

Chapter 5327

Hearing Elaine's reminder, the police officer nodded to her, and asked, "Who are you? Do you know Horiyah?"

Elaine said with a smile: "Yes! I exposed her on the Internet!"

After hearing this, the police officer asked in surprise,

"Are you that fighter Elaine the Counterfeit Fighter?"

He gave a thumbs up and praised: "Thank you, Elaine!"

"If you hadn't exposed it, this Horiyah would have deceived more people,"

"And our Aurous Hill city would lose all face because of her! I thank you on behalf of the people of Aurous Hill!"

Elaine was flattered and said, "Oh, you're flattering me, this is what I should do!"

The policeman then ordered the people around him: "You take Horiyah into the car first,"

"Then go to the villa next door and bring back those people who appeared in the video to cooperate with the investigation!"

"Okay!" Several police officers immediately responded, and then they helped Horiyah up and brought her into the police car.

Horiyah was already terrified, trembling uncontrollably, and asked: "Officer...how will I be punished for this? You won't send me to prison..."

The policeman said coldly said: "Whether you will be sent to prison depends on whether you have violated the criminal law. If so, we will not tolerate it. We will definitely hand you over to the procuratorate for prosecution!"

Horiyah burst into tears in fright. Although she had never been in prison, she had heard about the situation there, so she was naturally terrified.

At this time, Elaine saw her crying and being stuffed into the police car, and felt even more proud. Looking at Horiyah, she shouted loudly: "You must make a good change when you go in, don't let the live broadcast room down. Ten thousand injustices look forward to you!"

Horiyah was extremely annoyed, poked her head out of the police car, and cursed: "Elaine, wait for me! I'll kill you sooner or later!"

When the policeman heard this, he immediately reprimanded: "Horiyah! Be careful what you say! Threatening the personal safety of others, even if you don't take actual actions, you can still be charged with the crime of picking quarrels and provoking trouble!"

Horiyah froze in fright, so she could only look at Elaine bitterly, then lowered her head obediently.

Soon, several police officers came to the villa next door.

At this time, Mrs. Willson was already asleep. Noah and Harold could vaguely hear noises outside, but because they were paralyzed in bed, they couldn't go out to check, so they could only lie on the bed and discuss.

Noah said to Harold: "Harold, why do I feel that the noisy sounds outside are like your mother?"

Harold said awkwardly: "Dad, grandma didn't open a window for us when she left. It's so good, I really couldn't hear it clearly, but just now I vaguely heard someone laughing, it sounds like that stinky b!tch Elaine!"

"Elaine?" Noah said in surprise: "Could it be that your mother and she are fighting?"

"Impossible." Harold muttered: "Didn't Mom leave long ago? She must have gone to the hotel, it's impossible to still be arguing with Elaine at this time."

Noah nodded in agreement: “Also... your mother has been away for a long time, maybe she is lying in the hotel and enjoying!”

After speaking, Noah said with a depressed face: “I get angry when I think of your mother, it is not her who makes a little money and feels embarrassed. She is domineering at home every day, treating us like dogs...”

Harold was also extremely helpless and sighed: “Oh dad...you know the current situation of our family, mom can earn. It’s a blessing to turn over the live broadcast with goods. As for her current temper, to be honest. The main reason is that we hurt her too much a while ago, especially you and grandma, so I didn’t treat her like a mother too!”

Noah said angrily: “You can’t blame me! It’s not like you don’t know what your mother did! Not to mention being pregnant with someone else’s child, she even infected me with a whole body of diseases! Which man would be able to bear it?”

After finishing speaking, Noah resentfully said: “That’s fine, the key thing was that the incident broke out in the hospital at that time, and everyone knew about it, so I had no place to put my face!”

“Oh, that’s right. And Elaine, that b!tch who hung dozens of green hats on her balcony, this fcuking purposely disgusted me, you say that I am completely ashamed, how can I give your mother good looks?”

Harold sighed, and took a deep breath: “Hey... Dad, let me be fair. If you want to talk about this matter, I don’t think you can blame Mom entirely.”

“If you two didn’t work together to cheat Elaine, Charlie wouldn’t have been able to send Mom to the underworld Coal mine, both of you should have been sent to the black coal mine for this matter,”

“But you hid behind and let mom face Charlie alone. Didn’t mom suffer for you? After all, mom paid so much for you, you still despise her, can she not be angry with you?”

As he said, Harold continued depressedly: "I didn't want to understand this truth earlier, if I had figured it out earlier, I would never be like you and treat mom coldly."

Noah scolded angrily: "Harold, I know, you just see your mother's prosperity now, and you want to catch up with her."

Harold hurriedly said: "I am not!"

"Come on!" Noah snorted coldly: "I don't know you yet. You have always been like that! Don't talk about your mother, even if Elaine has money for you, you can also call her mother!"

Harold said angrily: "Dad, what you said is insulting! I said it objectively, and these things are not to be blamed on Mom. Reflect on the problem yourself!"

"Fck you!" Noah said angrily: "You are a fcuking white-eyed wolf!"

Harold quickly said: "Dad, this is completely a matter of mentality. Look at the problem from a different point of view, and you must have the same idea as mine."

"Same as your uncle!" Noah said contemptuously: "I know exactly what kind of ba5tard you are!"

"Oh, dad..."

"Don't call me dad, go away!"

Harold was also a little angry and sullen as he said: "You are really stubborn! It doesn't matter if you yell at me now,"

"But if you don't correct your mentality in the future, you will definitely not spend the money your mother earns in the future!"

Harold said again: "Don't forget, mom also said today that your script is to get pancreatic cancer. Pancreatic cancer is so fast, people will be gone in a month or so, that is to say, from now on, it will take a month or two at most.

You won't be needed in Mom's live broadcast room, and if you still don't satisfy Mom by then, then you will suffer a lot!"

Hearing these words, Noah became a little flustered.

Horiyah swears at him and even fights him, he is naturally very upset, but when he thinks that Horiyah is making money like water, he can't help thinking about what Harold said just now,

If Horiyah really doesn't want to let him spend her money, wouldn't the humiliation be in vain? Moreover, Horiyah will no longer need him very soon, if she kicks him out by then, it will be even worse!

Thinking of this, he also made up his mind, thinking to himself: "It seems that I still have to get along well with Horiyah in the future. As for the little bit of dignity of a man, it's already time, so let's do nothing..."

In his heart as soon as the words fell, there was a knock on the door, and someone outside asked, "Is it Noah Willson, Harold Willson's family?"
