

Triplet Alphas Gifted Luna Novel chapter 133

3 - 22 Fireworks

The triplets started moving—Alaric and Conri inside her, Kai against her. She stroked Kai's hard length as he pulled Thea's breast out of her dress and sucked on it. His hand reached inside and played with the other.

Conri kept one arm firmly around her waist to hold her in place. His other hand went under her dress and rubbed her clit while he sucked on her mark.

Alaric's hands were under Thea's legs holding her up. His eyes locked onto Thea's. "We are your only Alphas," Alaric said. "Say it."

"You're my Alphas," Thea said. "My only Alphas."

"No one gets to touch you but us," Alaric said. "You're ours. This pussy is ours. Say it."

"This pussy is yours," Thea said.

"Who do you want?" Alaric said.

"You. I want you." She was saying it to all of them.

Alaric looked at her for a moment. He stilled inside her, and Conri and Kai followed his lead.

Thea bit her lip. "Please," Thea said. "I want you so bad," she whined.

"Do you want to come?" Alaric said.

"Yes."

"Ask your Alphas to make you come," Alaric said.

"Please, Alphas, please make me come."

"How bad do you want it?"

She had never experienced this side of Alaric. Neither had he. He didn't know it existed. She instantly craved it.

"I want it so bad, Alphas," Thea said, desperation and arousal in her voice. "I love your cocks. I only want your cocks. Please."

Alaric started moving inside her again. Conri joined him, and Kai resumed teasing her breasts while she stroked him.

Thea cursed, moaned, and whined unintelligible words as they worked her into a frenzy.

The triplets felt her body freeze as she came hard. A few more hard thrusts, and Alaric and Conri came too. They pulled out, set Thea on her feet, and zipped their pants.

Kai lifted Thea and took her against the wall. Alaric's and Conri's hands were on her too. Thea lost herself in the things they did to her.

The next thing she felt clearly was Kai tipping her head up to look at him.

"Did you like that?" Kai said.

"Yes, Alphas. Did you?" Thea said, coming out of her fog.

Kai's stoic face gave away nothing, but Thea could feel his emotions, hear his thoughts. She felt all three of the triplets. They liked it. Thea had submitted to them. Willingly. With enthusiasm. Their powerful Luna wanted them to take control.

She got them to access the most primal aspects of being an Alpha. They felt more like men, more like Alphas than ever before. She activated something inside them. They felt their ownership not just of her but of their land and their pack. She felt their power grow. She just inspired them to take up the mantle. They hadn't realized there was more.

"You make us feel things no one else can," Alaric said.

"I love you so much," she thought to them.

"Are you going to flirt with other Alphas again?" Conri said.

"If it gets me this again, I'll flirt with anyone," Thea thought.

The triplets growled low.

"Did it look like I was flirting tonight?" Thea said.

"Yes," Conri said. "You touched them."

"Did you feel any pain?" Thea said.

The triplets thought for a moment. They shook their heads.

Thea smiled.

"So you know it wasn't sexual. Sometimes touching is necessary," Thea said.

Conri growled.

"Like when I'm trying to get two mates to accept each other when they're afraid to."

"What are you talking about?" Kai said.

"Alpha Stoll and Alpha Ledger—"

Conri growled again at Thea saying their names.

"Are mates," Thea said. "They're gay. They met for the first time at the previous meeting. They looked at each other and stopped. I felt the matebond click into place, but Alpha Stoll turned away and then ignored Alpha Ledger for the rest of the meeting. I'm trying to get them to spend time together so they'll accept the matebond." She knew the triplets would keep it secret.

"You did this on purpose?" Kai said.

"Just now? Yes. Earlier at the meeting, no," Thea said.

"You wanted us to claim you," Kai said. 1

"I didn't plan it," Thea said. "But once you got going, yes. I wanted it. Badly."

"You minx," Alaric said. "Egging us on in our jealousy when

you knew there was nothing to be jealous of.”

“Don’t you know by now there’s no one else for me?” Thea said. “I’ll never have feelings for anyone else.”

They hugged her, breathed in her scent, and relaxed.

“Although, I did enjoy making you think I could,” she said. “I’ve never seen you guys like that. Goddess, that was so hot. I’ve never felt so wanted, so turned on. Are you mad at me?”

“You made us access things deep within ourselves,” Kai said. “How could we be mad at you?”

“You were being a little ridiculous,” Thea said. “If we keep having these Alpha meetings, you know there will be more unmated Alphas eventually. They won’t all be gay, and I need you to know I’m not going to have feelings for them.”

“Logically, we get that,” Alaric said. “Even so, there will be Alphas that want you.”

“I’ll call you over if I need you to get a horny Alpha off me. Or I’ll have him writhing on the floor from the searing pain I put in his mind.” ①

Alaric wrapped his arm around her waist, pulled her in tight, and started walking down the hall. Kai took hold of her hand. Conri put his hand on his mark on her shoulder.

When they got to their room to change clothes, they went for round two, still needing to feel close to her. ②

Afterward, in the shower, Thea felt something. Her hand went to her stomach. Sparks went off inside her like fireworks, and suddenly she sensed new life.

The triplets felt her through the matebond. Their hands went over hers.

"Are you?" they said.

Thea looked at them, smiling. "I think so," she said.

Kai fell to his knees and kissed her stomach.

Conri hugged her from behind, his hands on her stomach. She knew he was crying.

Alaric looked into her eyes, smiling, his hand over hers.

Their wolves howled in joy. 3
