

## **A Man Like None Other Novel**

### **Chapter 3761**

"Sister Binglu, look who that is!"

At this time, a saint discovered David sitting on the roof meditating, so she hurriedly said!

When Binglu saw David, she suddenly turned her eyes and whispered to the other saints!

After hearing this, the other saints all waved their hands!

"Sister Binglu, please stop making trouble. If the palace master finds out about this, we will definitely be punished."

A saint said in fear!

"What are you afraid of? We will set off tomorrow. We don't know whether we will live or die

yet. The palace master will not punish us." Lord, if we join forces, we are no match for this guy, I want to give it a try!"

Binglu said with disdain in her eyes!

"Well, everyone should be careful, but don't make a fatal move!"

The saints nodded!

A dozen saints quietly approached David!

These people all restrained their breath and concentrated their attention, not wanting to let David get away from him!

As soon as they came back, they were actually discovered by David!

But David didn't expect that these saints would actually attack him!

Soon, a dozen figures headed towards David like lightning!

David frowned slightly, and just when Binglu and the others arrived behind David, David's figure suddenly disappeared!

These saints were all stunned, a little unbelievable!

David was clearly right in front of them, but when they took action, David was nowhere to be seen!

"Are you not convinced?"

At this time, David's voice came from not far away!

Just now, David used the Fire Control Step and appeared not far away in an instant!

"Yes, we are not convinced. I don't believe you can defeat saints like us."

Binglu looked at David and said coldly!

"It's not that I beat you, but if you join forces, you can't hurt me at all. Do you understand!"

David smiled lightly!

"Arrogant..."

Binglu grabbed it, and the cold air between heaven and earth condensed directly on Binglu's hand. Create a frost sword!

When the other saints saw this, they took advantage of the situation and condensed the cold air between heaven and earth into frost swords!

More than a dozen frost swords headed towards David together!

David knew that these saints would not be able to obey the arrangements without showing some real skills!

I saw David's body flashing with golden light, and his indestructible golden body instantly covered David's whole body!

Facing more than a dozen frost swords, David refused to dodge and planned to use his indestructible golden body to resist!

David's indestructible golden body, coupled with his strong body, could easily block the attacks of these dozen saints!

After all, these saints are only at the sixth level of the Tribulation Realm!

Boom boom boom...

More than a dozen frost swords struck David's body in unison, making a huge explosion!

The air waves rolled and the void twisted!

More than a dozen frost swords all shattered instantly after touching David!

But David stood intact, with a faint smile on his face!

Looking at the broken frost sword, all the saints were stunned!

They looked at David in disbelief!

"How...how could this happen?"

Binglu looked puzzled. She couldn't believe that a dozen of them who were at the sixth level of the Tribulation Realm could not hurt David, who was at the third level of the Tribulation Realm!

He was motionless and let them hit him, but he couldn't be hurt?

This huge gap makes it difficult for all the saints to accept!

"I've said it before, you are no match for Mr. Chen if you join forces. You must humiliate yourself. Do you understand now?"

Here comes the Palace Master of Guanghan Palace!

Seeing the palace master coming, these saints all became anxious!

"Why don't you apologize to Mr. Chen quickly? He just stood there and asked you to take action. If he had fought back, I'm afraid you wouldn't be able to stand here anymore." The

Palace Master said sternly!

Binglu and those saints now truly know how powerful David is!

"Mr. Chen, I'm sorry. We were blind and failed to see that Mr. Chen turned out to be an expert!"

Binglu hurriedly followed David and apologized, and it was a sincere apology!
