

The Charismatic Charlie Wade Chapter 3912

At this time, in addition to the young people in the yard directing the parking, three other people were busy in the kitchen, and there was one person in the lighted box, and the other rooms were empty.

He also slightly expanded the range of perception, and within a radius of tens of meters around the courtyard, there seemed to be no signs of other people hiding.

Moreover, from the breathing rhythm and strength of these people, it can be seen that these people are ordinary people, and they have not even entered the door of martial arts.

From this, he also came to a basic judgment that there is no ambush in this yard.

Therefore, Mr. Luo said to Fei Kexin, "Miss, you can get off the bus."

Hearing these words, Fei Kexin nodded lightly, and frowned slightly.

She knew that Mr. Luo was very strong, and she could even detect the enemy hidden behind a few walls through the perception of other people's breathing and heartbeat.

Therefore, as long as he tells himself that he can get off, it proves that there is nothing unusual in this place.

However, the environment of this place really makes her a little hard to say.

The buildings of the farmyard are a bit dilapidated. Although they have been refurbished, they can also tell that they have a long history.

As soon as I got off the car, I could smell a stinky odor floating in the yard. After a closer look, I found that there were a dozen chubby geese in the corner of the yard.

It may also be disturbed by the sound of the car's engine. A dozen big geese kept flapping their wings in the nest, making loud chirping sounds.

Fei Kexin looked at a snow-white goose, and then at the same snow-white Hermès handmade haute couture dress on his body. He couldn't help sighing, feeling that he was the clown in front of the group of giant geese.

At the same time, she was also slandering in her heart: "The environment here is so bad, how can you eat the food later, the key is that charlie invites you to eat, if you sit down and just don't eat, the etiquette is definitely not justified..."

When she was distressed by the environment here, the lighted box door was pushed open, and charlie, wearing a pure white T-shirt and a pair of washed white jeans, walked out of the door.

He looked at Fei Kexin and smiled enthusiastically: "Oh, Miss Zhan is here, please come in quickly!"

Seeing charlie's simple and casual dress, Fei Kexin felt a little embarrassed in her heart for the first time.

charlie's dress like this, in this kind of place, does not appear to be contrary to harmony, and his handsome appearance and sunny smile give people an inexplicable favor.

But Fei Kexin looked back at herself, feeling that she was dressed and dressed up today, like an over-dressed clown, looking out of tune with everything around her.

charlie didn't expect Fei Kexin to wear such a formal dress. He even had a feeling of attending a top-notch dinner. He couldn't help but praised: "Ms. Zhan dressed very beautifully today!"

When Fei Kexin heard this, she felt a little bit more embarrassed in her heart.

Originally, she had always been quite self-confident, but she did not expect to feel strong cramps and anxiety for the first time in such a rural farmyard in the suburbs.

She said embarrassingly: "I'm sorry, Mr. Wade, today's choice of clothes is really inappropriate, which makes you laugh."

Charlie smiled and said, "How come, I was a little ill-considered when I chose a place, so please don't be offended by Miss Zhan."

When Fei Kexin heard this, his embarrassment was immediately relieved.

Charlie looked at her and smiled, and said: "Miss Zhan, please come in, the goose is almost stewed!"
