

# The Charismatic Charlie Wade Chapter 3953

“Leaving Aurous Hill?!”

When Claire heard Fei Kexin’s question, he asked with a strange expression: “Why should I leave Aurous Hill?”

Fei Kexin smiled and said: “Because Kaili and I want to invite you to play abroad for a while.”

“Going abroad? And it’s still a month?” Claire immediately waved his hand when he heard this, and said awkwardly: “How can I have so much free time? Five days, this time can still be squeezed out by gritting your teeth, a month is too long, it is impossible to achieve...”

Fei Kexin said with a serious face: “Sister Claire, don’t you hear what people say? Time is like a woman’s, there is still a squeeze...”

Claire was a little embarrassed, touched his forehead, and said helplessly: “One month is indeed too long, not to mention that I can’t spare time. Even if I spare time, I am not willing to leave home for so long.”

Fei Kexin quipped, “Sister Claire, I think you are reluctant to bear your husband, right?”

Claire blushed, and replied shyly, “I’m not sure that I’m insincere. I haven’t been separated from him for so long. In the past, when he went to other places to show people’s feng shui, we would be separated for a few days. , But it’s only a few days, not more than a week, so if you want me to leave him for a month, I really can’t think about it...”

Fei Kexin smiled and said, "It turned out to be like this...I understand..."

Claire nodded and said, "I'm sorry, Fei, I will go out with you if I have a chance in the future."

Fei Kexin raised his willow-like eyebrows and asked with a smile: "Sister Claire, I can see that you and Mr. Wade have a very good relationship, and u can't bear to leave him for so long..."

Speaking of this, Fei Kexin changed the conversation and asked with a grin: "However, sister Claire, if you were to go to the United States to participate in a master class at the Rhode Island School of Design, would you be willing to leave your husband for a month?"

Claire said casually: "Of course I would be willing! If I can really participate in the master class of Rhode Island School of Design, then my company can stop it. I go....."

Fei Kexin smiled and nodded, then looked at Kelly West beside her and smiled: "Kelly, do you have anything to say?"

Kelly West looked at Claire with a smile on her face, and said: "Claire, since you have said so, then I think you can plead with your husband in a while."

Claire was still a little surprised, and asked incomprehensibly: "Kelly, what do you mean, why didn't I understand..."

Kelly West took out her mobile phone, and the screen of the mobile phone displayed a web page in English.

She pointed to the information bar on this web page and said, "At first, this is the special approval quota information submission background of the Rhode Island School of Design Master Class. I only have one special approval quota per year, as long as you confirm your time. No problem, then I will enter your name and other information and submit it to the Rhode Island School of Design. As long as I submit it, you will become an official student of this year's master class!"

“Ah?!” Claire was dumbfounded and asked subconsciously: “This...is this true? Kaili, you...do you really plan to recommend me to this year’s master class?”

“Yes.” Kelly West said with a smile: “We are good friends, and I can see that you really love the profession of designer. The master class of the college is very yearning. Since I have this privilege, I certainly hope to help you realize this wish.”

Claire couldn’t hide his excitement, but said nervously, “Kelly... Compared to the other students who participated in the master class, my personal qualifications are too hard to get a handle. At my level, go Participating in such a high-end master class will definitely arouse criticism for you...”

“Negative?” Kelly West said disdainfully: “The Rhode Island School of Design originally gave me the permission to grant special quotas. This permission is determined by me personally. I give it to whoever I want, not to mention your qualifications.
