The Ex Husbands Revenge Chapter 2547-“Felton, I’m going to spare you out of respect for the Western Boss. However, this is the first and last time! If you challenge me again, you won’t get this lucky!”

Leon warned.

He went through so much since his time in Springfield City and could tell that Felton was not truly reflecting on his mistakes.

Even if he let Felton go, it was likely that he would come looking for trouble again.

However, he still needed to give a warning no matter what.

Considering the Western Boss’s influence, he did not wish to make enemies and decided to spare Felton once. However, this was the best he could do.

If the Western Boss and Felton knew what was best for them and gave up, the grievances between him and Felton would end here.

However, if they refused to let go, Leon would not put up with it.

If Felton tried anything again, he would make sure that he paid.

“Sure. It won’t happen again,” Relieved, Felton hurriedly agreed.

Still, there was no telling if he meant what he said.

“Alright, you can go now!” Leon said coldly and stepped away.

“Let’s go!” Relieved, Felton called out to his guards, who came to help him up.

Fearing that Leon would change his mind, the three left hurriedly.

“It’s finally over,” Watching their retreating figures, both Renee and Jensen were relieved.

They were both glad that Leon chose to listen to their advice and not intensify the conflict.

If Leon truly broke Felton’s legs, the situation would have escalated.

After Felton left, Jensen said with respect, “Mister Wolf, who would have thought you are this formidable despite being so young? Even Felton was no match for you. It seemed like I was worrying over nothing. Do overlook this,”

Back in the bouquet, he stopped Felton from undermining Leon multiple times.

However, upon witnessing what Leon was capable of, he now realized Leon was far stronger than Felton.

If he and Renee did not interfere, Felton would have been taught a lesson a long time ago.

Their concern and worry hindered Leon in the end.

“You are too kind, Mister Daglesh! I’m forever grateful for your help during the bouquet so there’s no way that I’d be upset,” Leon said and thanked Jensen sincerely.

Though he never saw Felton as a threat, he was still grateful that Jensen and Renee fought Felton to protect him.

“Good, then! It’s getting late, Mister Wolf. If there’s nothing else you need, I’ll head back now,” Jensen smiled and said goodbye to them.

“Travel safe!” Leon smiled and watched as Jensen left with his guards.
