

Super Rich Dad Chapter 311-313

Chapter 311 - Still not coming down

Jiang Hao smiled and shook his head, saying, 'Don't worry, he wouldn't dare to do anything to me.'

Of course Jiang Hao thought so, because if he was beaten up in this Howe Yuan Building replacement, then just wait for the entire Liu family to bury themselves with him.

It was just that the security guard didn't know this, and when he heard Jiang Hao's words, he thought he was talking big, so he couldn't help but sigh and instructed, 'Young man, don't say that, I advise you to run away, you're saying that because you don't know what kind of people they really are, this Liu Qiang is very dark, you won't have good consequences if you offend him.'

The security guard naturally had good intentions, but he didn't know what Jiang Hao's cards were really like.

If Jiang Hao didn't have the strength, how would he dare to mess with someone like Liu Qiang?

Jiang Hao smiled and shook his head, saying repeatedly that it was fine.

On the contrary, when Liu Qiang heard the security guard's words, he couldn't help but feel a bit smug and said, 'Damn, you heard it, this old thing is still smart enough to know how powerful I am, you dog, you're almost dead and still don't know, don't you?'

Liu Qiang saw that the security guards could not be counted on, so he hurriedly took out his mobile phone and called out.

He rattled off a bunch of words and urged the other party to hurry over.

Liu Qiang's caller was none other than a group of people under his father, Liu Guohao, who had followed Liu Guohao into the world and specialized in some shady business.

Liu Qiang usually could not mobilise these people because they only obeyed Liu Guohao's orders.

But Liu Qiang had just said that someone was causing trouble in the company building, so these people would definitely come over.

When Liu Qiang hung up the phone, he couldn't help but laugh coldly and said to Jiang Hao, 'Kid, you f*cking wait for me, I guarantee that in less than fifteen minutes, you'll f*cking die a horrible death!'

Liu Qiang swore, looking as if he wanted to put Jiang Hao to death, he was really arrogant.

However, Jiang Hao did not think so and shook his head lightly, 'Oh well, let's see if I'll be alright after a while.'

Hearing that Liu Qiang had even called someone and Jiang Hao still looked indifferent, the security guard on the ground was simply anxious.

He hurriedly got up from the ground and said to Jiang Hao with an eager face, 'Oh, you young man, haven't you heard? If you don't leave now, it will be too late. Once those people come to the company, you won't be able to leave and it will be too late to regret.'

Jiang Hao smiled, looked at the head security guard, patted his shoulder heavily and said, 'Don't worry, it's fine, if you are afraid of something happening, you should go first, don't have any psychological burden, if you don't want to go, then follow along and witness, who will die more miserably, me or him, in a while!'

Hearing these words from Jiang Hao, the old head of security had a helpless look on his face, he slapped his thigh heavily, his face was ugly.

Of course he wanted to leave, after all, he knew that if he didn't leave here, when Liu Guohao's men came over later, they would probably deal with him and Jiang Hao together.

After all, he had his parents, his wife and children, his home was still in the countryside, and he had a son who was about to get married.

If something happened to him here, it would be his wife and son who would suffer.

But the guard thought about it, but didn't move a step.

He felt that if he left today, he would indeed be able to live on, but he would be upset and even regretful for the rest of his life.

He had saved himself, but in the end he had run away and watched as he was disposed of by Liu Qiang, was that still a human thing to do?

Although he knew what would happen to him if he didn't leave, he chose to stay.

As for what Jiang Hao said about waiting to see who could have the last laugh between him and Liu Qiang, he listened to it purely as a joke, because he knew very well the strength of the Liu family and had even seen how ruthless they were.

Which one of those who had offended them would have a good end?

Besides, in his opinion, Jiang Hao was just a young man who didn't want to leave because he was too proud to save face.

The security guard looked at Jiang Hao and could not stop sighing in his heart, he felt that he was finished today.

And seeing that the old security guard hadn't even left, several other security guards were also anxious in one way or another, and they all whispered aside to tell him to leave quickly.

A few people even whispered.

‘Isn’t old Song being silly? This kid commits foolishness, he is not guilty of following along with the burial ah, if he does not run at this time, he will not be followed by someone to death later?’

‘That’s right, he doesn’t know what kind of people are coming, what’s the point of getting involved with this bastard? He doesn’t even know where this place is, it’s the Haoyuan Mansion, he’s not going to be able to get away with pretending to be here.’

‘I think today’s lesson will make him regret it for the rest of his life, but I guess he’ll be more restrained in the future and won’t dare to act like such a pussy!’

‘Oh, I don’t know if he’ll be able to continue to act like a pussy again.’

Jiang Hao couldn’t hear what they were talking about, but he didn’t even take it to heart.

Jiang Hao looked down at the time, he had been here for five minutes, Ye Yunjie should have come down too, right?

Chapter 312 - Living in vain

‘A dead duck with a tough mouth!’ Liu Qiang looked at Jiang Hao with contempt and said, ‘Son of a b*tch, I’ll see if you can still be so tough-mouthed later! Don’t beg for mercy with me later, it’s useless, do you think I’ll let you go!’

Jiang Hao didn’t say anything when he heard that.

He really didn’t want to fight this kind of person with his mouth anymore, because there was no practical use at all, so why don’t we all just see who can have the last laugh in a while.

Just as Liu Qiang finished speaking, a group of people suddenly poured in from the front door of the Haoyuan Building.

These people were dressed in all kinds of clothes, each carrying a weapon in their hands, with a fierce and vicious look.

The leader of the group was a tall and fat bald man, and as soon as he entered the building, he poked around, scaring the company staff into hiding.

As soon as Liu Qiang saw these people, he immediately smiled with joy and hurriedly waved his hand to indicate, ‘Brother Pao, here he is!’

Seeing this, the tall and fat bald head hurriedly led his men over to Liu Qiang’s side with quick steps.

‘Little Qiangzi, what’s going on? Where are the troublemakers?’ The leader, Brother Leopard, asked in a gruff voice.

When Liu Qiang saw this Brother Leopard, he was immediately full of smiles and even looked a little curt.

He could not help it, these people were all old people who had been with his father for many years, and although they were working for their family, they were not his elders in terms of seniority.

Besides, he was still counting on them to help him set Jiang Hao straight today.

Liu Qiang pointed at Jiang Hao and hurriedly said, 'Brother Pao, this is the kid who is causing trouble in our company!'

Brother Pao gave Jiang Hao a sideways glance, and after just a cursory up and down look, he snorted with laughter.

'What the hell? Little Qiangzi, do you have nothing better to do than to make fun of me and these brothers of mine? This kid is causing trouble? What are these security guards for? I think he's so small, even you can fix him yourself, right?'

It was also true that Liu Qiang was already rich enough to deal with Jiang Hao on his own.

But the reason he had called these people was just to play hard to get, to make a show of scaring Jiang Hao.

But who knew that when Brother Pao came, he would not cooperate with him at all, he should have just come up and done it.

'Isn't it for your own good that I asked you to come here?'

Liu Qiang thought about it and hurriedly pulled Pao Hao to the side and said, 'Brother Pao you also know that my father has been whitewashing himself recently, do you think that if he whitewashes himself, what use will you guys have after today? If you can still prove yourselves useful in front of my father, he will naturally continue to use you and everyone else again. But if you are useless at all, why would my father keep you? Instead, wouldn't he be giving people the blame?'

Liu Qiang felt that his excuse made sense, and he was very pleased with himself.

Because he knew that his words were bound to have hit Brother Pao where it hurt.

Brother Pao looked at Liu Qiang and could not help but pat him on the shoulder, saying nothing but nodding his head.

Brother Pao had followed Liu Guohao for so many years, even if he had never eaten pork, he had always seen a pig run.

Liu Qiang's little idea of fooling others was fine, but to fool him, he could see it at a glance.

To prove his importance, this kid just wanted to use his own hand to clean up Jiang Hao.

But Brother Pao also had to admit that Liu Qiang's words, although they had an element of slickness in them, still made sense.

Liu Guohao wanted to whitewash himself, something he knew better than anyone.

But if you whitewash yourself, what should we who just do the unseemly black deeds for you do?

So of course Brother Pao was the first to take the lead in opposing that move by Liu Guohao.

And he had long wanted to prove that they, in fact, were still of some use, but it was just that for so long, Liu Guohao had been cold-shouldering them and not giving them a chance at all.

And today seemed to be an opportunity, although Jiang Hao was not considered a big problem at all, but it was enough.

By setting Jiang Hao up himself, he was also sending a signal to Liu Guohao that you can't do without us, otherwise who will be there to do the tricky work for you later?

And in this, it actually counts with a few elements of warning to Liu Guohao.

You want to kill the donkey by unloading the mill, but the donkey is not that weak and deceptive, since the donkey can pull the mill for you, but if it wants to, it can also kick over the mill!

The company's main business is to provide a wide range of products and services to the market.

Liu Qiang smiled, no matter what, as long as Brother Pao agreed to help him clean up Jiang Hao, then he would be satisfied, as for how to clean up, immediately your business.

Liu Qiang couldn't help but turn his head and smiled at Jiang Hao with a sinister face, 'Oh, kid, I'll see if you can continue to talk tough this time, I'll live in vain if I don't let you kneel down in front of me and call me grandpa later.'

Jiang Hao smiled noncommittally, 'Oh really? Then it seems I have to congratulate you, you've really lived in vain!'

Chapter 313 - A slap on the wrist

'You f*cking' Liu Qiang's face turned green with anger, he didn't understand how Jiang Hao still looked like a dead pig who wasn't afraid of boiling water when he was on the verge of death.

'Brother Pao!' Liu Qiang looked at Brother Pao and said, 'So, do I not have to care? I believe you can take care of it, right? And I can even put in a few more good words for you in front of my dad later'

Brother Pao grinned, of course he knew very well that Liu Guohao only had one son, Liu Qiang, so if this boy was willing to say a few words for himself, it would be very useful when the time came.

'Don't worry about it, Little Qiangzi!' Brother Pao said with a smile, 'Brother Pao will definitely help you settle this matter today!'

After he finished speaking, Brother Pao turned his head to look at his men and said, 'What are you still standing there for? If you dare to cause trouble at the How Yuan Mansion, you must teach him a lesson that he will never forget!'

The men behind Brother Pao responded in unison, and then poked the weapon in their hands against the marble floor, making a deafening and majestic sound.

Then a group of men rushed towards Jiang Hao in a furious manner.

When Liu Qiang saw this, a smile finally spread across his face, he was convinced that this time Jiang Hao was definitely dead.

He was convinced that Jiang Hao would be dead this time, and after he took care of Jiang Hao today, he would find someone to investigate Ye Yunjie and Xue Yuning later.

He would also find a way to deal with Ye Yunjie, and he had never tried a mature and charming woman like Ye Yunjie before, so he would take this opportunity to do so.

As for Xue Yuning, that woman was supposed to be his plaything, and last time she even hit him with a bottle of wine, so this debt had to be settled sooner or later.

At that moment, the lift doors opened not far away.

Liu Guohao's face was full of smiles and he said with a pleasing expression, 'Miss Ye, after you.'

Ye Yunjie didn't say anything, nor was she polite, and walked out of the lift directly.

Only just as she stepped out of the lift, Ye Yunjie looked up and saw a group of people not far away, intent on waving the guys in their hands.

'This is,' Ye Yunjie's face instantly turned gloomy.

Ye Yunjie certainly understood what this meant at a glance, and was obviously extremely disgusted by this kind of thing.

Liu Guohao, who was at the side, heard this and hurriedly looked up and over, and instantly his cold sweat came down.

Because the first time he saw Brother Pao, his heart tightened and he said, 'Why is he here?'

Liu Guohao's heart was in a panic because he didn't know what would happen after this kind of scene was seen by Ye Yunjie.

The reason is that at the beginning of the contact, Ye Yunjie and Liu Guohao's first condition for cooperation is that no matter what you Liu Guohao was doing in the past, as long as you want to cooperate with the Shen family, you must abandon the original improper means of your own, and if you have men, either dismiss them or deal with them yourself, otherwise cooperation is not negotiable.

It is precisely for this reason that Liu Guohao simply wanted to wash his hands of himself directly, and for Brother Pao and his party gradually cold feet, wanting to find the opportunity to dispose of them again.

Liu Guohao originally thought that all this was within his own plan and control, and that everything was in order.

But now that he saw Brother Pao's group, Liu Guohao's heart was in his throat.

With an extremely ugly face, he hurriedly took a step forward and shouted at the crowd, 'What are you doing? Hurry up and stop!'

Liu Guohao's voice was so loud that it echoed in the empty hall for a while.

The crowd who were about to rush to Jiang Hao's front also stopped their actions instantly at the sound.

Brother Pao and the others turned their heads to look, and when they saw that the person coming was Liu Guohao, they were first stunned for a moment, then Brother Pao laughed out heatedly and walked quickly to Liu Guohao's heels.

'Brother Howe, this little bastard wants to cause trouble in our company, this is why Xiao Qiangzi called me and told me to come over, we are planning to deal with it, you wait for a while, I will take care of it here!'

Liu Guohao smiled, nervously looked at Ye Yunjie's face and whispered, 'Oh, in that case, then just kick out, why make a group of people make a scene, that you guys go back first, didn't I say I didn't tell you not to come over?'

After saying that, Liu Guohao turned his head and smiled at Ye Yunjie with low brows, 'Miss Ye, look, it's all a misunderstanding, someone came to my company to cause trouble, I told them to kick them out, it's fine, it's fine hehehe'

Liu Guohao wiped the beads of sweat from his forehead, thinking that if he said that, Ye Yunjie wouldn't say anything, right? After all, someone came to cause trouble in his company, it shouldn't be a problem to deal with it, right?

Thinking of this, Liu Guohao hurriedly waved his hand and gestured to Brother Pao: 'Alright, hurry up and get them out, I'm going to welcome an important guest later, if you guys dare to spoil things, I'

Brother Leopard smiled and nodded hurriedly, 'Fine, fine, don't worry Brother Ho, we'll leave now, don't worry'

As Brother Pao finished speaking, he turned his head and was about to leave.

But the moment he turned around, a slap suddenly greeted Brother Pao's face.

Brother Pao's face was hit with raw pain, as if it was burned by a branding iron.

He instantly had to move in anger, and when he twisted his head to look, he saw Ye Yunjie looking at himself coldly.
