely able to shell out a few thousand dollars with your financial strength, but huh, it seems that my eyesight is still very poor. Dare I ask'

You Yun thought for a moment, a little worried that if he asked Jiang Hao's identity directly, he would incur his disgust, but in the end, he asked with courage, 'Dare I ask your surname? Please forgive my rudeness, but I am genuinely curious as to which family's grandson you are?'

With a smile on his face, You Yun continued, 'To be honest, I know all the famous families in Chujiang, but I really don't remember you, isn't your family local?'

Jiang Hao smiled and hesitated for a while, after all, he didn't really want more people to know his identity, not to mention that he and this You Yun, I'm afraid, didn't even know each other yet, so he didn't need to tell him his true identity.

So Jiang Hao continued, 'Oh, I'm really sorry, I don't want to answer this question right now. My name is Jiang Hao, you can just call me that from now on.'

Didn't want to say?

You Yun looked at Jiang Hao suspiciously, and the doubt in his eyes deepened a few points.

He certainly understood that Jiang Hao was unwilling to announce his identity, either because his identity was rather sensitive or because people that simply didn't want you to know his identity.

But whichever it was, it seemed that his own desire to know Jiang Hao's identity was completely out of the question.

But even so, You Yun knew he didn't need to force himself, what he wanted was Jiang Hao as a big client, whatever his origin was.

You Yun smiled modestly again and said to Jiang Hao, 'Mr. Jiang, I see that you seem to be very interested in jewellery, tonight, I have prepared a banquet at Chu Jiang Court, I wonder if you can enjoy it?'

You Yun didn't wait for Jiang Hao to say anything, he hurriedly added, 'Actually, it's only a banquet, but the main thing is that there will be a small auction at the banquet, there will be a lot of precious jewellery for auction, I see that you are interested in this kind of jewellery, I wonder if you can come and join us?'

As he spoke, You Yun hurriedly took out a golden card from his bosom and lowered it to Jiang Hao's eyes, saying respectfully, 'This is an invitation, please accept it.'

In fact, Jiang Hao really had little interest in wine banquets or anything else.

But since the other party said there was some kind of auction for valuable items, Jiang Hao suddenly became interested.

In Jiang Hao's opinion, he was planning to buy a gift for Xue Yuning anyway, so buying one was just as good as buying one, so he could just hide and buy a few.

The only pieces that were available were cheap ones that were almost faded.

Jiang Hao knew that Xue Yuning couldn't afford to buy them, but she absolutely loved them, otherwise she wouldn't wear them out every time she came out with herself, even if those pieces of her jewellery were already old.

Thinking of this, Jiang Hao couldn't help but feel a little sour in his heart as he glanced at the invitation handed over by You Yun and took it.

'May I ask when the banquet will start?' Jiang Hao asked.

When You Yun heard Jiang Hao's words, his heart burst into laughter and he hurriedly said, 'Not too early, not too late, tonight at seven o'clock, you must be on time, Mr Jiang.'

After looking at the invitation, Jiang Hao nodded, 'Okay, I will be there on time then.'

You Yun heatedly smiled, pointed to the invitation and continued, 'Then I'll be waiting for Mr Jiang at Chu Jiang Pavilion! When you arrive at the banquet hall on the third floor of Chu Jiang Pavilion in the evening, just show the invitation directly.'

Jiang Hao nodded, and then he saw a waitress carrying an exquisite gift box, walking over from a short distance away.

When it reached the front, the waitress respectfully handed it to Jiang Hao and said in a soft voice, 'Sir, your Tears of the Sky have been packed.'

Chapter 365 - Qin Tiancheng

Jiang Hao took the box and was a little happy in his heart, now Jiang Hao just had to think of Xue Yuning's moving appearance when she wore the pendant, Jiang Hao felt that it was worth whatever money he spent.

Jiang Hao could not wait to give it to Xue Yuning.

But after thinking about it, Jiang Hao held back.

Jiang Hao thought to himself, 'I don't care about the day and a half, if I want to give her a gift, I'll just wait until I go to the auction tonight and buy something I like and give it to Xue Yuning together.'

Jiang Hao was thinking about it when the phone suddenly rang.

Jiang Hao took out the phone and looked at it, but it was Qin Yun.

Jiang Hao hurriedly picked up the phone, and then he heard Qin Yun's slightly excited voice coming from the other end of the line.

'Hey Jiang Hao, where are you?' Qin Yun asked.

Jiang Hao looked at Qin Yun and simply said, 'Oh I'm shopping, what's wrong?'

Qin Yun said, 'Oh come on you, something good is going on, come on over! I'll send you the address by WeChat later.'

Jiang Hao was confused and thought to himself, 'What the hell is Qin Yun trying to do?'

However, Jiang Hao soon remembered that Qin Yun had told him that something good was going to happen to Jiang Hao recently.

But what good thing was it? Jiang Hao couldn't figure it out.

Soon after, Qin Yun hung up the phone, and then within a short while, Qin Yun sent Jiang Hao a string of addresses by WeChat.

When Jiang Hao looked at it, he couldn't help but be a little stunned, because the address was actually the villa community of Haisheng Yipin?

The only thing was that Jiang Hao had bought the villa, which belonged to the second phase of Haisheng Yipin, and it was basically some of the top high-end villas.

The address that Qin Yun sent was the Phase I villa of Haisheng Yipin.

Compared to Phase 2, Phase 1 was slightly more than a head behind Phase 2 in terms of both class and style.

If compared to Jiang Hao's 70 million dollar mansion, the villa in Phase I of Haisheng Yipin was not worth mentioning at all.

But the address Qin Yun sent was Hai Sheng Yi Pin, which still gave Jiang Hao a big surprise.

But since Qin Yun had invited himself over, he thought there must be something going on.

Thinking of this, Jiang Hao put away the phone and after a brief chat with You Yun, he hurriedly left the jewellery shop.

Jiang Hao casually stopped a taxi at the entrance and gave the other party the address, and the taxi drove Jiang Hao all the way to the front door of the first phase of Haisheng Yipin.

After paying the money to get out of the car, Jiang Hao took out his access card and walked straight into the community.

The community of Haisheng Yipin is worthy of being the top-grade community in Chujiang, and the scenery and greenery, as well as other public facilities inside, are all very complete and beautiful.

Jiang Hao followed the address Qin Yun had given him and soon arrived at the door of a villa. He looked inside curiously and rang the doorbell.

The doorbell rang twice, then the villa door opened and Qin Yun greeted him from inside with a smile.

When Jiang Hao saw Qin Yun, he frowned and hurriedly asked, 'What's going on? What's all this mystery? And what kind of place is this?'

Jiang Hao looked around at the unfamiliar surroundings.

Qin Yun smiled at his words, 'This is my home, how about it, is it beautiful?'

Qin Yun looked at Jiang Hao and laughed brightly.

Once he heard Qin Yun say that her heart was her home, Jiang Hao couldn't help but be a little surprised, because he didn't expect that Qin Yun's family would also live in Haisheng Yipin?

Although the first phase of Haisheng Yipin was not as high-end as the second phase, even so, it was one of the highest-end villa areas in Chujiang, and the price of a villa could easily cost several million.

Although Jiang Hao knew that Qin Yun's family was well-off, he only thought that it was just a well-off family, but he didn't expect that Qin Yun's family would be so rich.

Moreover, right at the villa's front door, there was an Audi q7 and a Porsche Cayenne parked.

These two cars alone, plus this villa together, were almost ten million dollars, so it was clear that Qin Yun's family's assets must be several times more than these household items.

Jiang Hao grinned and nodded, 'Beautiful, quite beautiful.'

To be honest, although the villa of Qin Yun's family was considered average in Haisheng Yipin, the decoration inside was very classy.

The decoration style and furnishings inside were all in a minimalist style, but the simplicity had a bit of nobility in it, far more eye-catching than those big gold and silver, gilded decoration styles, and also more prominent in temperament.

Jiang Hao had heard Qin Yun say that her father was an artist in the past, so he thought that the elegant atmosphere of the house, which was full of art, might have come from Qin Yun's father's hand.

When Jiang Hao followed Qin Yun into the villa, once he entered, there was first a corridor, on the left side of the corridor was an entrance hall, and behind it was the living room.

At this moment, in the Qin family's living room, there seemed to be two people talking about something, and their anger was still very warm, talking and laughing.

Qin Yun pulled Jiang Hao through the door and proceeded to the living room.

Only then did Jiang Hao see clearly that there were two men sitting in the living room, an old man and a young man, the older man had a face that was somewhat similar to Qin Yun's, 40 or 50 years old, and his entire manliness was extraordinary.

This man was Qin Yun's father, Qin Tiancheng!

Chapter 366 - A word of thanks

As soon as he saw Jiang Hao and Qin Yun enter the door, Qin Tiancheng stopped talking to the youth beside him, his gaze glancing over Jiang Hao's body with what seemed to be some disappointment in his eyes.

The youth beside Chen Tiancheng now, on the other hand, had an indifferent look on his face the whole time, and from the moment Jiang Hao entered the door, he only glanced faintly at Jiang Hao before turning his gaze elsewhere.

This is also because Qin Tiancheng was still standing, otherwise, this youth might have sat down at this time.

Qin Tiancheng looked again and asked Qin Yun, 'Daughter, what, come to have a friend?'

Qin Yun smiled faintly at his words and nodded, 'Dad, do you remember I told you before that once I was harassed by a few hooligans when I was eating in a restaurant and a man stood up for me but got beaten up?'

Qin Yun softly looked at Jiang Hao, and surprisingly, there was a bit more like pride in her gaze as she continued, 'That person was Jiang Hao, and he was also a student of Chu Jiang University.'

Qin Yun had always been grateful to Jiang Hao for rescuing her, and in front of her father, she had always mentioned Jiang Hao.

Qin Yun felt that Jiang Hao had saved her life, and Jiang Hao's character was even better. If she introduced Jiang Hao to her father, she thought her father would also value Jiang Hao.

Qin Yun had heard of Jiang Hao's reputation at Chu Jiang University in the past, so she had always wanted to help him out.

This is why today, on the occasion of the afternoon banquet, she wanted to call Jiang Hao to her home, with the aim of introducing him to her father.

Qin Yun's heart was full of anticipation, thinking that she had mentioned to her father so many times before that Jiang Hao had saved her life, and now that she had dragged him to her father's front, her father would have to show him something.

If he could even give Jiang Hao an internship in his own company, that would be a good thing for Jiang Hao.

But Qin Yun's heart full of expectation was not long before it was doused into a cloud of ashes by his own father's performance.

When Qin Tiancheng saw Jiang Hao, he didn't seem to show the same enthusiasm as Qin Yun had in mind, instead he seemed a bit cold.

After hearing his student's introduction of Jiang Hao, he only gave a faint 'oh' and said nothing more.

Qin Tiancheng didn't seem to take Jiang Hao too seriously, and after a simple oh, he hurriedly looked at the young man opposite him and said with a smile, 'Xiao Long, look at you, why are you standing up? Hurry up and sit down, sit down quickly, where were we talking about just now?'

Qin Tiancheng chatted with the young man opposite him as he sat down on the sofa again, chatting with the young man as if no one had experienced Jiang Hao's arrival.

Qin Yun was simply stunned at this display of his own father.

What was the meaning of this? He had ignored Jiang Hao?

Qin Yun felt extremely embarrassed, she had called Jiang Hao over with great enthusiasm, and yet her father treated him like this?

Qin Yun's face even turned gloomy.

She looked at her father in anger, not caring how excited he was chatting with the young man across the room, and directly interrupted, 'Dad, what are you doing? I'm talking to you, this is Jiang Hao, have you forgotten? I told you before, Jiang Hao saved my life, why are you'

Qin Yun's words made Qin Tiancheng a little uncomfortable, after all, he was in the middle of a deep conversation with his opponent's youth, and suddenly he was interrupted, how happy could he be, and the youth in front of him looked young, but he actually had a great identity, and he might have to talk to his opponent about cooperation next.

Qin Yun had interrupted his conversation with the other party in such an impolite manner, and to put it in a small way, it was because Qin Yun did not know how to be polite.

But if we take it to a larger level, then it is a matter of having a problem with the other party. If you have such an attitude, how can people still cooperate with you?

However, Qin Tiancheng did not get angry at first, but looked at Qin Yun with a stern face and said, 'I know he is Jiang Hao, and I just said something, what more do you want? Daughter, we have guests today, what kind of attitude are you talking to me? You child, why are you so insensitive?'

Qin Tiancheng's words really took Qin Yun a bit by surprise.

You don't know how to behave? You have guests?

Then what was your behaviour just now? Does that mean you know how to behave? Is that right?

You have a guest, but Jiang Hao is still my guest, and this is how you treat my guest?

Although she was angry at her father's attitude, she managed to contain her temper and said, 'Dad, I didn't mean to treat you that way, but don't you think that your attitude towards Jiang Hao is too cold? He is your daughter's life-saver, isn't he? He's come to our home, the least you can do is say thank you to him, right?'

Qin Yun felt that there was nothing wrong with what she said, Jiang Hao came to the door and her father said thank you to him, no matter where he was. It all made sense!
