

## The Ex Husbands Revenge

The Ex Husbands Revenge Chapter 2561-“What’s going on?” Roman and the others were shocked when they saw the bodies of the guards.

Leon and Jaxon had reached an agreement the night before and Jaxon had already informed his grandfather and father of Leon’s offer..

He also mentioned that he was going to take Leon to meet with Roman.

Since the Sun Pills could get martial artists in the SemiAlmighty State to the Almighty State, they would be extremely useful for the Feaks.

Roman desperately wanted to meet with Leon as well to find out if what he said about the Sun Pills was true.

Hence, Roman, Romeo and the others waited since early morning for Jaxon to come with Leon.

However, the two of them were nowhere to be seen and Jaxon would not answer his phone.

Panicking, the group drove to Jaxon’s mansion to find out what was going on.

Never in their wildest dream had they imagined they could find Jaxon and the guards’ bodies lying in the yard.

It was no wonder that they could not reach Jaxon and they were all livid.

They turned and spotted Leon standing next to Jaxon, who laid in a pool of blood.

Since Leon was the only person alive, they instantly concluded that Leon was the culprit who murdered Jaxon and the guards.

“Who are you? The Feaks had done nothing to you, yet you killed my son! I’ll make you pay!” Romeo’s eyes widened with rage.

Unable to contain his rage, he charged toward Leon and intended to eliminate him on the spot to prevent him from getting away.

“Hang on! You are from the Feaks, right? This is a misunderstanding. I’m not the one who murdered Mister Feaks and the others. Someone else did it...” Leon was shocked.

Based on what Romeo said, he instantly concluded that the people before him were from the Feaks and that they had mistaken him for the culprit.

He dodged Romeo’s attacks and attempted to explain himself.

“Misunderstanding? The truth is right before our eyes. Be prepared to die!”

Romeo glared daggers at Leon.

Jaxon was his only son and the killer was right before him, so there was no way he could maintain his composure.

No matter what Leon said, he refused to believe it.

His attacks did not cease and he continued to charge at Leon.

“Stop!” Contrary to his rage, Roman appeared far more composed.

When Leon denied being the culprit, Roman waved his arm and sent out a wave of powerful true energy that blocked Romeo’s attack in time.

The Ex Husbands Revenge Chapter 2562-“Kid, who are you? You claim that you aren’t the culprit, so how did my grandson get killed and why are you here?” Roman suppressed the sorrow and rage within him and stared sharply at Leon, intending to determine if Leon was telling the truth.

“You must be Elder Feaks. I am Hugh Wolf. I made a deal with Mister Jaxon to meet him here today. He was supposed to take me to you...” Leon explained.

“So you are the vice president of Cynthion Group. If you weren’t the one who killed Jaxon, who did?” Roman asked.

He knew about the deal between Leon and Jaxon and was starting to believe him.

However, since Leon was the only person in the scene, he could not simply trust Leon over a few words.

Before they could find the actual culprit, Leon was still the biggest suspect.

“I don’t know... By the time I arrived, Mister Jaxon and the guards were already in this state, so I don’t know who did this...” Leon shook his head and answered honestly.

“You don’t know? What a joke! You are definitely the culprit! You did this to take the Rainbow Flower. That has to be the case!” Romeo glared at Leon, certain that Leon was the person who killed Jaxon for the Rainbow Flower.

Mister Feaks, can you stop making false accusations? I’ve already told Mister Jaxon here that I will trade three Sun Pills for the flower. Why would I go through the trouble to kill him after that?” Leon said in displeasure.

“Well...” Romeo was instantly rendered speechless.

Jaxon had already informed him about Leon’s offer the night before. If the Sun Pills could indeed get martial artists in the Semi-Almighty State to the Almighty State, the Feaks would certainly agree to the trade.

Since it was practically confirmed that he could obtain the Rainbow Flower, Leon had no motive to commit such crimes.

However, on second thought, Romeo realized something was off.

If the effect of the Sun Pills was indeed as Leon claimed, Leon had no reason to rob Jaxon. However, there was a possibility that Leon was lying about the effect.

“Kid, I heard from Jaxon that the Sun Pills can get martial artists in the Semi Almighty State to the Almighty State.

That sounds like such an exaggeration that it is probably a lie. You are worried that we will find out about the lie so you took the initiative to murder everyone,”

Romeo said coldly.

Everyone in the Feaks struggled to believe that there were truly such powerful pills.

If Leon was lying about the effect, the deal he reached with Jaxon was likely a trap for Leon to get closer to Jaxon, just so that he could murder Jaxon and obtain the Rainbow Flower.

This was a possibility.

The Ex Husbands Revenge Chapter 2563-“Yeah, he is right!”

“The effect of the Sun Pills may have been a lie!

The two elders behind Roman nodded in agreement as they did not believe in what Leon promised as well.

Upon seeing what happened to Jaxon and the guards, their doubts simply intensified.

Naturally, there was a chance that someone else committed this crime.

However, most of the guests from the bouquet last night were all from prestigious families. Hence, there was no way that they could risk committing murder and enraging the Dragon Corps just to obtain the Rainbow Flower.

Leon, on the other hand, was different.

They did not know much about Leon but knew that he was an outsider with no family in the western region. Hence, he may not fear the Dragon Corps.

There was a chance that the Sun Pills were just a scam and Leon was the only person alive at the crime scene, which provided enough evidence to make him the suspect and they could not think of anyone else who would do such a thing.

“What a load of nonsense! The Sun Pills work exactly as I claimed! I’ve already told you that I’m not the culprit-” Furious, Leon tried to defend himself, only to be interrupted by Romeo.

“Kid, don’t bother arguing with us! You killed Jaxon, and you will pay with your own life today! Prepare to die!” Romeo roared, firmly believing that Leon was responsible for Jaxon’s death.

Without hesitation, he launched a sequence of attacks at Leon to eliminate him on the spot.

“...” Roman fell into silence. After listening to what Romeo and the elders said, he started to believe that Leon was the culprit as well. Hence, he did not stop Romeo.

Damn it! A bunch of stubborn old men!” Leon was livid.

He came sincerely to trade the Sun Pills for the Rainbow Flower, only to find Jaxon and the guards in an accident. On top of that, the Feaks insisted that he was the person responsible.

Despite his good-tempered nature, he was beginning to get provoked.

Facing Romeo’s attacks, he stopped dodging and countered.

“Know your place, kid!” Romeo narrowed his eyes sharply.

He did not know Leon’s true strength but assumed he was weak judging from his age.

Leon’s attempt to face him head-on was practically suicidal and he was not about to miss this opportunity.

Increasing the force of his attacks, Romeo prepared to finish Leon off with a single blow.
