

Belong to the Lycan Alpha by Jikanyotomare Chapter 6

Chapter 6

“I am going to talk with her first, you can find another day for that,” Hunter spoke sternly in his deep and husky voice with Aiden.

Lilac was surprised with what this lycan blurted it out, as if they had known each other for long, despite the fact this was the first time they met and talked with each other.

On the other hand, Aiden didn't look happy with that. His jaw tightened, as he glared at Hunter. “Alpha Hunter,” he mentioned his name and title with venom on the tip of his tongue. He stared at the alpha directly and this made all of them could feel the tension that raise in this small stall. “May I know what is your business with my mate?”

Aiden felt miserable when he couldn't reach Lilac and the bond between them didn't make things easier for him. Ruby had been so nice and understanding with his situation, which made him felt so guilty for thinking about another woman when the woman he chose was carrying his child, but he didn't feel right, until he talked with Lilac to make her understood his situation.

Aiden still couldn't let her go.

“Your mate?” Hunter tilted his head, he didn't let go of Lilac's hand and she couldn't free herself when his grip was so firm on her wrist, more so, she didn't think she wanted him to let her go, because seeing the jealousy and how upset Aiden was, gave her some strange of satisfaction. “I thought your mate is the one, who is currently pregnant.”

The words had spread around and it was not that difficult for Hunter's scouts to get their hands on such shocking news. They even provided more detail information that even Lilac didn't know about.

You don't have any right to say something like that. Whether she is my mate or not, it's none of your business if I want to talk with my people!” Aiden gritted out his words, he threw a dagger look at the alpha lycan.

“Is that so?” Hunter raised his brows and glanced at the woman beside him. He contemplated for a second and took the bet. “Fine.”

All of sudden, he let go of Lilac's hand and took a step back, as if he gave her to him, which left the girl with no defense to refuse Aiden. She needed to say it to him directly if she really didn't want to talk with him.

Meanwhile, the man, who was with Hunter only sat back and watched how everything unfolded. He had this frustrated look on his face, knowing what his alpha was up to. He had warned Hunter, but he seemed not to care about the warning.

"Lilac, let's talk somewhere, Aiden softened his voice when he shifted his attention toward Lilac, He smiled helplessly to see her cold gaze. She looked so beautiful tonight with the dress that accentuated her curves and the color complimented her skin. "Come with me." He took a step closer, but Lilac stepped back, she avoided his stretched hand, as if it would plague her with some kind of disease.

"I don't want to talk with you, Lilac said clearly and this made Hunter had to stop himself from laughing out loud, which made the corner of his lips tugged upward. He looked so charming when he did that.

"Lilac.." Aiden became even more frustrated. "Let's not talk about this here."

said, I don't want to talk with you, Lilac said in stern voice, she looked so hurt, but determined with

what she said. "Stay away from me."

Aiden didn't accept rejection, especially from his mate, thus he tried to force his way to get Lilac to talk with him.

As he approached her aggressively. Hunter was about to intervene, but Lilac had come to him first and took his hand

"Let's go. Do you have something to talk with me?" Lilac's small hand grabbed his wrist, she felt like her palm was burning because of how hot he was. Was all the lyeen had this high body temperature? It was not a wonder they were very hotheaded.

Hunter was kind of surprised to see Lilac's decision to get him involved, but he played along with this little girl. "Of course, let's go."

He knew that werewolf was relative smaller than lycan, but then even in her petite size, she was feisty and he could see that.

“Where do you think, you are going?!” Aiden was furious, he was about to grab Lilac’s other hand, but Hunter was way faster than him, as he slapped his hand away

“Is this how you treat someone else?” Hunter asked in taunting tone. “By forcing yourself?”

On the other hand, Aiden felt his hand stung, the slap was so harsh, he felt like he was going to break his bones, instead of preventing him grabbing Lilac’s hand.

“I want to talk with my mate!” Aiden hissed. He didn’t show how painful the slap on his hand was, on his expression

And Hunter didn’t need to bicker about it, because Lilac made it sure Aiden heard her for the second time.

“I don’t want to talk with you!” And with that, Lilac pulled Hunter’s hand with her, so this strong and big lycan would follow her out of the stall. She even forgot about her unpaid drink.

Behind her, Aiden shouted her name, calling her back to talk with him, but Lilac couldn’t care less about that. She was not ready for a conversation with him and even if she wanted to have it, it should be on her own terms, but Aiden couldn’t understand that at all.

The lively street immediately deafening Aiden’s voice, as Lilac hastened her step, but once she was sure Aiden didn’t follow her, she let go of Hunter’s hand.

“Thank you and apologize for the trouble,” Lilac said timidly, while Aiden stared down at her.
