

# The Charismatic Charlie Wade Chapter 3937

After hearing Fei Kexin's words, Claire finally realized it.

She had never seen Fei Kexin before. Regarding the decoration of the house, she only met with her assistant skuna, so she didn't know what Fei Kexin's intention was in buying this villa.

But now hearing Fei Kexin say this, she immediately understood in her heart.

So she hurriedly said: "Ms. Zhan, you are right. Older people actually prefer Chinese style more. Western modernist style pays attention to the mix and match of various materials, but our Chinese style pays most attention to woodwork, like my father. He is particularly obsessed with Chinese-style old furniture. He wipes a Huanghuali sofa at home seven or eight times a day. He likes it very much."

"Yes!" Fei Kexin also seemed to have found a bosom friend, and blurted out: "The same is true for my grandpa! I like red sandalwood, mahogany, huanghuali and agarwood, and also particularly like traditional Chinese literary games. It seems that there is something in the bones of Chinese people. , You can't forget wherever you go."

"Yes." Claire nodded very seriously, and then sighed: "Before I thought your villa was mainly for self-occupation, so the approximate plan in my mind was basically a modern and younger style. , But now I basically understand your needs. If your villa is all decorated in Chinese style, it should be very atmospheric! Moreover, the Chinese-style decoration is simple and elegant at the same time low-key and calm, and the elderly will also like it."

Fei Kexin agreed and said: "Yes, simplicity, atmosphere, low-key and calm are my requirements for villa design. ms. Claire's summary is really too accurate."

After that, she smiled slightly: "Look, you can only understand this kind of demand by looking for our local Chinese designers, and put these demands on the ground, foreign designers can't understand them, let them do it. Knives are definitely not feasible. Even the top designers like Kelly will certainly be unaccustomed. If she makes another alternative style that is neither Chinese nor foreign nor foreign, then I am really going to be mine. Grandpa scolded to death!"

Claire nodded and said: "Miss Zhan rest assured, I will do my best to give you a set of sketches in Chinese style. Then you can see if the general direction and style can satisfy you. If so, I will continue. Deepen it, if not, I will modify it as soon as possible."

"Okay!" Fei Kexin nodded without hesitation, and smiled: "skuna has shown me some of ms. Claire's design works, I personally appreciate it very much, so I also believe that ms. Claire's strength will definitely not it disappointed me!"

Claire said embarrassingly: "Most of my design works are small projects, and you really can't get on the stage..."

Fei Kexin said seriously: "As the saying goes, small projects are important, so I believe you."

After that, Fei Kexin raised her eyebrows again, and said deeply, "By the way, ms. Claire, if you really like Kaili, after she comes, you must seize the opportunity and ask her more. Some of the design styles she is good at will definitely help you a lot."

"Yes!" When Fei Kexin mentioned Kelly West, Claire's mood suddenly rose again.

So, she couldn't wait to ask Fei Kexin: "Miss Fei, take the liberty to ask, when do you plan to invite Ms. West to Aurous Hill?"

Fei Kexin smiled and said, "Of course, the sooner the better."

After all, she looked at skuna on the side and said, "skuna, I have to entertain ms. Claire. You can call Kaili for me first and let her come as soon as possible if she has time."

skuna has already admired her lady's free play of her own beauty.

No one knows the truth better than her. In fact, before last night, Fei Kexin didn't even know about Kelly West.

However, because Fei Kexin and Claire were talking about Kelly West, just because they had previewed their homework in advance last night, it was completely at their fingertips.
