

## The Ex-Husband's Revenge

The Ex-Husband's Revenge chapter 2517-"Mister Feaks, are you selling this Rainbow Flower? If so, I'm willing to pay 287 million for it! What do you think?" Leon snapped out of it and took the initiative to attempt a purchase.

"What?"

"Another 287 million?"

"Cynthion Group must be incredibly wealthy!"

The others were shocked.

Leon just spent 287 million for fifteen herbs and now, Leon was going to pay another 287 million for the heavenly herb.

Leon's generosity shook them.

Those who initially planned to purchase the Rainbow Flower all felt their hearts sinking.

287 million was not a small amount and went far beyond what they could afford.

Apart from Jensen and Felton who came from powerful families, the others could not move such a big amount from their family fortune.

Hence, they were left to give up on purchasing the Rainbow Flower.

"I'll pay 360 million!" Felton's voice rose, his eyes bright.

Though 360 million was a rather big amount even for him, he could afford it as the son of the Western Boss.

He only did not fight Leon over the previous herbs because those herbs all had different effects and were not of much use to him. Hence, there was no way that he would spend so much on them.

However, the Rainbow Flower was a different case.

the equal of Caleb.

With the help of a heavenly herb, he would likely ascend to the Peak Almighty State and surpass Caleb.

Under the Western Boss's leadership, they would soon rule over the western region in a few years.

This was his father's dream for years.

The Rainbow Flower may be the key to a bright future for the Western Boss and the Farmers, so Felton was determined to obtain it.

This drove him to compete with Leon.

"I'll pay 390 million!" Jensen gritted his teeth and chimed in.

Since a supreme spiritual herb could facilitate a breakthrough for martial artists in the Almighty State, a heavenly herb could easily achieve the same.

Jensen's grandfather was in the Intermediate Almighty State, which made him pale in comparison to the Western Boss and Caleb.

So long as he purchased the Rainbow Flower, his grandfather would be able to reach the same power level as the other two.

This would benefit their family.

"Us, too!"

"I'll pay 410 million!"

"I'll pay 437 million!"

The others all started joining the competition. It was clear that they all shared Jensen's intention of obtaining the Rainbow Flower and enhancing their families' strength.
