

## The Ex-Husband's Revenge

The Ex-Husband's Revenge chapter 2515-"Great! The Feaks found a supreme spiritual herb!"

"This trip is worth it after all!"

Everyone was thrilled when they knew that the herb could be a supreme spiritual herb. With excited looks in their eyes, they started cheering.

A supreme spiritual herb was different from ordinary spiritual herbs.

Though normal spiritual herbs worked wonders, they were often only effective on the martial artists below fifty.

Most formidable martial artists who reached the Almighty State had no use for ordinary spiritual herbs.

However, a supreme spiritual herb was different.

It had a few times the effect of ordinary spiritual herbs and when used correctly, it could aid a martial artist in the Almighty State in a breakthrough.

Hence, both Alfred and the Poisonwielder wanted to use a supreme spiritual herb to enhance their power. This was proof of how powerful the herb was.

The guests in the bouquet were all too weak and it would be a waste to use a supreme spiritual herb. However, they all had seniors who reached the Almighty State.

This meant that they could use the supreme spiritual herb to get past the bottleneck of their training.

Like Leon, they all wished to obtain the supreme spiritual herb and bring it home to their seniors.

That would win their seniors' favor and enhance the overall strength of the family, effectively killing two birds with one stone.

"Mister Feaks, where's this supreme spiritual herb?"

“Hurry up and take it out for us to have a look.”

The others snapped out of it and urged Jaxon.

“Sure!” Jaxon said. He clapped his hand and one of the guards approached with a delicate box, before placing it on the display cabinet.

Jaxon opened the box and a dried flower came into their sight.

The flower looked like Poria but was painted in multiple colors. Despite being dried, it still looked enticing.

Apart from that, it oozed a refreshing fragrance and there was a pure spiritual energy hidden inside.

As the box was being opened, the fragrance and energy from the flower-filled the air.

Though every other guest here studied martial arts and could not detect spiritual energy, pure energy, and spiritual energy were similar.

When they caught the flower’s scent, they all perked up with interest, instantly realizing that this was likely a supreme spiritual herb.

“It’s a Rainbow Flower!” Leon was shocked when he had a closer look at the flower and its appearance instantly aligned with what he saw from his ancestors’ memories.

He gasped in shock and recognized that this was a Rainbow Flower, making it a heavenly herb.
