55 Feeling Like Yourself

Conri pulled Thea into a kiss. After a moment, he turned her around, and Kai and Alaric were waiting to take off her clothes. Conri molded himself to her when she was naked, hands roaming her body. He latched onto his mark on her shoulder.

Kai latched onto his mark, and Alaric latched onto her lips. Thea wrapped an arm around Kai and the other around Alaric. They molded their bodies to hers too. They rubbed their erections against her.

“I know how horny you are,” Thea thought to them. “All of you. I’ve been feeling you building all day. Hearing your thoughts.”

“I blame the marks you gave us,” Alaric said. “I’ve always wanted you, but this is so much more intense. I can’t resist. The need to be touching you—it’s painful.”

“Are your marks still sore?” Thea said.

“Little bit,” Conri said.

“Yeah. They’re still growing,” Alaric said. “How long were yours sore?”

“I don’t know,” Thea said. “With the attack right after, I was sleeping so much. I don’t remember.”

“I don’t like thinking about that time,” Alaric said.

“Let me help you forget,” Thea said.

“You’re overdue for some pampering, my love,” Alaric said.

“Yes,” Kai said. “Tonight is all about you, darling.”

“What do you mean?” Thea said.

“You just came back to us,” Conri said. “It’s been a rough week for you.”

“It’s been rough for a while, my love,” Alaric said. “We know these past months have been a lot.”

“You guys have had it rough too,” Thea said.

“Maybe,” Conri said. “But you’re alive, and we’re with you now, and everything is right in the world. That’s all I need.”

“I love you, all,” she said.

“Let us take care of you, darling,” Kai said.

Thea smiled. “That sounds nice,” she said.

“Why don’t we start with a massage?” Alaric said.

Thea laid down on the bed. The triplets each took an area and started massaging.

“I could get used to this,” Thea said.

She relaxed as they kneaded her muscles. The sparks added to the pleasure. They flipped her over on her back and kept massaging.

“How are you feeling?” Kai said after a while.

“Good,” Thea said. “Very good. Ready for you guys to get naked too.”

“In time,” Alaric said.

“What do you have in mind?” Thea said.

“Are you ready for an orgasm?” Alaric said.

Thea nodded. “Yes, please.”

Conri and Kai kept massaging her top half while Alaric brought his head between Thea’s thighs. She spread her legs for him and bucked against him when his lips met her folds. She immediately began rubbing against him, tilting her hips into his face.

“Oh goddess,” Thea said.

“Already so wet,” Alaric said.

“What can I say? My pussy wants you inside it,” Thea

said.

Alaric rubbed around her entrance with his finger then dipped inside. Thea whined and tried to tilt her hips to get his finger deeper inside her. He added another finger, massaging the area.

“Please,” Thea said.

“Please, what, my love?”

“Please,” Thea thought to him. “Please . . . Alpha.”

Alaric looked up at her face, not expecting that. Thea was watching him, desire and desperation all over her face. Alaric had always treated Thea as his equal. For her to use his formal title, she was putting herself in a submissive position to him, telling him she was at his mercy. Begging for what only he could give her. It made him feel wanted, needed, desired. It made him feel like a man—strong enough for Thea.

“Please, Alpha,” Thea thought to him.

Alaric buried his face in her pussy, his fingers sliding inside her. He pumped them in and out, and Thea met his movements like she couldn’t get enough. She came quickly.

“What do you want now, my love?” Alaric thought to her.

“You, Alpha,” Thea thought. “I want you.”

Alaric stripped and laid on top of her. He sucked on her nipple while his hand kneaded the other breast. Then he worked his way to her mouth, and they kissed, all the while Thea was grinding against him. Kai and Conri were still massaging her arms and shoulders.

Alaric grabbed his hard length and held the tip against Thea’s entrance.

“Is this what you want?” Alaric thought to her.

“Yes,” Thea thought to him. She moaned, tilting her hips. “Please, Alpha.”

Alaric rubbed the head up and down Thea’s wet folds.

“Ask me again,” Alaric thought to her. 1

“Alpha, please,” Thea whined in her mind.

Alaric slid inside her in one motion, stretching her out, filling her with his warmth. Thea moaned and locked her legs around his waist.

The sparks she felt from Kai and Conri holding her arms to the sides and massaging were wonderful.

Alaric inside her, pumping in and out, felt so good. Having all three of her mates marked and touching

her was glorious. Her whole body was on fire.

“You like this?” Alaric thought to her.

“Yes, Alpha,” Thea thought. “I love feeling you inside me. I love it when you’re on top of me, giving me your —.”

Alaric pounded into her harder.

“Alpha? Can I bite you?” Thea thought.

“Yes, my love,” Alaric thought to her.

Thea broke their kiss and nipped her way down his neck until she found her mark on his shoulder. She latched onto it, and Alaric shivered and moved inside her faster. He kissed her neck and worked his way to her mark. They bit down, came hard, and Alaric stilled inside her.

“Yes, Alpha,” Thea thought to Alaric as she came down, running her legs over his. “That’s what I want.”

“Goddess, that feels so good,” Alaric said. “I loved you when you didn’t have your wolf. I wouldn’t have known any different, but I’m so glad you shifted. I know you wanted it, and I’m so happy for you, but selfishly, I love the mark you gave me. It feels amazing.” ²

Thea smiled. "I know. I'm glad too."

Alaric kissed her mark a few more times then pulled out of her. He moved up to take over massaging her upper body.

Conri undressed and took his place between her legs.

"What do you feel like, babe?" Conri thought to her.

"I want you to put your Alpha pup inside me," Thea thought back. "The rest is up to you."

Conri's heart skipped a beat when he thought about putting his pup inside her. Thea felt it. She would have pulled him to her, but her arms were occupied by Alaric and Kai.

"Kiss me, Con?" Thea thought to him. Conri lowered himself over her and locked lips with her. After a while, he worked his way to her breasts.

Thea was moaning. Pressure was building. "Please, Con," she thought to him.

Conri came back up and entered her slowly. He looked into her eyes as he slid in and out, just as slowly.

"I missed you," Thea thought to him. "So much."

"I missed you more," Conri thought to her.

When she couldn't take it anymore, Thea moved to her mark on Conri's shoulder. Conri moved to his mark on her shoulder and quickened his pace. They came shortly after.

"Alaric was right," Conri said. "I didn't love you any less without a wolf, but, goddess, I'm so glad you marked me."

"Me too."

Conri and Kai switched places.

"If I could give you your wildest fantasy right now, what would it be?" Kai said as he undressed.

"I think I'm living it. You three. My mates. We're all marked. Have wolves. We're all happy and healthy."

"You want to be on top?" Kai said.

Thea smiled. "Is that where you want me?"

"Tonight, I think that sounds nice."

Kai pulled Thea up then laid down on his back. She mounted him and sheathed his cock inside her while looking into his eyes.

"Goddess, you feel so good," they thought to each other at the same time. They smiled.

Kai began rubbing Thea's clit with his fingers, and Thea started moving. Alaric and Conri caressed Thea's bare skin.

"I've missed you," Thea thought to Kai. "I know we've been together all week, but I've missed knowing you. It feels like I haven't seen you in forever."

"I know," Kai thought. "If you never got your memories back, I would still love you, but I'm glad you did get them back. I love that you know me better than anyone. I want you to know everything about me."

"Me too. Maybe I wouldn't have known what I was missing, but I would be heartbroken if we didn't have our childhood memories."

"It did feel like we lost something," Kai said. "I was serious about telling you everything about our past."

"I know," Thea said. "You were so sincere. I knew you would do anything and everything for me. It was obvious that we had something special. You were irresistible. I didn't even know what marking was or how to do it, but I had to do it. It was hot. Really hot."

"Goddess," Kai thought. "When your canines came out and cut me, it was the sweetest pain I've ever felt."

You were so sexy. Unsure of yourself, but turned on.”

“I was all desire and neediness,” Thea thought. “Marking you was the first thing that made sense. You made me feel so safe all week. Goddess, I didn’t even worry because I knew you’d be there to tell me what to do, what to think. You were so perfect. Thank you.”

Kai sat up. He swung his legs off the bed, stood up with Thea wrapped around his waist, and walked over to the wall. He pressed her up against it, kissed her, and pumped into her.

Her heart skipped a beat, and butterflies danced in her stomach with each thrust. They each moved to each other’s marks and bit down. Shortly after, they came.

Kai carried her into the shower and set her on her feet. Thea reached out to Conri and Alaric. Conri turned on the water, and the three of them held her. Caressed her. Kissed her marks. 1

“Are you feeling more like yourself?” Alaric said.

“Have you been reading my mind?” Thea said.

“We’ve been listening in a bit. Is that okay?” Conri said.

“If I didn’t want you hearing, I’d block it.”

“We heard your conversation with your mom. About

doubting yourself. Are you feeling better after today?" Kai said.

"You guys make me feel like me," Thea said. "Being with you. I don't second guess you guys."

"We want to be here for you, whatever you're feeling," Alaric said.

"We want to support you while you're getting back to yourself," Conri said.

"What if I never do?" Thea said softly.

"You are who you are," Kai said. "Doubts don't change that. Even when you didn't have your memories, you still made the same choices you would've made with your memories. Did you have doubts today when you were talking with Alpha Sharpe? When you were brokering war preparations?"

"I guess not," Thea said.

"You do what needs to be done," Conri said. "You always have."

"We follow you because you have the best judgment. You always do the right thing. The thing that keeps us safe and happy," Alaric said. "And if you don't remember yet, or maybe you've just never realized it, you've always had a tendency to doubt yourself. You

doubted we were mates forever. It's the shadow side of your humility."

Thea stared into Alaric's eyes while she let that sink in. She leaned into Alaric and wrapped her arms around Kai and Conri, pulling them tight against her.

"I love you," Thea said.

"We love you too," the triplets said in unison.

"We should schedule some one-on-one time," Thea said. "Date nights or something. I want to make sure you each feel special and taken care of." 4

"Then we will, babe," Conri said.

"That does sound nice, my love," Alaric said.

"I'm already looking forward to it, darling," Kai said.

"*Sorry, this was a longer chapter. I try to keep the chapters on the shorter side so they aren't as many coins, but sometimes there's too much to say and no good place to break up the chapter. That gets me thinking. As a reader, do you have a preference? Would you rather see one longer chapter, or two shorter chapters? Even if the content was exactly the same?*"
