

The Ex Husbands Revenge Chapter 2541

The Ex Husbands Revenge Chapter 2541-Baam!

Following a deafening sound, Leon's Earthly Plunder clashed with Felton's attack and it tore through Felton's defense almost immediately.

Leon's spiritual energy slammed against Felton and before he could react, he was sent flying into the distance.

As soon as he landed, Felton felt a sharp pain in his chest and spat a mouthful of blood. Paling, he lay sprawled on the ground and suffered from severe injury.

"What?"

"Was Felton defeated?"

"How is this possible?"

Renee, Jensen, and Ariella were all shocked and they rubbed their eyes in disbelief.

They thought that Leon would surely perish for fighting Felton. To their bewilderment, Leon was unscathed and even injured Felton with a finger.

This was unbelievable and they were all shaken to the core.

"No, no way! This isn't real!" Jacob was extremely shaken as well.

He widened his eyes as he looked at Leon and Felton, who were defeated, with disbelief.

He knew that Felton already reached the Intermediate Emperor State and was one of the two most brilliant martial artists in the younger generation.

Leon, on the other hand, was merely a vice president in the Cynthion Group and This comparison should have created a huge gap between Leon and Felton.

To Jacob's bewilderment, Leon, whom he assumed to be worth nothing, defeated Felton with just a finger.

This was practically a miracle and he would not believe this to be real if he did not see it with his own eyes.

"How can this happen? Who exactly is this kid? Why is he so powerful?" Felton was stunned. He placed a hand over his chest and felt overwhelmed.

Leon maintained a contemptuous attitude toward him throughout the bouquet and at the time, Felton assumed Leon only dared to do so because he had the support of Renee and Jensen.

Earlier, when Leon claimed that he could defeat Felton with a finger, his arrogance once again enraged Felton.

Felton decided that he would take this opportunity to destroy Leon and show him what it meant to cross him.

However, reality proved him wrong.

What Leon said all along was true and he was hardly bluffing, as he injured Felton with a finger.

This was surreal and Felton could not figure out how Leon managed to do such a thing.
