

Super Rich Dad Chapter 337-338

Chapter 337 - Exactly right

She was about to hate Jiang Hao and Xue Yuning to death, so now these two people came to her door, and it just so happened that Liu Qiang was also here, so she simply added fuel to the fire and let Liu Qiang clean them up together later.

Feng Pingping was about to speak to Liu Qiang when she was interrupted by the head of security.

When the latter saw the appearance of Jiang Hao and Xue Yuning, he was no less surprised than Feng Pingping.

He shouted at Jiang Hao, 'Damn it, you're really not afraid of death, how dare you follow me!'

The security captain really couldn't understand Jiang Hao, just buy downstairs this guy had obviously chosen to concede, but then ran up here for what?

Was he trying to prove that he was heroic? Or was he simply here to die?

Anyway, whichever the case may be, Jiang Hao's behaviour is not worthy of praise at all, and the head security guard even despises Jiang Hao in his heart.

This man is simply brainless, but anyone with a slightly more normal brain would definitely not come up here to die.

Jiang Hao's presence would definitely make Liu Qiang angry with himself, after all, anyone could barge in and anyone wanted to meddle, which was already a dereliction of duty on his part as the next head of security.

If he didn't do something today, I guess Liu Qiang wouldn't agree.

The head security guard turned his head to look at Liu Qiang and hurriedly said, 'Young Master Qiang, don't worry, I'll have someone blast this kid out!'

After the head security guard finished his words, he waited to see Liu Qiang's reaction.

However, after he finished his words, Liu Qiang still had little reaction, his eyes staring at Jiang Hao with some surprise for a long time.

After all, Liu Qiang was surprised to see Jiang Hao here.

What kind of place was this? This was his own family's hotel property, so how could Jiang Hao be here? It couldn't be that he was following himself, could it?

When Liu Qiang thought of this, he couldn't help but tremble involuntarily, because if that was the case, it would be too scary.

After all, just yesterday, he had provoked Jiang Hao and ended up being beaten up by Brother Pao with his men.

In his mind, he wondered if it was because Jiang Hao felt that he hadn't dealt with him enough yesterday that he had followed him to this hotel, in order to find an opportunity to punish him more severely?

This seems to explain why Jiang Hao was in his mind.

Liu Qiang's heart was in turmoil at this moment, although his hatred for Jiang Hao was also overturned. He did not obey Jiang Hao at all, and he even wanted to return all the humiliation he had suffered one day.

But that was a matter for the future. Right now, he was no match for Jiang Hao, and trying to fight him hard would be purely a death wish.

Even if Liu Qiang wanted to take revenge, he had to have the life to do so. If he pissed off Jiang Hao again, he would have no chance at all.

Liu Qiang's heart was in a state of panic, and he didn't know what Jiang Hao would do to him next.

But he knew exactly what he should do next, which was to play the fool and let Jiang Hao do whatever he wanted today, all for the sake of his own survival.

Liu Qiang had thoroughly thought it through, not to mention apologising to Jiang Hao in a moment, even if he was asked to kneel down to Jiang Hao again in a moment, he wouldn't hesitate in the slightest.

He wiped a bead of sweat from his forehead and hurried to speak to Jiang Hao.

But just as the words reached his lips, he was interrupted by Feng Pingping who had given way.

'Jiang Shao, since they are here, then I will simply make it clear to you, these two people, today are here to stir up trouble!' Feng Pingping pointed at Jiang Hao and Xue Yu Ning, smiled sinisterly and continued, 'You don't even know that just now downstairs, these two people showed up and wanted to snatch this Xu Qingqing from me and Brother Eye, but fortunately this is our territory, so we didn't let this son of a b*tch have his way!'

As Feng Pingping said, a smug look appeared on her face, in her opinion, she only needed to say a few words about Jiang Hao and Xue Yuning's faults to Liu Qiang this time, with Liu Qiang's temper, he would definitely be furious.

And the consequence of Liu Qiang's anger would be that Jiang Hao and Xue Yuning would suffer!

These two idiots, who didn't know any better, came up here to die, so how could they not make it easier for themselves?

Feng Pingping paused and then began to say: 'Besides, do you know what this bastard just said about you, Brother Qiang? We stopped him from taking Xu Qingqing away and said that it was you who wanted Xu Qingqing, but this bastard said that you were nothing, you were no better than a dog in front of him, and that your father, Mr. Liu, was a pig, your family was nothing in his eyes, he told you to let him go, if you didn't let him go, he would kill you.'

Hearing these words from Feng Pingping, Liu Qiang's face turned green with fear.

Of course he knew that Feng Ping Ping's words were exaggerated, but what he knew even better was that what Feng Ping Ping had just said was not true at all.

Chapter 338 - Liu Qiang Speaks Up

In Jiang Hao's eyes, this amount of money he had was indeed not even a fart.

Not to mention myself, even my father Liu Guohao, in Jiang Hao's eyes, is just a dispensable thing.

If Jiang Hao said yes, who would dare to say no to himself or his father Liu Guohao? Unless they don't want to live anymore, the Liu family's huge family business is not hungry for a toilet.

The company's main business is to provide a wide range of products and services to the market. If not, Jiang Hao may really get himself killed, and in the end there is not a single thing he can do.

Liu Qiang had forgotten what had happened yesterday. When Jiang Hao had said that he would dispose of himself, his stupid father had not even said that he would plead for mercy, but in the end he had not even said a word.

Now if he pissed off Jiang Hao again, I guess the result would be the same as yesterday, and his stupid father, Liu Guohao, would definitely give up on him completely.

Liu Qiang knew very well that the only one who could save himself now was himself.

He was now so frightened that his body trembled involuntarily, his face was blue, and he simply did not know what was waiting for him next.

At this moment, Feng Pingping unexpectedly spoke again.

As she watched Liu Qiang's expression and the slight trembling of his body, she couldn't help but feel a little happy, because in her opinion, Liu Qiang's behaviour seemed to be precisely because her words had worked, and Liu Qiang was angry to be like this.

Then why didn't she add some more fuel and vinegar to make Liu Qiang a little more furious, a little more angry at Jiang Hao and Xue Yu Ning, and in the end Liu Qiang would still have to eat them both alive?

'Brother Qiang, how much do you think such people deserve to die, just now when I was downstairs, I already told him that he was looking for death by talking about you like that, I was planning to turn around and clean them up, but I thought they had run away, but I didn't expect them to come up here!'

Feng Pingping put on an angry expression and said, 'Brother Qiang, since they are looking for death themselves and dare to talk about you and Mr Liu like that, you mustn't let them off, you should teach them a good lesson!'

Hearing Feng Pingping's words, the few security guards at the side also reacted quickly and hurriedly followed and echoed.

‘That’s right, Young Master Qiang, this kid is just provoking you, we can’t even stand to watch, he should be punished properly!’

‘Don’t worry, we’ll take care of it, we’ll make sure he’ll learn a lesson, next time he sees you, he’ll be respectful!’

‘I think he should have his leg broken and his teeth pulled out one by one to save him from talking nonsense! I’ll kill you if you call him a dog.’

These security guards were just flattering and kissing ass, of course Liu Qiang knew it very well.

But you guys should at least know the situation before you kiss ass, you might even kill me if you don’t kiss ass properly!

Liu Qiang was shaking with anger at these people’s words, and he was even more worried, afraid that Jiang Hao would put all their faults on his own head, then he would be really wronged.

Liu Qiang glared at the security guards and Feng Pingping, and he had the heart to kill them.

At that moment, Jiang Hao, who was not far away, smiled, and smiled calmly. He then said to the security guards and Feng Pingping, ‘What, am I not right? Liu Qiang, even Liu Guohao, was not even a fart in my eyes, I dare to say so in front of him now, what can he do to me?’

Jiang Hao’s words simply scared those few security guards backwards, and several of them looked incredulous.

Feng Pingping at the side was even more frightened, somewhat unable to believe that these were actually Jiang Hao’s words.

But soon she was relieved and even a little excited about it, because she knew that if Jiang Hao dared to say something like that, he would just wait to be cleaned up and killed!

Stupid pig, if you want to die, you can’t blame others!

Those security guards came back to their senses and became even more fierce, glaring at Jiang Hao in anger and cursing angrily, ‘Kid, shut up, see if I don’t rip your dog’s mouth off today, you’re tough-mouthed now, I’ll see if you’re still tough-mouthed later!’

‘Yes, don’t worry, don’t be angry, we’ll take care of this little son of a b*tch for you soon, I’ll see if he dares to say such things when he kneels in front of you!’

After saying that, those few security guards rushed to Jiang Hao and prepared to attack him.

Seeing this scene, Xue Yu Ning could not help but sweat hard in her hands, and her whole body was incomparably nervous.

The moment she saw Liu Qiang, Xue Yuning was already nervous, not to mention the fact that the other party had already made a move.

‘What about Jiang Hao?’ Xue Yuning raised her head nervously and looked at Jiang Hao, but she was shocked to find that Jiang Hao’s face was still calm and unperturbed, it felt as if everything was under his control.

Jiang Hao smiled down at Xue Yuning and said, ‘It’s alright, don’t worry!’

Just as Jiang Hao finished these words, the crowd heard Liu Qiang speak up.
