

Chapter 5769

Charlie knew that Ethan had extraordinary power and influence in Eastcliff,

And if he came to help bridge the gap, what Maria said would definitely come true.

Moreover, the feasibility of Maria's method is also very high.

As long as the government endorses it and gives enough attention to An family,

An family's safety in China will no longer be a problem.

Even if Victoria was given ten courages, she would not dare to openly oppose a country.

Unless she has lived for four hundred years and is really tired of living.

However, according to what Charlie has learned now,

People definitely cherish life more and more the longer they live;

The longer they live, the more they fear death.

Victoria has lived for four hundred years, so she must be extremely afraid of death.

Otherwise, she would not have escaped from Shiwan Mountain in such a panic.

Maria saw that Charlie had no objection to the proposal,

So she immediately called Ethan and told him the situation.

After Ethan heard about it, he agreed directly without any hesitation and immediately started communicating with Eastcliff.

The introduction of foreign investment is very common in China,

But Charlie hopes that An family's return to China for investment can reach an unprecedented new height in all aspects.

Ethan also immediately mobilized his own network to reflect upward and began to promote this matter.

Soon, Ethan received exciting news, and then he fed the news back to Maria.

Maria excitedly said to Charlie: "Master, Ethan has already implemented it."

"As long as the An family is really determined to invest in the country, the official can provide the highest level of foreign business treatment,"

"Personally endorse the An family, and mobilize media resources to cover all aspects."

"Follow up the report, and at the same time, we will do our best to ensure the domestic safety of the An family and the industries invested by them."

"If the An family is interested, they can go to Eastcliff secretly for an interview with Mr. Sun.

"That's great!"

Charlie immediately said: "I will go over to communicate with my grandpa and the others at noon."

"As long as they are interested, I will let my grandpa and Mr. Sun come to Eastcliff together!"

After saying that, Charlie couldn't help but sigh:

"If the cooperation between An family and China is officially announced,"

"Victoria will definitely be very depressed."

Then, Charlie immediately called his uncle and told him that he would go to Champs Elysees at noon.

Meet them at the Hot Spring Villa.

As soon as they heard that Charlie was coming, the An family was naturally very happy.

The family hurriedly started preparing lunch, waiting to welcome Charlie's arrival.

At noon, Charlie and Maria had already flown to Aurous Hill.

Although Maria wanted to go to the United States with Charlie,

She had no choice but to give up considering that she still had to take care of the mother of Pu Cha.

Moreover, the school's military training had ended and she should go back to class.

Charlie sent Maria back to the Mountain Villa and went straight to Champs Elysees Hot Spring Villa without making any stop.

When he arrived at the Champs-Élysées, his grandfather's family had already arranged a sumptuous banquet.

When Charlie arrived, the whole family, including Duncan, went out to greet him, which showed how much they valued Charlie.

After Charlie greeted all the elders one by one, he was pulled into the living room by his grandmother.

Grandma couldn't help but ask him: "Charlie,"

"Where have you been these past few days? You've never come to see grandma."

Charlie said hurriedly: "Grandma, I went to the southwest these past few days and visited Shiwan Mountain."

"I wanted to look for clues left by my parents back then."

The old man on the side quickly asked: "How was it? Did you find anything?"

Charlie sighed: "I didn't find anything clear, and I was persuaded to return halfway."

The old man asked in surprise: "Persuading you to return? Who persuaded you to return?"

Charlie said: "Grandpa, this is a long story, let's go in and talk."

Mr. An said without thinking: "Okay, okay, let's go in and chat, go in and chat!"

Charlie and the An family entered the villa together and sat down in the restaurant.

Seeing that there were no outsiders here, Charlie told the truth about his trip to Shiwan Mountain,

And at the same time, He also told the whole story about Leon.

Everyone was shocked when they heard that Charlie was persuaded to return by the false monk of Qingzhao Temple.

They also didn't expect that Charlie's strength was so unpredictable that there were people who had seen his movements in advance and were waiting on the way to the mountain.

What's even more unexpected is that Changying's old subordinate, Leon, who has been silently guarding Charlie for nearly twenty years, actually has another owner.

After hearing what Charlie said, his uncle Marshal asked in disbelief:

"Charlie, did Leon really disappear from the world?"

"Yes." Charlie nodded and said, "The phone has been turned off."

"The whereabouts of the person are unknown."

"Oh my god..." Marshal said fearfully for a while:

"This Leon is really hidden deep enough! Although I don't know who he is doing things for,"

"Fortunately he and the people behind him have no ill intentions towards you,"

"Charlie, otherwise, the consequences would be really unimaginable!"

Mr. An couldn't help but frown: "I have heard about Leon before."

"Through my understanding of all aspects, he is absolutely loyal to Changying."

"How could there be another owner..."
